THIS DISTRICT
Quota\$ 500,000,000
Subscribed125,000,000

LOWELL
Quota\$ 4,350,000
Total subscribed2,270,500

Favorable progress was reported all along the line in the local Liberty loan campaign today.

Yesterdays epidemic of large subscriptions continued and as a result the committee expected to reach the two million and a half mark by the close of business this evening and three million by tomorrow night.

The Appleton National bank reported the largest subscription to date this morning when it sent in an order for \$250,000 worth of bonds. From the estate of the late Moses Greeley Parker came a subscription for \$20,000 through the Old Lowell National bank.

The employees of the Saco-Lowell ship export to report in the near future about \$30,000 in subscriptions. And so on. Everybody is responding gratefully in the final stretch of the campaign.

Scout Executive Alex B. Williams announced this noon that Lowell men had purchased ten \$100 bonds and had left them at the scout headquarters in Shattuck street. They will be given to the first ten boys who are able to get nine other subscriptions.

The scout campaign is to begin tomorrow and each scout who is able to get ten subscriptions will be given a service medal. The incentive added by this noon's announcement should promote some real rivalry among the boys.

The local navy recruiting headquarters is doing its bit in the Liberty loan work. There are at present three men stationed at the office and two of them were there at the time of the last campaign. Chief Yeoman Henry C. Tucker subscribed for \$250 worth of the bonds in the initial drive and today he announced that he had subscribed for \$150 worth of the bonds in the present campaign. William

Russia's Capital Soon to Be Removed to Its Ancient Site at Moscow

German Threat Against Petrograd Thought to Be Reason for Shift—Men of Main Russian Fleet Anxious to Fight—French Successes in Aisne and Verdun Regions

Russia's capital is soon to be removed to its ancient site at Moscow. The government's announcement of its decision to shift its activities from Petrograd assigned no reason for the change. The insurance simultaneously has announced by the German "threat" against Petrograd now being developed in the naval and military operations in the Gulf of Riga and northward.

Previous suggestions that the removal of the government to Moscow was contemplated had reference not only to the military situation but to the assumption that the government might be freer to pursue its work in Moscow than in the present capital, where, extremist influences are powerful and turbulence more difficult of suppression.

position of their superior naval forces at strategic points on the coast of the main Russian fleet remains in the Gulf of Finland, through which runs the water route to Petrograd. There is no intention of sending it out to engage the Germans, although the men of the fleet are reported anxious to fight.

LOAN NEAR TWO BILLION MARK

WASHINGTON, Oct. 19.—The Liberty loan campaign continued its gains today and treasury officials announced that many estimates placed the total so far subscribed at above \$1,750,000,000 and "within striking distance" of the \$2,000,000,000 hoped for by Saturday night.

Official figures made public by the department show that a minimum of \$1,335,000,000 had been subscribed up to the close of business Wednesday night. Officials were optimistic that the \$2,000,000,000 mark would be attained by the close of the campaign, Oct. 27.

NEW YORK, Oct. 19.—Subscriptions to the second Liberty loan in the New York federal reserve district here declared that before the end of the week Chicago will have reached its maximum allotment of \$100,000,000.

NEW ENGLAND'S GRAND TOTAL
BOSTON, Oct. 19.—Over night subscriptions of \$228,000, as tabulated at 9 o'clock today, brought New England's grand total of Liberty loan subscriptions to \$141,458,000, or 28 per cent of the maximum allotment.

NEW YORK'S TOTAL
NEW YORK, Oct. 19.—At over-

GETTING AFTER THE SLACKERS

The military officials are getting after the men who did not follow orders to report for examination for the National army, and more likely several young men of this city will soon receive notices to appear before the adjutant general at the state house in Boston.

BECHTOLD'S REPORT
The first case of rounding up in Lowell was called to the attention of the members of the exemption board of division 2 at city hall this morning, when Stephen Bechtold of 149 Market street, an alien, whose serial number is 36 and order number, 283, called at the headquarters of the board and produced a notice he received from the adjutant general, ordering him to report for military duty at the state house next Monday morning.

BECHTOLD'S REPORT
Bechtold failed to report for examination when so ordered, and this morning he gave for excuse that he did not receive his notice. Had he reported he would have been exempted on the grounds of being an alien, but now, according to the notice he received this morning, he will be forced to serve in Uncle Sam's army. He informed the board he will report to Boston Monday morning as per order.

ROMANOFF FAMILY GETS FOOD BY USE OF CARDS
PETROGRAD, Oct. 19.—The family of Nicholas Romanoff, former emperor of Russia, now procures its food supplies by the use of cards. The authorities in the Tobolsk district are issuing food cards and the Romanoffs must obtain their food the same as other citizens.

night gain of more than \$21,000,000 brought the total Liberty loan subscriptions in the New York federal reserve district up to \$356,000,000, it was announced at noon today by the committee.

2 GERMAN WAR-SHIPS SUNK

PETROGRAD, Oct. 19.—Two German torpedo boats were sunk in the mine fields in Moon Sound yesterday, the war office announces.

GOLD FOR LOWELL GIRL MAKING BEST FUDGE

The following letter has been received by The Sun from Sergt. Paul Scully of Co. 4 of the supply train, 78th division, encamped at Camp Devens, Ayer. Evidently the young men are possessed of a sweet tooth and their proposition is one which should engage the attention of every fair-minded young lady in Lowell, as the orator would say. Here's a chance for some capable Lowell girl to make some money and incidentally get "in right" with the soldier boys. Here's the letter:

Camp Devens, Ayer, Mass., Oct. 17, 1917.
Dear Sir—The boys of Co. 4 of the supply train, 78th division, among whom are a number of Lowell boys, wish to announce that they will present to the young lady from Lowell \$10 in gold, who before Oct. 25 sends the best box of fudge to this company. Thinking you can find space in your paper to publish the above, I remain, Respectfully yours, (Sergt.) Paul Scully.

Regular Army Men
Edward J. Barrett of 8 Tyler street and John W. Gray of 71 Whipple street, Lowell, this morning for New York where they will become members of the regular army. Barrett will be a member of the aviation section of the signal corps, and Gray will join the Coast artillery of the National Guard.

The National Guard has been given permission by the war department to recruit for the Coast artillery of the guard through the regular army recruiting offices. Three additional men have been assigned to the local station to aid in this work. They are First Lieut. E. Roy Ryan, Corp. Ralph J. Dudley and Corp. Arthur E. Rich. They arrived in Lowell late yesterday.

Among the recent enlistments of Lowell young men in the regular army is that of A. Enoll Honey of 153 Whittier avenue, who has enlisted in the aviation section of the signal corps. Honey is a graduate of the Lincoln grammar school and the Lowell high school. He received a diploma from the General Electric school of Lynn in 1914 and since then has been connected with the International Steel and Ordnance corporation.

Louis Duchesne of 15 Western street expressed his desire to become a member of the Canadian martial forces this morning at the war war headquarters in Merrimack street. He was given the necessary papers and sent to the British recruiting headquarters in Boston this afternoon.

LOUISVILLE, Ky., Oct. 19.—A statement widely circulated that the federal food administration intended to fix the price of hogs at \$10 per hundred as compared with former higher prices has brought a flood of hogs to this market, here the price down \$1.00 to \$1.25 within twenty days, and culminated today in a demand by Herbert C. Hoover, that livestock price-fixing was contemplated.

Mr. Hoover's denial, addressed to

PLOT TO BLOW UP U. S. TRANSPORT FRUSTRATED

NEW YORK, Oct. 19.—An alleged plot to damage or blow up a United States converted transport here is believed to have been frustrated when the police arrested today a Scandinavian charged with attempting to bribe a ship mechanic to get aboard the vessel.

The man arrested is Charles Waltman, a pantryman, employed on a yacht owned by Harry Payne Whitney. The transport is a former German liner, seized when the United States entered the war, and being overhauled at a Brooklyn drydock.

all federal food administrators, asserts the statement with reference to alleged price fixing first appeared in Chicago papers.

"They are absolutely untrue," Mr. Hoover declares, "and do not represent opinion or proposed action of the food administration which will take no steps to jeopardize live stock producers' interests. All our power will be used to keep prices at which allied and governmental purchases are made, on a plane that gives an assured return of cost and profit to producers of meat animals."

"In our opinion the best market obtainable for the present corn crop of the country will be through livestock. We need increased production of beef and pork, and the only way to secure this increase will be by profit on production."

French Success on Western Front
On the western fighting front the French have been engaged in some intensive operations in the Aisne region, centering in the district south and southwest of Laon. Extensive

ZURICH, Switzerland, Oct. 19.—"The journey of Emperor William and Foreign Secretary von Kuehlmann should be regarded as in a certain sense a preliminary step toward peace," says the Neueste Nachrichten of Munich. "The emperor's conversations at Sofia and Constantinople certainly mean the examination of every possibility on that direction, although it would be a mistake to conclude that the decision might embody concessions in the nature of a program of annexations by the enemy. The peace by conciliation which we desire has nothing in common with that of Lloyd George and Asquith."

FLIGHT POSTPONED
NEWPORT NEWS, Va., Oct. 19.—The flight of Lieut. Resnais from Langley field at Mineola, N. Y., has been postponed until next week because of unfavorable weather conditions.

END OF MILK STRIKE IN SIGHT
NEW YORK, Oct. 19.—Prospects of a settlement by mediation of the milk strike here were in sight today when Henry Moskowitz, city commissioner of markets, offered his services as mediator between the drivers and the milk companies. Both sides indicated they would accept.

LITTLE HOPE HELD OUT FOR THE RECOVERY OF BOB FITZSIMMONS
CHICAGO, Oct. 19.—The condition of Robert Fitzsimmons, former champion heavyweight pugilist, who is said to be suffering from pneumonia at a hospital here, developed no change during the night. Little hope was held out for his recovery.

The Sun prints the news of the world when it is news and only such news as is fit to print. It is a clean, family newspaper.

REVOKE UNION CHARTERS IF STRIKERS STAY OUT

SPRINGFIELD, Ill., Oct. 19.—In telegrams sent this morning to local miners unions in Illinois, now on strike, Frank P. Huntington, state president of the miners' organization, declared that in mines where the men are not back to work by Monday, Oct. 22, local charters will be revoked.

"Richards," The Sun's own Washington correspondent and other noted writers from the nation's capital, are regular contributors to the Sunday Supplement of The Sun, published each Saturday.

DENIES BRITISH PEACE PARLEY WITH VATICAN

LONDON, Oct. 19.—Replying to a question in the house of commons yesterday, Lord Robert Cecil, minister of blockade, denied that negotiations for terms had taken place with the Vatican or any of its agents or any other religious organization.

Just previous to this Lord Robert had been asked whether the British government intended to send any reply to Pope Benedict's peace note. His response was a request that notice be given of the question.

It had not been officially announced, he added, that Great Britain had adopted as its own reply the reply sent by the United States.

The clear and powerful reply of President Wilson, explained Lord Robert, "was not the result of any consultation of the allies and I don't propose to comment on it in reply to the question." Explaining in the house of commons the denial by the advisory committee of the home office Wednesday of the appeal against internment of Philip Alexander Lasse de Lombos, Hungarian artist, Sir George Cave, the home secretary, said there were grave reasons to suspect him of being engaged in activities which might prove dangerous to the public interest. Sir George added that there was no legal evidence on which he could be convicted of a criminal offense.

AMPLE SUPPLY OF WOOL

BOSTON, Oct. 19.—Fears of a wool famine in this country are vanishing as a result of the trade pact negotiated recently by the American and British governments. By this agreement this country is to receive altogether 245,000 bales of Australian wool, which means roughly about 75,000,000 pounds. In addition a shipment of 20,000 bales of East Indian wools is to come to this country, and it seems probable that America will get some of the South African clip, although cable advices have told of the acceptance by the growers of the British government's offer for their clip.

Since South America is open to American buyers, practically only one foreign source of supply remains shut, New Zealand. It is not entirely out of the range of possibility that even that source may eventually be tapped. The scarcity of ocean tonnage may provide a problem for solution before there is free movement of the foreign wools to this country, but there does not seem to be real reason for famine talk.

FOREIGN SHIPS WILL NOT BE SUPPLIED WITH BUNKER COAL IN DUTCH PORTS

ROTTERDAM, Oct. 19.—Foreign steamships will not be supplied with bunker coal in Dutch ports, according to the Maasbode. This measure, it adds, will be taken owing to the scarcity of coal in Holland.

1400 MILK MEN STRIKE IN NEW YORK

NEW YORK, Oct. 19.—Because their demands for increased wages, a large commission on sales and union recognition were refused, 1400 of the 2000 drivers, inspectors and milk handlers of the Borden's Farm Products Co. struck early today, according to statements by union officials. The normal distribution of milk in New York city was curtailed by nearly one-third in consequence of the strike. Only one of the company's stations in Manhattan, which is not unionized, was not affected by the walk-out.

A conference between the company and the union officials was being held early today in an effort to settle the strike.

A strike of the drivers of a small Brooklyn company for similar demands was settled yesterday.

The Borden employees demand also one day off a month and one week's vacation each year with pay. Police were assigned to guard the company's distributing stations. A Borden inspector, who took the place of a striking driver, was attacked and beaten by a group of men and was removed to a hospital.

PLAN TO DISCONTINUE ELECTRIC ADVERTISING LIGHTS TO SAVE COAL

BOSTON, Oct. 19.—Boston's streets will lose considerable of their attractiveness at night in the event of business men according to the request of the committee on fuel conservation of the public safety committee that retail merchants discontinue electric advertising signs of every sort in order that coal may be further conserved.

Already the Boston Automobile Dealers' association has taken action on the matter and is sending out requests to all parts of New England. Other retail and local public safety committees are at work along the same line.

While the request is directed to re-

tail merchants it is probable that managers of other enterprises, including theatres and moving picture houses, will swing into line with the men in retail lines.

In the event of the request being generally followed, some parts of the city which heretofore have been brilliantly illuminated until well along to midnight will present a rather unusual appearance with their blaze of lights a thing of the past.

GIRLS' CLUB OF AYER TO HONOR SOLDIER BOYS

AYER, Oct. 19.—The Girls' club of this town is arranging for a reception and dance for as many of the members of the National army at Camp Devens as can be crowded into the largest hall here next Tuesday night. The club is affiliated with the Women's Patriotic league of Massachusetts which is a subcommittee of the training camp activities committee.

The nearly town of Leominster will observe "National army night" tonight. Scores of private homes will be opened to Camp Devens soldiers, who will be given home-cooked food.

THROUGH TRAINS ARE RUNNING FROM BERLIN TO RIGA

AMSTERDAM, Oct. 19.—Through trains are now running from Berlin to Riga, the trip consuming 24 hours. A person can now travel from the Baltic seaport to Ostend, Belgium, with one change of cars at Berlin, in 48 hours.

PEOPLE'S CLUB

The winter season at the People's club opened last evening and much enthusiasm was shown. Registration for the recreation night numbered over 300 and in the course of the evening it was announced that Miss Carolyn Putnam Webster had been secured for the coming class, which will open Oct. 21, registration to begin tomorrow evening.

CONSTIPATION INVITES DISEASE

A reliable laxative is necessary to the comfort and health of any well-ordered household, because constipation is a condition that affects in greater or less degree, practically every member of the family. When the bowels refuse to act, the entire system is affected; digestion is impaired, nerves begin to twitch, food goes undigested, and poisons generated by decomposition are distributed throughout the body, and often result in serious illness. A prominent French scientist says that fifty-five percent of all human disease is directly traceable to inactive bowels. More than a quarter of a century ago Dr. W. B. Caldwell prescribed a combination of simple laxative herbs with pepsin that is now the standard remedy in thousands of homes. This prescription is sold by druggists for fifty cents a bottle, under the name of Dr. Caldwell's Syrup Pepsin. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 458 Washington St., Monticello, Illinois.

CLUB LAFAYETTE HAS HAPPY MEETING

A get-together of the members of Club Lafayette was held last evening in the well appointed quarters of the organization in upper Merrimack st. and the event was one of the most successful of its kind conducted by this prominent club for a long time. There were over 100 members and friends present, a number of whom came from Boston, Lawrence, Nashua, Manchester, Salem and other places and spent a most enjoyable evening. Nothing had been spared to make the evening one of pleasure and the

The Bon Marche

NEXT WEEK IS EDISON WEEK

WE are one of several thousand business concerns that will observe the week of October 21st to October 27th in commemoration of Thomas A. Edison's invention of the incandescent electric light. We are licensed distributors of Mr. Edison's favorite—and greatest invention:

The NEW EDISON

"The Phonograph with a Soul"

One million people are employed in the various industries founded by Mr. Edison. Think of that, if you will. At least five million human beings are dependent for their livelihood on industries created by the inventions of one man. Of all his inventions, his favorite is the wonderful new Phonograph, of which we are licensed distributors. It is known as the "New Edison" and is the instrument that the New York Globe called "the phonograph with a soul" and of which the New York Tribune said: "Edison shares the soul of music."

\$2000 IN CASH PRIZES

For the best advertisements composed by students of quotations from the articles which the great music critics have written about the New Edison. It costs nothing to compete. Come to our store at once and get instructions. We provide you with a reprint of what the music critics have said about the New Edison. We also furnish a sample advertisement already posted up in proper form. The contest closes Oct. 27th.

Lest You Forget ANNIVERSARY CELEBRATION AND SALE

THROUGHOUT THE ENTIRE STORE

Extraordinary values are offered in every department. All new first quality, up-to-the-minute merchandise.

COME NOW WHILE THE ASSORTMENTS ARE AT THEIR BEST

With Commissioner Brown in the course of which they stated they wanted double time for work on holidays, and asked for an improvement in working conditions. The commissioner agreed to grant their request. When these matters were settled the men then demanded a flat rate of 50 cents an hour for their labor, or an increase totaling \$1.23 a day. Mr. Brown stated it would be wholly impossible for him to pay that amount for the finances of the department are in such bad shape that the department is now facing a deficit. He said the only remedy would be to increase the water rates, and according to present conditions it may be that the department will have to curtail before the close of the year. He forced the men an increase of 25 cents a day. The machinists will report back the offer to the union.

Louis Hensen of New York City, fearing his daughter, aged 15, might get lost when she arrived from Florida at the Pennsylvania station, hired an army of bellboys to page her when her train arrived.

Your Elixir Saved My Life

Words of a Maine Man

Henry O. Huxley of 17 Cross street, Belfast, Maine, writes us: "I am feeling better and better and think you Elixir Dr. True's Elixir saved my life." Dr. True's Elixir is a great medicine, a family laxative and Worm Expeller. It cures the stomach, moves the bowels and expels worms. Surprising it is how many people have worms. Children suffer away from worms. Stomach or symptoms of worms are: Braggish stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly, with occasional griping, and pain about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red spots appearing on the tongue, starting during sleep, slow fever. Get Dr. True's Elixir from your dealer. The cost is small. It expels worms and restores health. No better laxative made for young or old. Millions have used it. On the market for years. Ask, 60c, \$1. Dr. J. B. Huxley, Belfast, Maine.

Watch!!!

For some years, various and sundry concerns have been making beverages which are grouped under the general description of "near-beer."

Then came Bevo—a cereal beverage, not a "near-beer," but offered purely for what it is—a delightful, wholesome and nutritious drink. Bevo met with instant and complete success. A whirlwind success.

Owing to Bevo's popularity, some beverages are now being offered in a way to make the appearance of the package look as much like the Bevo bottle as possible. The intention is obvious. But you don't taste the shape of a bottle—it's the flavor of the contents of the bottle that you must depend upon for enjoyment.

Then beware of impersonators—don't be satisfied to try. Identify Bevo by the shape of the bottle alone—

Look!!

There are these certain identification marks that are your protection against imitations. Not just imitations of the product, remember—but those more insinuating imitations which try to deceive you by putting an old failure into a bottle similar to a new success. So look for these unmistakable marks of the genuine Bevo—demand that the bottle be opened in front of you, then—

Look for the Seal

See that it is unbroken covering the Crown Top. Look at the Crown Top, and see that it bears the Fox. Be sure the Bottle bears this Label!

Listen!

Bevo is a pure drink. This means more than that it contains pure ingredients—it means that though you might often well be afraid of possible germs in milk or water, Bevo, being a pasteurized product in sterilized bottles, is absolutely free from bacteria.

Bevo is a nutritive beverage—the fine cereals from which it is made give it this quality.

Bevo is a delightful and refreshing soft drink—unlike any you have ever tasted—indeed a Triumph in Soft Drinks.

You can't get these good qualities in anything but Bevo—demand the genuine.

You will find Bevo at inns, cafeterias, restaurants, groceries, department and drug stores, soda fountains, dining cars, steamships, canteens, soldiers' homes, navy, and other places where refreshing beverages are sold. Your grocer will supply you by the case. Bevo is sold in bottles only—and is bottled exclusively by

SAYS ALIENS WILL GO BEFORE NEXT DRAFT

BOSTON, Oct. 19.—"I give you the assurance given me by both President Wilson and the secretary of state that, before the operation of the second draft, all aliens will be obliged to shoulder a gun side by side with our own American boys," said ex-Mayor John F. Fitzgerald last night to the members of the Boston Club of Printing House Craftsmen at their October dinner, held at Louis cafe.

Fitzgerald declared that, though a number of aliens in this state have come forward in a most gratifying manner, there are still a large number who have failed to do so, and he scored the aliens who, working as steamfitters at the cantonment at Ayer, held out for between \$15 and \$20 a day rather than hurry the work that will mean the comfort of the drafted soldiers.

He said that the number of British, French and Italians here who have not come forward and assumed their share in this war is astounding. "There are in Boston," he said, "approximately 200,000 men more than 21 years old, yet in the hottest election in this city in recent years, less than 100,000 men voted. In the coming fight between Mansfield and Gov. McCall I will be surprised if more than 75,000 votes are cast."

Mr. Fitzgerald concluded his speech with a strong appeal for the Liberty loan.

There were about 60 present at the dinner, at which Martin P. Higgins presided.

LEADER OF WHITE HOUSE PICKETS FACES JAIL

WASHINGTON, Oct. 19.—Miss Alice Paul, leader of the National Woman's party, yesterday was summoned to appear in court next Monday morning to receive sentence. At the same time six other pickets, scattered throughout the country, were summoned for sentence. They are Miss Lou Daniels, Grafton, Vt.; Miss Matilda Young, New York; Mrs. Frances Kahle, Buffalo, N. Y.; Miss E. Spencer, Colorado Springs; Miss Vivian Pierce, San Diego, Calif.; and Miss Joy Young, New York. They are charged with obstructing traffic when they appeared before the White House, Oct. 6, with a banner and the inscription, "Mr. President, what will you do for woman suffrage?"

Miss Paul issued a statement saying the picketing would not stop. On the contrary, it will be increased, she said.

GOV. McCALL NAMES COMMITTEE TO PUSH CLAIMS OF BOSTON PORT

BOSTON, Oct. 19.—Gov. McCall at a conference yesterday afternoon at his office appointed a committee to seek the establishment of a military depot at Boston and the utilization of its splendid port facilities developed by the commonwealth.

The governor selected the conferees who had with him from the Boston chamber of commerce, but added to their number a representative of labor whom he had asked the Boston Central Labor union to recommend.

The committee as selected is composed of H. I. Harriman, president Boston chamber of commerce; C. P. Aved, representing Massachusetts public safety committee; John N. Cole, chairman commission on waterways and public lands; George P. Washburn, president Massachusetts Real Estate Exchange; Walter Mullen, first vice president Boston Central Labor union; Mark T. DeWilling, president Boston Real Estate Exchange; and P. W. Whitaker, president Massachusetts state board of trade.

The committee has an appointment with the secretary of war on Saturday morning at Washington, and will be accompanied by Mayor Curley.

VALE SHOWS LOSS OF \$115,000 FOR YEAR—HEAVIER DEFICITS PREDICTED

NEW HAVEN, Conn., Oct. 19.—The report of the Yale University for the last fiscal year, just made public, shows heavy financial losses caused by the war and heavier deficits are predicted for the current year.

A deficit of \$15,000 for the university dining hall, Treasurer Day reports, is traceable to the increased cost of foodstuffs and the small reduction following the loss of 1,000 students who entered military service.

The net deficit of the university is shown to have been more than \$115,000. Girls from 6,000 alumni reduced this to \$15,318.

The alumni fund increased more than \$315,000 and now totals \$1,235,575. The total gifts to Yale in the year amounted to \$1,749,492, making the endowment on June 30, \$19,822,546, as compared with Harvard, \$22,434,754, and Princeton, \$6,126,825.

Six of the nine schools show deficits, the graduate leading with \$70,000. The Scientific school had a loss of \$36,000. University profits on securities amounted to \$120,621, less on Chicago real estate of \$12,992.

WHAT FOOD SAVING INVOLVES

Sign the pledge and enroll as a member of the United States Food Administration, and you will be asked to do these things:

Eat plenty, but wisely, and without waste.

Buy less; cook no more than necessary; serve smaller portions.

Preach and practice the "gospel of the clean plate."

Use local and seasonable supplies; watch out for waste.

Whenever possible, use poultry, game and sea foods in place of beef, mutton and pork.

Use potatoes and other vegetables freely.

Save wheat by substituting, in part, corn meal and other cereal flours for wheat flour.

Use butter and lard. Use butter on the table, but substitute vegetable oils for cooking.

Save sugar. Use less candy and sweet drinks and less sugar in tea and coffee.

"This is a duty of necessity, humanity and honor. As free people we have elected to discharge this duty, not under automatic decree, but without other restraint than the guidance of individual conscience."

Herbert Hoover.

DUNN'S MILL Sample Ends

PARAGON MILL EXCLUSIVE STYLES

These mills made these samples for their exclusive tailoring trade, before taking orders. The condition of the world's woolen market changed government requirements for O. D. cloths, all conspired to prevent these mills from making up the lines as per samples and you have them as they intended to make them for the \$35.00 and \$45.00 tailor—Made on day work by their best and most experienced weavers—advanced samples of styles that will never be made till conditions again warrant these mills making cloth for civilian wear.

FOR SPOT CASH, a short time ago, I bought this entire line of exclusive samples, through the wholesale commission house of S. MORRILL & SON, Worcester, Mass.

SUIT or OVERCOAT
MADE TO ORDER

\$15

I advertised this stock last week, Suit or Overcoat to Order, \$17.50. The conditions were unfavorable—Thursday, Half-Holiday, and Friday a State Holiday—the announcement didn't create any great sensation.

Now Then, I Advertise the Balance Today, to Close—Suit or Overcoat to Order, \$15.00.

I will place a number of styles in my doorway, look them over, make your selection and the price of these sample ends of \$35.00 and \$45.00 values will be to your measure for.....

Note to Mitchell's Customers:

Lowell has been good to me and I appreciate that fact, with all the world hungering for wool—with our soldier boys wearing cotton mixtures in European countries, and awaiting in the cantonments for half wool and half cotton uniforms, with our government requesting the big mills to stop making all wool and to make 30 per cent. cotton mixed goods only, I am playing my present phenomenal purchases against the day when I, too, shall have to go to inferior cloths as the patriotic duty of a patriotic citizen—when all wool cloth shall be no more. I ask the good people of Lowell to remember this and buy now.

(Signed) MITCHELL

MITCHELL, THE TAILOR 31 Merrimack Sq. Lowell

OPEN EVENINGS EXCEPT THURSDAY

SAYS NO NATION IN WORLD CAN WITHSTAND U. S.

BOSTON, Oct. 19.—"When American business finishes its preparations to work with the government there won't be a nation in the world, much less Germany, which will be able to withstand the blow that the United States will be capable of delivering," Capt. Edward Canfield, constructing quartermaster of Camp Devens, told the members of the Traffic club of New England at their first banquet of the season, held last night at the Copple-Plaza.

Introduced as "the man who built the Ayer cantonment," Capt. Canfield gave all the credit for the construction of the camp ahead of the construction time to the efficiency of the business organizations engaged in the work.

"If the business men of the country hadn't been behind the government to the last inch, not one of the cantonments would now be finished," Capt. Canfield declared. "No country can carry on war unless it has behind it, not the majority of the business men, but all the business men."

"The future of the government toward large business in the future will be greatly determined by the responsibilities which business men now in the war crisis, and from present indications there will be nothing but amicable agreement for many years after the conclusion of the conflict."

Capt. Canfield told some of the problems overcome in the erection of Camp Devens in 65 working days.

Col. G. S. Bingham, department quartermaster of the northeastern department, declared that his pleasant association with business men had been with those connected with transportation lines.

Capt. J. S. Roberts of the Charles-town navy yard spoke of the aid extended the naval shipbuilding interests by preference given to shipments intended for that work by the railroads.

Pres. Charles W. Rolfe presided, and Jacob Kreher, Jr., was chairman of the entertainment committee.

At the head table were seated W. T. Reid, Jr., Capt. R. J. Jones, Capt. E.

COTTON MAN SCORES PRESIDENT GOMPERS

SPRINGFIELD, Oct. 19.—Nearly 200 members of the National Association of Cotton Manufacturers attended the opening meeting of the association's semi-annual conference in Hotel Kimball last night. Among the features was an address written by Pres. Albert F. Bemis of Boston and read by Vice Pres. W. Frank Shaw of Fall River in Mr. Bemis' absence.

Pres. Bemis took a slam at Samuel Gompers for what the cotton manufacturers declare to have been an astounding change of front by Gompers relative to the need of stabilizing industrial conditions during the war.

Pres. Bemis said that in April, 1917, the council of national defense at the suggestion of the committee on labor, of which Gompers is chairman, adopted a resolution that during the war neither employers nor employees should endeavor to take advantage of the country's necessities to change existing standards.

Mr. Bemis declared that despite this April attitude the labor leader in September, after the national industrial conference board had worked out an impartial and necessary application of this resolution, attacked it as a predatory attempt of the interests to fasten shackles upon the working people, while they, the interests, took advantage of the opportunities for exploitation.

Mr. Bemis remarked that the war would not be won by vituperation nor duty done by the words. He urged the cotton men to support the government to the limit of their ability.

FOOD WILL WIN THE WAR

Some good Americans know the truth of this and during the summer have done their part to increase and conserve the food supply so that the world scarcity may not lead on to the border line of famine.

Are you a good American or are you one of those selfish people who leave the work and self denial to others?

Are you an enemy of Germany or are you one of those expecting special privileges if the Kaiser's forces win?

Society women in the food administration helped the firemen to can the corn grown behind the firehouse.

A patriotic police officer occupied his off-duty time by growing and canning vegetables of which any fireman or housewife might be proud. Both the Boy and Girl Scouts have shown the value of the principles of their organizations by working in all parts of the country to make war gardens and conserve the products.

Sign the United States Food Administration pledge and fall in line with the others to prove your Americanism and help win the war.

YEAR FOR DECKLESS DRIVING

NEWTON, Oct. 19.—Charged with operating an automobile in a manner endangering the lives and safety of the public, Patrick J. Coleman of Newton Centre was sentenced in the local court yesterday to the house of cor-

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Dandruin at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff.

AVON MAN MISSING SINCE AUG. 17—WIFE APPEALS TO POLICE

AVON, Oct. 19.—When Harry G. Hurley, 23, left his home in this town Aug. 17, he told his wife he was going to the Fore River Shipbuilding company to secure work, having left a South Braintree concern for which he had been employed for 15 years. Since that day Mrs. Hurley, 31 and

practically unable to support her two small children, has not heard a word from him. She did not report his disappearance until yesterday, when she called in Chief W. W. Beals. Hurley weighs 160 pounds, is 5 feet, 9 inches, dark complexioned and has two or three lower teeth missing.

Dyspepsia, Indigestion, Gases, or Upset Stomach—Pape's Diapepsin

Instant Relief! Neutralizes stomach acids so food can digest properly—harmless, pleasant, antacid.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia; when the food you eat ferments into gases and upsets you; your head aches and you feel sick and miserable, that's when you realize the wonderful acid neutralizing power in Pape's Diapepsin. It makes all such stomach misery, due to acidity, vanish in five minutes.

If your stomach is in a continual revolt—if you can't get it right, please, for your sake, try Pape's Diapepsin. It's so needless to have an acid stomach—make your next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" sweeten out-of-order stomachs (that gives it its millions of sales annually).

Get a large fifty-cent can of Pape's Diapepsin from any drug store. It is the quickest, surest antacid and stomach relief known. It acts almost like magic—it is a scientific, harmless and pleasant stomach preparation which truly belongs in every home.

NEWS OF THE DAY IN THE POLICE COURT

Despite the fact that this morning's session of police court was one of the shortest held, with one exception, that being the day before yesterday, it was shortly before the noon hour that the regular session opened owing to the number of cases in the juvenile session.

George Keramithas and Alma Bouchard were charged with a statutory offense. Pleas of not guilty were entered but after Special Officer Francis H. Moore and Patrolman William H. Regan had offered testimony, each was found guilty and fines of \$15 were imposed.

Albert Plante, charged with drunkenness, entered a plea of guilty but, owing to his condition, disposition in the case was continued until Monday. Amadee Lacourse, who was released a week ago yesterday, was charged with drunkenness and after pleading guilty was sentenced to one month in jail.

ESSAY ON TREES AND THEIR AILMENTS

Several complaints about maple tree blight have been received at the office of the park department at city hall during the past week or so and in order to remedy conditions the department has prepared a statement relative to the treatment against this blight, and incidentally he has included in his essay a few facts about trees, which are well worth knowing.

The statement follows:
Trees in order to thrive well need their proper environment, nourishment, adaptable soil, moisture, drainage and protection from depredations such as insect diseases and mutilations. Any or all of these troubles are easily diagnosed and remedied if taken in time, and this places a responsibility upon the tree lover. Upon the whole, trees are easily kept in health and vigor. A disease of the maple tree that is prevalent on young trees is the maple blight or gloeosporium apocryptum, a fungus disease. The leaves begin to lose their color and turn brown about mid-season. The outer edges of the leaves first rot and this condition may finally extend through all of the leaves, giving the appearance of being dead with the dried leaves hanging on. This tree may, however, not be dead and will leaf out next season, only to repeat its struggle for life. These trees

MISS LOCKWOOD, the demonstrator of this popular corset will be with us the remainder of this week.

should be sprayed with Bordeaux mixture early next spring just before the buds break. The spraying should be repeated when the leaves are fully out. This will retain a green foliage and enable the trees to regain their vigor. A similar disease affects the oak, the beech, the poplar, elm, sycamore, linden, ash and horse-chestnut, all of which may be similarly treated. If trees are unhealthy looking now it may be taken for granted that something is the matter and the trouble should be determined. Shade trees along streets in towns and cities, or in the country for that matter, where they stand close to the road have many things with which to contend. A disease of the maple tree that is prevalent on young trees is the maple blight or gloeosporium apocryptum, a fungus disease. The leaves begin to lose their color and turn brown about mid-season. The outer edges of the leaves first rot and this condition may finally extend through all of the leaves, giving the appearance of being dead with the dried leaves hanging on. This tree may, however, not be dead and will leaf out next season, only to repeat its struggle for life. These trees

hole large enough to put the roots in and covering them up does not constitute all that is necessary in successful tree planting.

DEATHS

MAHONEY—Mrs. Clara F. Mahoney, widow of Timothy Mahoney and a former resident of this city, died yesterday at her home in Green Harbor. She leaves four sons, Clarence of Syracuse, N. Y., George of Wollaston, Warren H. of Green Harbor and Charles E. of Boise, Ind.

WOOD—Nathaniel W. Wood died Wednesday at Westford. The body was removed to the rooms of Undertakers Higgins Bros. in this city.

KEOUGH—Michael Keough died last evening at the Chelmsford Street hospital. The body was removed to the rooms of Undertakers Calnan Bros.

KNOX—Robert M. Knox died Thursday night at the home of his sister, Mrs. James Hocking, Princeton street, North Chelmsford, aged 43 years. He

leaves his mother, Mrs. Annie Davie, two sisters, Mrs. James Hocking and Mrs. John Potter; one brother, George Knox, all of North Chelmsford.

KEOUGH—Died last night at Chelmsford street hospital, Michael Keough. The remains were removed to the funeral parlors of Undertakers Calnan Brothers.

FUNERALS

GILMAN—The funeral of Mrs. Marthe Gilman was held yesterday afternoon from the rooms of Undertaker William H. Saunders, 217 Appleton street. Services were held at the Mt. Auburn cemetery chapel, Rev. James Bancroft, rector of St. John's Episcopal church, officiating.

MITCHELL—The funeral services of John Mitchell were held yesterday afternoon at the rooms of Undertakers James F. O'Donnell & Sons. The bearers were Dennis A. Murphy, Patrick F. Farrell, Francis E. Cadden and John J. Flynn. Burial was in St. Patrick's cemetery, where Rev. Timothy Callahan recited the committal prayer.

KOSTOPOLIS—The funeral of Chas. Kostopolis took place yesterday from the home of his parents, John and Olga Kostopolis, 155 Cross street. Services were held at the Holy Trinity Greek church. Burial was in Westlawn cemetery. The funeral arrangements were in charge of Undertakers James F. O'Donnell & Sons.

SAVIER—The body of the late Mrs. Maria Savier was taken yesterday afternoon to Mt. Auburn cemetery, Cambridge, where services were held and cremation took place. Rev. James Bancroft, rector of St. John's Episcopal church officiated. The funeral arrangements were in charge of Undertakers William H. Saunders.

PELLETIER—The funeral of Germain Pelletier took place this morning from his home, 40 Acton street. A solemn high mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. Louis Bachand, O.M.I., as deacon and Rev. Rosario Jalbert, O.M.I., as sub deacon. The bearers were Joseph, Ernest, Alexandre and Adolphe Pelletier, 56 and 58 West Joseph's cemetery. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Joseph Boudin, O.M.I. Funeral arrangements were in charge of Undertakers Joseph Albert & Sons.

FUNERAL NOTICES

CROWLEY—The funeral of Charles Crowley will take place Saturday morning at 9 o'clock from his home, 808 Colburn street. Solemn high mass of requiem will be celebrated at the Sacred Heart church at 10 o'clock. Burial in St. Patrick's cemetery. Funeral arrangements in charge of Undertaker J. F. Rogers.

CROWTHER—Died in this city, Oct. 18th, 1917, at her home, 28 Burlington avenue, Mary (Griffin) Crowther, wife of William R. Crowther. Funeral services will be held at Penacook, N.H., on Sunday afternoon. Friends may call at the home, 28 Burlington ave., this (Friday) evening. The funeral arrangements are in charge of Undertaker William H. Saunders.

KELLEY—The funeral of Cornelius Kelley will take place Saturday morning from his home, 122 Perry street at 9:30 o'clock. Solemn high mass of requiem at the Immaculate Conception church at 10 o'clock. Funeral arrangements in charge of Undertaker J. F. Rogers.

KNOX—Died in North Chelmsford, Oct. 18, at the home of his sister, Mrs. James Hocking, Princeton street. Private funeral services will be held from the home of Mrs. James Hocking, Saturday afternoon at 2 o'clock. The funeral arrangements are in charge of Undertakers Young & Blake.

MAHONEY—Died, Oct. 18th, in Green Harbor, Mass., Mrs. Clara F. Mahoney, widow of the late Timothy Mahoney, formerly of this city. Committal services will be held at the graveside at 8 o'clock from the home of her mother, Mrs. John Muldoon, 188 Pleasant street. A funeral mass will be celebrated at the Immaculate Conception church at 9 o'clock. Burial in St. Patrick's cemetery. Undertakers Higgins Bros. in charge.

SUN BREVIETTES

Best Printing, Tobin's, Asso. Bldg.
An alarm from box 227 at 8:02 this morning summoned a portion of the fire department to a slight blaze in a house at 72 Tyler street, occupied by Anthony J. Galen, an inmate of the house, while smoking in bed, accidentally caused the fire, and the blaze was extinguished before any serious damage was done.

FOOD PRICES WILL SOON DROP, SAYS HOOVER

WASHINGTON, Oct. 19.—Food Administrator Hoover announced, yesterday that, subject to co-operation from the farmers and retailers, the corner has now been turned in high prices for food.

He said retail prices had not come down to conform to wholesale reduction, and that was a matter for public sentiment to correct.

Most of the essential commodities, he declared, should one after another continue to show reductions between now and the end of the year.

He points out that the food administration has the control of either the grower or his organizations, nor of the great majority of retailers.

"The foundations have been laid," he says, "for regulation of the intermediate trades, and where these regulations have come into force and the trades are co-operating, fairly considerable results are evident in the wholesale prices."

To aid the public in dealing with retailers who continue to extort war profits, the food administration now is collecting wholesale prices of all staples in cities and soon will be publishing them weekly for comparison with the retail prices of the grocers.

Flour \$1.50 to \$2 Too High

Mr. Hoover's statement continues: "The current prices at which flour is being sold at the mill door in futa bags vary somewhat with the locality and freight charges on wheat, Toledo showing the lowest prices at \$10 for first patent and \$9.70 for second patent, the highest being Buffalo at \$10.70 for first patent and \$10.70 for second patent. This shows a large reduction under August prices."

"The average retail prices on first patents in 796 cities on Oct. 13 was \$12.77, or from \$1.50 to \$2 per barrel higher than is warranted by the price being made by the millers. In other words, the retail price has not wholly responded to the reductions made by the millers."

Manchurian Beans Will Be Cheap
"The bean harvest this year is estimated by the department of agriculture at approximately 7,000,000 bushels in excess of last year, or nearly double last year, and promises an abundant supply. The growers' associations in prominent bean-producing states are holding beans for from 12 1/2 to 15 cents per pound, as against an average price realized by the growers last year of 8 cents per pound."

"There has been 100 per cent. increase in the Manchurian bean crop, and it is now estimated at 2,000,000 tons. Owing to shipping shortage, practically the only outlet is to the United States, and these beans will flow into the American market from December on much below the prices now being demanded for American beans."

The corn harvest this year is 600,000,000 to 700,000,000 bushels over last year, and will be generally available about the end of November. The price of corn rose to \$3.30 per bushel in July, and now stands at \$1.95 per bushel in Chicago. New corn is quoted in Chicago at \$1.15 per bushel for December, and indicates nearly a 40 per cent. decrease in the price of cornmeal when the new corn is generally available."

Wholesale Beef Down, Retail Up
"The very large corn supplies from the new harvest, together with the larger supplies of barley, velvet beans, cottonseed, peanut and soybean meal, all promise much cheaper cattle, hog and poultry feed and will enable the production of beef, pork, poultry and dairy products at much lower levels of cost to the farmer than today, and his earnings can be maintained with lower prices of products. The packing, cold-storage and other manufacturing and wholesale distributors in these trades are in course of regulation."

"Beef already shows some tendency toward reduction in wholesale prices, but these have not been so far reflected in the prices quoted by the retailer. The price of beef at the packer's door is 14 1/2 cents per pound as compared with 16 cents in the month of July, while the average retail prices of round steak in 796 cities is 31 cents per pound against 27 cents in July. This shows that retail prices have increased while wholesale prices have decreased."

Producers Hold Potatoes
"We have a potato harvest of 50 per cent. in excess of the crop of last year. The price at the leading points varies from \$1.50 to \$3.50 per hundred, depending on the location where grown and the cost of getting them to market."

The price, which is somewhat higher than in the period of last year, is due to a tendency on the part of the producer to hold the potatoes for higher prices than last year, despite the generally better crop, the temporary inability of the railroads to furnish equipment sufficient to move from many sections the quantity available at this time to market."

"The average price of potatoes delivered in the markets has closely followed the price which the producer has received, and the price of distribution to the market."

"The larger supply of oars and the large harvest warrant lower prices later in the fall."

Sugar Shortage Temporary
"Best sugar prices are being controlled by the manufacturers upon a basis that will reach the consumer from 8 to 12 1/2 cents per pound, depending upon the locality. Sugar to confectioners from beet factories is being sold at a profit, and the shortage in the northeastern states gives no warrant for the advances by retailers to over 8 cents per pound. For this season, prices would now be paid by them for cane sugar they are now selling."

"In any event, the rise in retail prices of sugar during the last three days in the eastern states is solely due to the dealers in the face of a short supply, and does not bear any relation to the price at which these sugars have been purchased."

The price of new Cuban, Porto Rican and Hawaiian harvest in December will maintain the beet level as soon as it is available. The beet level is 3 1/4 below August prices, and without the concerted action of beet sugar manufacturers and the refiners of cane sugar, prices would now be up to 15 cents, owing to the short supplies during the next few weeks."

To Import More Fats
"In order to provide equally good substitute for lard and cooking fats, the food administration is arranging for the import of larger supplies of coconut, palm, nut and soybean oils. This should also affect the prices of soap."

Mr. Hoover points out that when the food administration came into existence on Aug. 10 there were no reserve stocks of most staples owing to over-export and short 1916 harvest, and that in some cases there was an absolute undersupply for home necessities."

The situation was complicated by the coal shortage caused by coal and munitions shipments."

The food administration has been faced with periodic shortages of one thing after another in various parts of the country, and which has had to be met to avert local famines."

ROYAL ARCANUM DRIVE FOR NEW MEMBERS

The "drive" of the Royal Arcanum for new members was held last night in Odd Fellows hall, many members from the different councils being present. Supreme Vice Regent Franklin Rubrecht, of Columbus, Ohio, was the guest of honor and he explained the meaning of the "drive," so-called, which started in the middle west and resulted in an increase in membership in that district, Pennsylvania and New England. It is the result of the adoption by the insurance commissioners of 37 states in the union of a measure to cause fraternal organizations to become 50 per cent. solvent by December of the present year. It was announced during the meeting that the Royal Arcanum is 100 per cent. solvent.

During the course of Mr. Rubrecht's remarks he said:

The purpose of the "drive" is to show that the rates are wholly adequate and that the order is solvent. Not only is there a surplus of four millions, but every claim is paid, and not a debt is owed. The rates carry out the expectancy of life to 100 years of age, he said, and that is all that any order can be expected to guarantee.

tee. He said that there have been attacks on the order from different sources, with the attendant court cases, but that the honesty and stability of the order have been untouched throughout.

At this time, when news of the court proceedings has been spread around, certain members have felt and have allowed their membership to lapse. To guard against a continuance of such lapsing, to re-kindling enthusiasm, to teach the cardinal principle of the order anew, to preach the financial standing—these are the reasons for the big drive. He predicted that it would meet with overwhelming success, as it fully deserved to do.

BABY KILLED IN CRASH ON CROSSING

NORTH WILMINGTON, Oct. 19.—An automobile containing six persons struck a freight train at Brown's crossing, on Andover street, late last night, causing the death of Florence Flint, the 18 months old baby of Fred Flint of Reading. Mr. Flint, who was driving the machine, and his wife and two sisters, Misses Grace and Florence Flint, with Miss Ruby Margerson, were badly shaken up.

DAMAGE WAS SLIGHT

An alarm from box 125 at 9:17 o'clock last night, summoned a portion of the fire department to a blaze in a house at 56 Jefferson street, owned by Peter H. Savage. The fire originated in a bed on the second floor, but gained considerable headway and the flames were shooting through the roof when the firemen arrived on the scene. The department had the fire under control shortly after reaching the scene. The damage was slight.

OLD TIMERS' NIGHT AT THE Y. M. C. A.

The local Y.M.C.A. held an Old Timers' night last evening in the association rooms and the occasion brought together many of the former members and officials of the organization. The reunion was a thoroughly happy one and both the formal program mapped out for the evening's entertainment and the just as enjoyable informal numbers combined to round out a most pleasant affair.

William A. Morse, formerly secretary of the local association, was president from Camp Devens, where he is now located. Among the other old officials present were Christopher Scalfie, former physical director, but now stationed at Worcester, and W. S.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of so inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

URGE ALL EPISCOPAL CLERGYMEN TO SUPPORT LIBERTY LOAN CAMPAIGN

BOSTON, Oct. 19.—Bishop William Lawrence of Massachusetts, as chairman of the war commission of the Episcopal church and Bishop James de Wolfe Perry, Jr., of Rhode Island, as chairman of the commission's executive committee, have sent a letter to Episcopal clergymen throughout the country urging support of the Liberty loan campaign. The letter calls attention to the responsibility of the church in the present crisis.

Life insurance men held a meeting here today preparatory to a three days' drive for the loan. The war information bureau of the Young Men's Christian Union has arranged to receive subscriptions for bonds during the evening hours, when the banks are closed. Six thousand boy scouts will distribute Liberty loan circulars next week.

NEW BEDFORD DRAFTERS PRESENTED \$1000

NEW BEDFORD, Oct. 19.—A fund of \$1000, raised here for the benefit of the 800 New Bedford members of the National Army, was taken to Camp Devens today by Mayor Charles S. Ashley and a committee of citizens. The money will be placed in the custody of the commanders of companies in which men from this city are enrolled to be distributed as they see fit.

WOMAN COMMITTED SUICIDE

NEWTON, Oct. 19.—Medical Examiner George L. West said today that Mrs. Margaret S. Mesheka of this city, daughter of Hiram Ricker, a wealthy hotel proprietor of Poland Spring, Me., who died at her home last Monday, committed suicide. Dr. West said that she had closed the doors and windows in the kitchen and turned on the gas.

Mesheka, a Syrian who owns a local factory. He is the son of a former American consul agent at Damascus and has lived in this country for many years. The marriage took place last April.

The authorities said that they knew of no motive for the suicide.

SEEK NATIONAL AID IN COAL SITUATION

BOSTON, Oct. 19.—The national fuel administrator and the priority board will be urged to do all in their power to relieve the coal situation in New England, as a result of the conference at the state house yesterday afternoon of New England governors, fuel administrators and others, at which resolutions were adopted declaring New England was facing a serious coal shortage and calling upon the national administrators for prompt assistance.

The session was held in the senate chamber. Gov. McCall presided, and there were present representatives of chambers of commerce, public safety committees, manufacturing organizations and railroad officials.

Among the most prominent men present were Gov. Carl E. Milliken of Maine, Gov. Henry W. Hayes of New Hampshire, Gov. Horace F. Graham of Vermont and Gov. Marcus H. Holcomb of Connecticut; United States Senators Henry Cabot Lodge of Massachusetts and Frederick H. Murphy of Maine; Congressmen Frederick H. Gillett, Calvin D. Paige, Samuel E. Winslow, George E. Tinkham, James A. Gallivan, William S. Greene, Allan T. Freeway and Joseph Walsh of Massachusetts; Jas. P. Glynn of Connecticut; Wallace L. White, Jr., and John A. Foss of Maine; Charles E. Burroughs and Edward H. Wason of New Hampshire; and Geo. F. O'Shaunessy of Rhode Island; Fuel Administrators James I. Storow of Massachusetts, George H. Holmes of Rhode Island, Floyd of New Hampshire, H. J. M. Jones of Vermont, Thomas W. Russell of Connecticut and Hamlen of Maine.

Plans for a Women's Knitting Class
The Lowell council of Knights of Columbus has formulated plans for a women's knitting class and definite steps in the organization of such a class will be taken this evening at the K. of C. rooms in Association building at 8 o'clock when a meeting of all women interested in the work will be held.

The class will make sweaters and other clothing for the soldiers in camp and a large quantity of yarn for the purpose has already been purchased. It is hoped that a large number of women will attend this evening's meeting.

District Deputy J. P. S. Mahoney will preside over the installation of the recently elected officers of the local council which is to take place this evening. A service flag with 28 stars has been hung up in the K. of C. rooms. It is expected that more stars will be added later.

BOY SCOUTS GET WAR SERVICE MEDALS
A number of Lowell Boy Scouts who did excellent work in the first Liberty bond campaign last summer received their reward last evening at the rooms of the board of trade when Chairman Robert F. Marden of the Lowell Liberty loan committee presented 25 of the young men war service medals in recognition of their

Women! Keep It On Dresser! Never Let Corns Ache Twice

Instantly! Few drops stop corn-soreness, then corns and calluses shrivel, loosen and lift out with fingers—No pain!

The world owes thanks to the genius in Cincinnati who discovered freezezone. Tiny bottles of the magic fluid can now be had at any drug store for a few cents. You simply apply a few drops of this freezezone upon a tender, aching corn or a hardened callus. Instantly the soreness disappears and shortly you will find the corn or callus so loose and shriveled that you lift it off with the fingers. Not a bit of pain or soreness is felt when applying freezezone or afterwards. It doesn't even irritate the skin or flesh. For a few cents one can now get rid of every hard corn, soft corn, or corn between the toes, as well as painful calluses on bottom of feet without any pain. Ladies! Keep it on the dresser.

High Priced Dentists Will Tell You Not to Come to Me Why?

Because I will not help them to keep up the price of dentistry and because I insist that there should be at least one dentist in Lowell who will do only high grade dentistry at prices that men and women can afford to pay.

WOMAN SICK TWO YEARS

Could Do No Work. Now Strong as a Man.

Chicago, Ill.—“For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound.”—Mrs. J. O. BRYAN, 1755 Newport Ave., Chicago, Ill.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, and nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

The auditing committee appointed by Gov. McCall to inspect the figures of the New England coal committee relative to the shortage in this section is as follows: Charles F. Weed, Boston; Henry A. Carpenter, Providence; A. B. Jones of Manchester, N. H.; Isaac W. H. of New Haven; True Hooper, Portland; and Frederick H. Babbitt, Belknap Falls.

having obtained 10 or more subscriptions.

The ceremony was of a wholly patriotic nature. Scout Wilbur Robertson sounded the assembly and then the honored young men filed into the main room where their parents, friends and scout officials were on hand to greet them. Scout Executive Alex E. Williams read the roll of honor and then Commissioner Luther W. Eastman presented the scouts to Mr. Marden. The latter congratulated them on their excellent work in the past campaign and urged them to do as well in the present drive. He then presented a medal to each of the boys on behalf of the treasury department.

The scouts will begin their work in the present campaign tomorrow and persons who are unable to leave their homes but who wish to buy a bond will be accommodated by one of the scouts if they will call the scout headquarters, 30.

Following is a list of the boys who received medals last evening:

Name	Age	Points
Carlton Gardner	12	750
Harold Hardy	13	950

INTERESTING DEBATE AT THE HIGH SCHOOL

The first debate of the season held under the auspices of the Greenhedge Debating society of the Lowell high school was held this afternoon in the assembly hall of the school with a large attendance of the student body.

The subject of the debate was: Resolved, That the United States should enforce prohibition for the duration of the present war.

The affirmative was upheld by Messrs. George L. Linn, Joseph Hollingsworth and Joseph Donahue; the negative was supported by Messrs. Harold Ready, Francis McHugh and William H. B. Connelley. Mr. Hollingsworth made the rebuttal for the affirmative and Mr. Ready for the negative. It was really an inter-class debate as the affirmative was made up of students of the junior class while the negative was composed of seniors.

The judges were Messrs. Joseph P. Donahue, Cornelius J. O'Brien, Henry J. Gilbride. Surrounding the debate proper was a pleasing program of music by students of the school and there was also a brief address by Principal Herbert D. Bixby. The complete program was as follows:

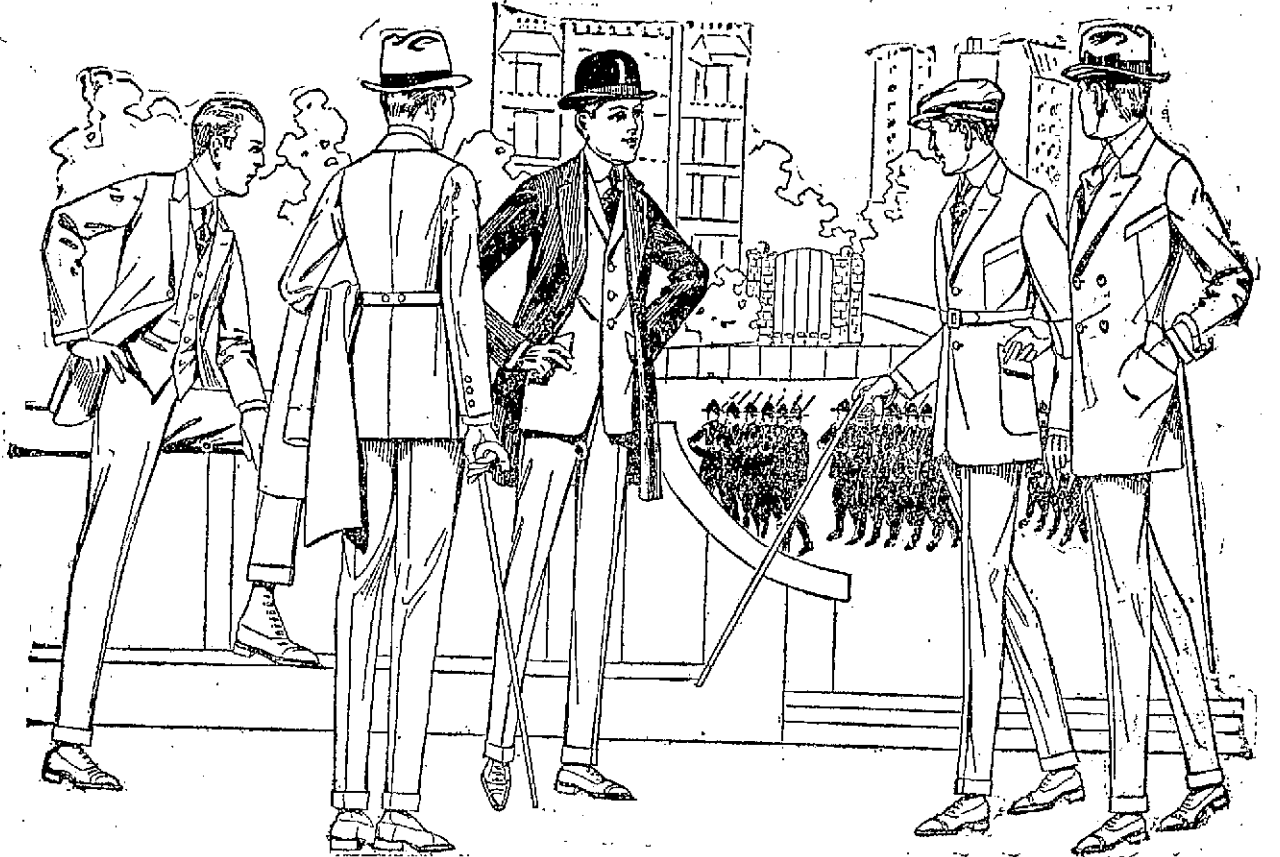

Invitation: "The High School Regiment March."
Remarks: Paul J. Angelo, President.
Introduction of the subject of the debate and the speakers.
The Debate.
Conference of Judges.
Remarks: Principal Herbert D. Bixby.
Solo, Selected: Evelyn E. Regan.
Violin Solo: Maurice Hamel.
Selection: Orchestra.
Exit: "The Star Spangled Banner."

It was announced that the next debate would be held two weeks from today and that it would be on the subject of "Prohibition." Today's debate was under the auspices of the debating society. Paul J. Angelo, president, and Miss Mary C. Joyce and Mr. Jesse Satter of the faculty.

PLAYED OPENING MATCH IN TOURNAMENT

A match in whist, cribbage and checkers, the first in a series, was held last evening in the rooms of Club Choyens-Americans in Middle street, between the members of the club and those of the French-American Naturalization of Lawrence. The delegation from the down-river city was large and a most enjoyable evening was spent. The games proved very interesting, but unfortunately for the visiting delegation, the Lowell aggregation copied all the honors of the evening, the scores being as follows: Whist—Lowell, 551; Lawrence, 529. Checkers—Lowell, 25; Lawrence, 5. Cribbage—Lowell, 4242; Lawrence, 4217. Total points—Lowell, 4818; Lawrence, 4751.

At the close of the games an entertainment was given, the hosts and guests taking part, and luncheon was served. The program of the evening was given under the direction of President Joseph Payette of the Lowell club, and proved most enjoyable. Those who took part in the games were as follows:

Whist: W. Gendron, A. Boisjoli, T. Martin, A. Cabana, A. Dumont, W. Beliveau, J. Berube, J. Viel, G. Leclair, A. Levesque, A. Lafayette, O. Babin, L. Lamothe, M. A. Langevin, E. Tremblay, J. Caux, A. Parent, C. Moreau, P. Dion, F. St. Aubin, L. Chénard, E. Carrière, F. St. Laurent, F. Monfaut, O. Faucher, A. Laplante, A. Theberge, A. Choquette, Arthur Theberge, J. Mercier, S. Lemay, M. Paquette, J. Blazon, J. P. Marchand and P. Gosselin.

Stronger Men Take the Lead

They Have Nerves of Iron and
Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made, it is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading doctor says: "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription Phosphated Iron, a real blood and nerve builder."

Then you will be there with vim and push to easily do the work that you now do on your nerves alone.

He also says: "Phosphated Iron feeds the blood cells with iron and nerve force, and that leading specialists are now using it successfully all over the country, that it has sprung into almost instant popularity with the better class of doctors as one of the few remedies they can depend on to produce results."

Special Notice—To insure physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets.

Fred Howard, the druggist, Lowell Pharmacy and leading druggists everywhere.

PLOTTERS PLANNED TO MURDER DR. COOK

CHICAGO, Oct. 19.—Dr. Frederick A. Cook, an Arctic explorer, and a crew of 18 sailors were among those marked for assassination by the leaders directing the alleged plot to foment a revolution in India to embarrass Great Britain during the war, according to testimony given by Sukuma Chatterji, a Hindu priest, in Judge Landis' court yesterday. The Hindu was testifying at the trial of Gustav H. Jacobson, wealthy Chicago real estate dealer, and his three co-defendants, charged with the conspiracy.

Wholesale murder and kidnapping was part of the program outlined, the witness testified.

This part of the plot, Chatterji said, was revealed to him in Manila by George Paul Boehm, one of the defendants.

"Boehm said he had planned to kill Capt. Cook and his crew, who were to make an expedition in the vicinity of the Himalaya mountains," said the witness.

"Boehm was to assume the name of Capt. Cook and the other men in our party were to assume the names of the other sailors, who were to be killed."

"I protested. It was Boehm's plan to go through India under the guise of an explorer and foment a revolution among the natives against Great Britain."

Capt. Thomas J. Tunney of the neutrally bureau of investigation of the New York police department testified to an alleged confession made to him by Herumb Lal Gupta in New York March 10, 1917, and his testimony was corroborated by George C. Barnett, a New York detective sergeant.

"He told me that Capt. von Papen, the military attaché of the German embassy in the United States, paid him between \$15,000 and \$16,000 in a suite of offices in lower Broadway," said Capt. Tunney.

"He said the money was to be used in making a trip to the Orient. He said later he went to China and Japan

and bought firearms and ammunition for use in the revolution in India."

"Gupta told me that von Papen said he would buy additional firearms and ammunition in the United States and ship it to the Orient by way of the South Seas."

"He told me the headquarters of the conspiracy was in Berlin."

SOCIAL AND FRATERNAL

A very successful ice cream party and concert was given in Grafton hall last evening, the affair being under the auspices of Branch St. Andrew A. C. P. The attendance was large and all present spent a most enjoyable evening. Vocal and instrumental selections were given by Miss Beata Gendreau, Arthur Leveille and Isale Michael. Quite a number were given by Gendreau's orchestra. The committee in charge of the event consisted of Charles Normandin, chairman; Tancrède Blanchette, secretary; Alphonse Fortier, Azarie Thibault, Origène Descoleaux, Charles Boucher and George Houle.

The regular meeting of Lowell chapter of Mooseheart Legion was held last night in Odd Fellows hall. Senior Regent Katherine L. Curtin presiding. There was a large attendance and considerable routine business was transacted. Mrs. Abbie Lull was elected chaplain. The third senior regent asked that her resignation be accepted and Mrs. Devlin was nominated to fill the vacancy. The next meeting will be held Oct. 21.

POTATOES \$1.20 A BUSHEL

SPRANTON, Pa., Oct. 19.—Potatoes raised on its own farms are being offered by the Delaware & Hudson Railroad Co. to its 9000 employees in and about the anthracite coal mines at \$1.20 a bushel, 75 cents a bushel cheaper than local dealers are asking. The company decided last spring to plant potatoes on its farms instead of hay, as had been the custom, and a large crop of tubers was harvested. Each employee is limited to the purchase of five bushels.

SEC. BAKER ACCEPTS TWO HEAVY DUTY WAR TRUCKS AT WASHINGTON

WASHINGTON, Oct. 19.—In the presence of many distinguished officials and others, Secretary Baker today accepted on behalf of the war department, the first two heavy duty war trucks to be completed under designs prepared by the Quartermasters' department, the automotive products section of the council of national defense, and the Society of Automotive Engineers.

MAN ARRESTED IN CLEVELAND MAY BE MAN WANTED BY BOSTON POLICE

BOSTON, Oct. 19.—The Boston police have asked the Cleveland authorities to hold for them a man under arrest there who gave the name of "Sergeant Frank Pearson of the British army." The local authorities wish to make an investigation on the suspicion that the man may be Izzy Cohen, who is alleged to have cashed many worthless checks here some time ago while posing as a British army officer.

CONSTITUTIONAL CONVENTION TO MAKE FINAL DECISION ON ADJOURNMENT

BOSTON, Oct. 19.—The constitutional convention was prepared today to make a final decision as to whether adjournment should be taken until next June. A motion that the recess should be declared, after the delegates had disposed of the initiatives and referendum which is a process of being shaped, was passed yesterday, but reconsideration was immediately moved and placed on the calendar for today.

Among the many interesting memorials in Holy Trinity church, Monks, London, Eng., is a mural tablet upon which are carved certain stars and stripes. These are believed to have suggested the American flag, since it is known that Lord Dartmouth, to whom a memorial tablet has been erected, was closely associated with the Washington family.

OPEN FRIDAY NIGHTS TILL 9.30

MEN, LISTEN!

If You Want to Wear Absolutely All Wool
Garments We Advise Buying Now

We believe that inside of six months an all wool
suit or overcoat—the kind you have always purchased at the Merrimack—will be but a memory

A meeting has been called, at the suggestion of the government, of the directors of the two manufacturers' associations of which practically all woolen and worsted mills are members. The meeting is called to consider a warning from the government, given with the utmost emphasis, as to the need of conserving the country's wool supply by increasing the use of cotton and substitutes in making cloth for civilian clothing, with the statement that those who stay at home in ease and comfort have no right to all wool clothing at the expense of the boys in the trenches, and Washington states that the manufacturers "must act at once."

WE HAVE HANGING IN OUR DUST-PROOF
CLOTHING CABINETS TODAY OVER

2500 Men's Absolutely All Wool Suits and
2000 Men's Absolutely All Wool Overcoats

MADE BY SUCH RELIABLE MAKERS AS A. SHUMAN & CO., ALFRED BENJAMIN
WASHINGTON CO., AND SAMPECK

These suits and overcoats show but a slight advance over other years and some garments, such as the Shuman All Wool Suits we are offering at \$20.00 don't show any advance at present, but duplicates will cost you \$10 a suit more. This tremendous stock of all wool wool suits and overcoats is offered now for your selection at—

**\$15 \$18 \$20 \$22.50
\$25 and \$30**

If you are accustomed to wearing all wool garments, we advise buying liberally from this stock.

Boys' Clothing

THE PROOF OF A BOY'S SUIT OR OVERCOAT
IS IN THE WEARING

That's why thousands of mothers buy their boys' clothing here. While mothers cannot count the exact stitches and hours saved in mending, they do know that after starting in buying their boys' clothes at the Merrimack they require far less attention.

Years of experience in selling boys' clothing have taught us the fundamental requirements for extra good wear in boys' clothes. Our suits and overcoats this season are the outcome, made especially for us according to our own standards.

EXPECT TO SETTLE COAL STRIKE

WASHINGTON, Oct. 19.—Both Fuel Administrator Garfield and President John P. White of the United Mine Workers expressed confidence yesterday that the strike of coal miners in the central competitive field of Ohio, Illinois, Indiana and Pennsylvania would be settled within a short time.

President White left last night for his headquarters in Indianapolis, where he will continue his efforts to induce the men to return to work. Despite reports indicating a spread of strike sentiment among the men, Mr. White was optimistic when he left Washington.

At the fuel administration office it was said that he viewed the strike movement as sporadic, and believed that the trouble would be adjusted within a few days by an appeal to the patriotism of the men.

Pending the outcome of negotiations between President White and the miners, Dr. Garfield would not say what move he contemplated under his threat to the miners yesterday to invoke whatever power necessary to insure the working of the mines at capacity. Should Mr. White's efforts fail, however, it is understood that the fuel administration is prepared to lay before President Wilson a drastic plan for making certain an adequate coal supply.

When informed yesterday of reports from some points in the middle west that manufacturers and others were hoarding coal, officials of the fuel administration said that whenever a case was found the coal would be seized and distributed. No official reports of hoarding, however, had reached the administration.

Fuel Administrator Garfield yesterday accepted an invitation to address a mass meeting of coal operators to be held at Pittsburg next Tuesday.

J. D. A. Morrow, general secretary of the National Coal Operators, announced yesterday that operators from the northwest and the southwest had arranged to send delegates.

2000 Miners Strike
HAZLETON, Pa., Oct. 19.—Claiming they have received no satisfaction or adjustment of grievances, 2000 anthracite miners at Hazleton, the Lehigh & Wilkes-Barre Coal Co., at Audenrood, Green Mountain and Honeybrook struck today. The chief complaint is in reference to payment for the removal of rock. The output of the operations is 2500 tons a day.

200,000 TO DEMAND 20 PER CENT INCREASE
OTTAWA, Ont., Oct. 19.—Representatives of 200,000 organized railroad workers in the northeastern part of the United States and eastern Canada decided here yesterday to recommend to their unions that they demand from their employers wage increases of not less than 20 per cent. The workers involved are trainmen, conductors, baggage men, brakemen and yardmen.

The vote in favor of the demand for increased pay was unanimous on the part of 104 chairmen of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors, who have been in session here for three days. The question will be submitted to a referendum of the members of the brotherhoods. If the increases are granted they will mean the addition of millions of dollars to the annual payrolls of about 60 companies involved.

No action was taken on the question of the payment of benefits to relatives of the members of the two brotherhoods who fall in the war either in the service of the United States or Canada.

It was decided to leave decision to the annual convention of the two organizations, the I. R. C. and the A. C. P. L. E. Sheppard, of the conductors said they would continue to authorize the payments until the conventions are held.

SAYS BERNSTORFF DID NOT KNOW BOLA PASHA

AMSTERDAM, Oct. 19.—Count von Bernstorff, former German ambassador to the United States, did not know Bola Pasha, the Frenchman held as a spy in France, according to the Tageblatt. Discussing the Bola affair, the newspaper says:

"In connection with the Bola Pasha episode and the disclosures of Secretary Lansing concerning the part allegedly to have been played by Ambassador von Bernstorff and Foreign Secretary von Jagow, we are informed by a competent source that the personality of Bola Pasha was not known to von Bernstorff in Washington, inasmuch as the ambassador did not have recourse to sources in the United States which might have been at the disposal of official quarters here. It is also established that the name of Bola Pasha was never made known to von Bernstorff and his banker intermediaries did not mention him. Consequently the passage in the alleged telegram published by Secretary Lansing in which von Jagow asked von Bernstorff 'what is new about Bola' is false."

"This warrants the obvious deduction regarding the trustworthiness of other details in this telegram." The Tagesschau Rundschau says mention of Bola's name in the von Jagow despatch is "another forgery of Secretary Lansing's for transparent purposes." It adds that Bola's name was not mentioned for the simple reason that von Bernstorff did not know that Bola was the man who was negotiating for the Paris Journal.

Among the telegrams given out by Secretary of State Lansing on Oct. 5, was the following: "No. 251—The person announced in telegram 692, of March 20, has not yet reported himself at the legation at Bern. Is there any more news on your side of Bola-Jagow?"

In the inquiry into the Bola affair in New York early this month it was learned that Bola had an accomplice in Switzerland, through whom he had learned the terms on which Germany would conclude peace with France. Bola Pasha is said to have received more than \$1,700,000 from von Bernstorff to aid in carrying out his plot.

DIRECTOR GENERAL OF MILITARY RELIEF OF THE AMERICAN RED CROSS

WASHINGTON, Oct. 19.—Appointment of Jess H. Jones, of Houston, Tex., as director general of military relief of the American Red Cross was announced today by the Red Cross war council. He succeeds John D. Ryan, recently appointed by President Wilson, to membership on the war council, and will serve without compensation for the duration of the war.

MASS GREAT FORCES TO STOP THE ITALIANS

WASHINGTON, Oct. 19.—The Italian general staff has learned that no less than 40 division of German and Austrian troops have been detached from the Russian front to reinforce the Austrian army now facing the Italians.

The presence of large numbers of German, Turkish and Bulgarian troops on the Italian front also is reported, an indication of the realization by the governments of the central powers of the imminent danger of a general rout if the Italians continue their successes, on the Rainizza plateau.

Austrian officers who have been captured by the Italians freely admit the existence of this feeling of apprehension on the part of their general staff.

CHEMISTS DRAFTED INTO NATIONAL ARMY ASSIGNED TO SPECIAL WORK

WASHINGTON, Oct. 19.—Several hundred chemists drafted into the national army have been assigned to special work under government departments and others are being withdrawn from cantonments daily. It was announced today, Army authorities were able to pick out these men with the aid of a census of all chemists within the draft age limits, arranged by the bureau of mines. A similar census has been made of mining engineers, showing age, dependency conditions, position in the draft liability list and nature of work each could do, if drafted.

DEMANDS ADMIRALTY EXPLAIN FAILURE TO PREVENT GERMAN TAKING RIGA

LONDON, Oct. 19.—The Daily Mail condemns what it calls the failure of the British fleet to prevent the German fleet from becoming master of the Gulf of Riga, and demands that "the admiralty make an explanation of this humiliating display in the Baltic."

After reciting the successes of the British submarines against the Germans in the Baltic in the summer and autumn of 1915, the newspaper says: "The Germans have accomplished all they were prevented from achieving in 1916 and they have done so without a single blow being struck at them by any arm of the navy—a navy far stronger than it was two years ago and recently reinforced by the addition of the American fleet."

AMUSEMENT NOTES

B. F. KEITH'S THEATRE
Laughter that has real pep to it is the order of things at the B. F. Keith theatre. The week-end, Oct. 19 and 20, is full of bright things. Heading the list are the Bison City tour, who make lots of good fun, and who sing in between times. "This act is very well known. Frank Crumit, the one-man glee club, tells stories in a most entertaining fashion, strums on his guitar and sings. Eddie Carr & Co. give the side-splitting comedy called "The Office Boy." Carr is surely a real man. Maximilian & Martin, the fake musicians are the very essence of humor in their work, and Harvey & Frances, who sing and chatter in bright moments. The Three Sisters Herbert give a series of pretty dances. The picture feature of the week is "The Narrow Trail," with W. S. Hart in the leading part. The scenes are cast on a striking background, and the dramatic moments are tense. The Hearst-Pathé pictures also are shown.

OPERA HOUSE

The most remarkable play in recent years, is the consensus of opinion of those who have already witnessed one of the performances of "Common Clay," the Harvard prize play being presented by the Emerson Players at the Opera House. It is a play for classes and masses alike, virile, human and dramatic. Next week a shady past is one of the most interesting and entertaining that the local stock stage has in its repertoire. One must see it to fully appreciate the cleverness of its production, and the worth of the story as unfolded by the author. The heroine of the piece springs from the infinite army of workers. Her story, dreams and aspirations of the sufferings, is the true story of the class. It has a strong appeal for all and can't help giving genuine satisfaction. Miss Wellington and Miss DeWitt are seen in the principal roles, and Roy Walling and Ewing Cherry the male characters. All four portray their parts with marked ability. Next week that great war story "The Man Who Stayed at Home," will be presented. This piece is being played in many theatres for the last three days. In this photo-play made from Jackson Gregory's novel, these men take part in a big way, and this portion of the picture having been actually made on the scene of a great battle camp in Arizona. While preparing for this picture Metro players were quartered in tents pitched on the banks of a winding stream, with a thick growth of mesquite nearby. The company had its own "chuckwagon" and cook, and the food supply was partly furnished by Harold Lockwood and others in the company who lived up to their reputation as "crack shots." One of the most exciting moments in "Under Handicap" shows Anna Little as the heroine galloping on horseback after a swift-moving train. She leaps from the horse to the platform of the observation train. Two of the fastest horses ever used in motion pictures were employed in this scene, and the train which Miss Little "caught on the fly" was traveling about 30 miles an hour. It's a great picture and should be seen by all lovers of lively action and pep.

THE STRAND
Cowpunchers who know how to act in motion pictures are used in Harold Lockwood's Metro wonderplay, "Under Handicap," which is being featured for the last three days at the Strand. In this photo-play made from Jackson Gregory's novel, these men take part in a big way, and this portion of the picture having been actually made on the scene of a great battle camp in Arizona. While preparing for this picture Metro players were quartered in tents pitched on the banks of a winding stream, with a thick growth of mesquite nearby. The company had its own "chuckwagon" and cook, and the food supply was partly furnished by Harold Lockwood and others in the company who lived up to their reputation as "crack shots." One of the most exciting moments in "Under Handicap" shows Anna Little as the heroine galloping on horseback after a swift-moving train. "THE LAY OF THE ANCIENT EGG"

A "NURSERY" RHYME AND ITS PARALLEL

This "Rhyme" by E. Garfield Baker appeared in the "Boston American" May 25, 1917.

I am the Egg.
I was laid.

I'm the Hen that Laid the Egg.
I got a Place to Roost and Part of my Board.

I'm the Farmer who owned
The Hen that Laid the Egg.
I got Twenty Cents a Dozen.

I'm the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I got Two Cents a Dozen.

I'm the Express Company that Shipped the Egg
From the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I got Four Cents a Dozen.

I'm the Railroad that Carried the Egg
For the Express Company that Shipped the Egg
From the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I got Four Cents a Dozen.

I'm the Wholesaler who Cold-Stored the Egg
After the Railroad Carried the Egg
For the Express Company that Shipped the Egg
From the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I sold the Eggs for Forty Cents a Dozen.

I'm the Jobber who Passed Along the Egg
From the Wholesaler who Cold-Stored the Egg
After the Railroad Carried the Egg
For the Express Company that Shipped the Egg
From the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I sold the Eggs for Forty-eight Cents a Dozen.

I'm the Grocer who Sold the Egg
I got from the Jobber who Passed Along the Egg
From the Wholesaler who Cold-Stored the Egg
After the Railroad Carried the Egg
For the Express Company that Shipped the Egg
From the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I sold the Eggs for Sixty Cents a Dozen.

How true is the Story of the "Ancient Egg" as applied to the ordinary method of selling clothing.

Eighty per cent. of the clothing business of the United States is conducted on the "Ancient Egg" principle.

From the time the Garment is made until it is sold, in the ordinary clothing store, the profits are plastered on from step to step like in the story of the "Ancient Egg," and YOU pay the profits.

THE P & Q SHOP

Sell clothing on the same plan as the farmer who owns the hen, sells the eggs! AT THE TRUE PRICE.

There is no jobber—no middleman—no drummer—no credit. We own the Hen—we make the clothes and we sell them DIRECT to you through our own stores. We save you all the intermediate profits—and give you the best cloth, style, fit and workmanship at the true prices.

P & Q Clothes at \$12 and \$17 and P & Q Super Clothes at \$20 are equal to any that sell at \$5 to \$10 more in ordinary stores—put us to the test, we'll abide by your decision.

KEY TO GERMANY'S POLICY IN REFUSING TO MAKE DEFINITE TERMS
COPENHAGEN, Oct. 19.—The key to the policy of the German government in refusing to make any definite statements of peace terms is furnished by Herr Hecht, a socialist member of the Reichstag. German newspapers report that the deputy told yesterday how Dr. von Bethmann-Hollweg before his retirement as imperial chancellor declared to the socialist members of the Reichstag that as chancellor he could not commit himself, but must pull out in the peace negotiations whatever could be obtained for Germany. Herr Hecht added this as proof of the ambiguous game the government is playing with its various indefinite peace declarations.

FAILURE TO GIVE GOVERNMENT FINANCIAL SUPPORT DISASTROUS AS DEFEAT IN BATTLE

SPRINGFIELD, Oct. 19.—Former United States Senator Theodore E. Burton of Ohio, now president of the Merchants' National bank of New York, told the cotton manufacturers here today that failure to give the government financial support would be as disastrous as defeat in battle. "National war and municipal governments," Mr. Burton said, "are competing more closely than ever with the life of the individual. The present crisis requires a concentration of control and it is unlikely that there

will be a complete return to the methods of independent action that existed before the war. A new conception of political duty is demanded and all must contribute to the common welfare by earnest study of public questions and participation in politics even though the machinery of politics be distasteful."

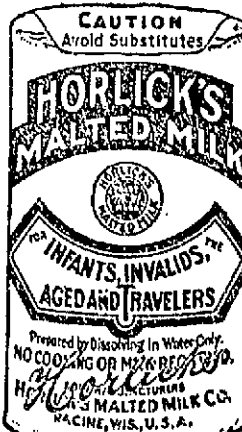

Jacob R. Ruhl, a Mannheim, Penn., carpenter, is using a saw that was bought in 1864 and has been in use ever since.

SEC. McADOO AT DENVER
DENVER, Colo., Oct. 19.—Secretary of the Treasury William G. McAdoo, who is making a tour of the country in behalf of the Liberty loan, arrived in Denver today. He is to make two speeches here during the day and at night he will address a Liberty loan mass meeting at Colorado Springs.

Ralph Patch, aged 8, of East Walworth, N.Y., planted one potato which yielded 34 large and 4 small potatoes.

STRIKING SHIP BUILDERS ARE PATRIOTIC

PORTLAND, Ore., Oct. 19.—Proof of the lie has been hurled at greedy employers who have endeavored to cast aspersions upon the loyalty of striking ship builders in the great Columbia river basin section.

Anxious for every profit drop that might be squeezed from the nation's need, employers have refused to consider wage ideas or hold conferences with their striking employees.

Incidentally they have used what they deemed to be the timely bugaboo of slack patriotism among the workers.

With ship yards silent in the Columbia river basin and Uncle Sam pleading for his badly needed emergency fleet the organized workers of Oregon send this message to the people and the government:

"Give us the building material and we will operate the yards and build the ships for wages only. Furthermore we will guarantee the government an all round better deal than it may expect from construction under private management. We will save time and money."

In other words, Labor asks that the government commandeer the ship yards, settle a fair wage on the workers and permit elimination of unskilled, high salaried and inexperienced management.

Despite suggestions and even demands of the emergency fleet corporation at Washington to ship builders in Oregon that they effect a settlement with their men, even a conference was refused.

One of the most notable documents drawn in years was recently adopted at a mass meeting of five thousand workers in this city. The resolution was drawn in the heart of the ship building country and is strong evidence of what may be accomplished in humanity's fight against the Hun, if private greed is not permitted to interfere. Two of the most striking paragraphs of the resolution follow:

Be it resolved, that we, the union shipbuilders of the Willamette and Columbia rivers respectfully petition the government of the United States to commandeer the shipyards on these rivers and allow us the opportunity to demonstrate our loyalty and patriotism by completing these ships in the least possible time.

Be it further resolved, that we assure the United States government of our ability to carry this enterprise to a successful termination, and that we will guarantee the government a great saving both in time and money in the construction of these ships by the elimination of unskilled, high salaried, inexperienced management, and that we, the union shipbuilders of the Willamette and Columbia rivers, offer our services to the government of the United States free of all profits and cost, except the necessary wages of the men and cost of material, and under such conditions as are mutually agreed upon, and on our part guarantee to place competent shipbuilders in the management of these several yards to superintend and direct the construction of these ships.

SINISTER INFLUENCE BACK OF SCHOOL RIOTS

NEW YORK, Oct. 19.—Investigation of what he termed the "strong sinister influence" back of the strike of school children of New York against the so-called Gary system will be made by the board of education, according to an announcement made last night by Pres. William G. Wilcox, after he had received reports of rioting during the day, in which crowds

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated, Give "California Syrup of Figs"

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

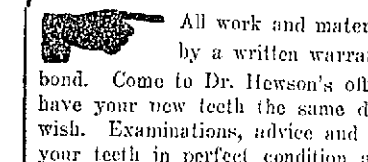

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of California Syrup of Figs, which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

Dr. Hewson will safeguard your communicating trench—your mouth.

All work and materials are guaranteed for ten years by a written warranty as good as a U. S. Treasury bond. Come to Dr. Hewson's office in the morning, and you can have your new teeth the same day extractions are made, if you wish. Examinations, advice and estimates of the cost of putting your teeth in perfect condition are free.

Only at Dr. Hewson's Office can you secure this invisible, rootless, gumless, invisible dental plate that cannot drop, rock, nor come loose. The closest observer cannot detect its presence in the mouth. Demonstration Free.

Twenty-two years successful practice has established our reputation and proven the worth of our guarantees.

Dr. Hewson Dental Co. NO. 40 CENTRAL STREET
Lady Attendant. Wednesday and Thursday Closed at 6 P. M. No Students Employed. Office Not Open on Sundays.

Cocoanut Oil Makes a Splendid Shampoo

Its creamy lather cleanses the hair, keeps scalp soft and pliable, removes dandruff, dirt, dust, excess oil—rinses out easily and quickly. Your hair will appear very much heavier and thicker than it is—fine, silky, fresh and healthy looking—fluffy, wavy and particularly easy to dress when frequently shampooed with

Hay's Cocoanut Oil Shampoo

The only kind that does not dry out the natural oils or make the hair dry and brittle no matter how often you use it. Get a bottle of the genuine today at your drugstore and find out why it is guaranteed to be so much better for your hair than ordinary shampoos. The Hay Co., Newark, N. J.

The names of any persons attempting to intimidate them in connection with making contributions to the Liberty Loan and promising that prosecutions to the full extent of the law would follow.

The secretary's statement was prompted by reports from various parts of the country that depositors have threatened banks with withdrawals if they subscribed to the loan. It follows:

"From several sections of the country bankers have reported to me that some of their customers have threatened to withdraw deposits if their banks subscribed to the Liberty Loan. Such attempts at intimidation are made by disloyal and traitorous persons and are serious offenses against the law, for which stern punishment should be inflicted."

"I earnestly request any bank, state or national, against which such threats have been made, to report immediately by telegram or letter the secretary of the treasury, Washington, the names and addresses of the person or persons guilty of such disloyal and traitorous action and I shall see to it that they are dealt with to the limit of the law."

"I also request such banks to inform me immediately if any deposits are withdrawn because they subscribed to the Liberty Loan, giving me the name of the person or persons who have made such withdrawals."

"Every bank in the United States subscribing to the bonds of the United States government will be protected with all the power and resources of the government. No bank shall be punished for doing its patriotic duty or assisting the government to prosecute the war to a swift and victorious conclusion."

THE MASS. BUREAU OF IMMIGRATION

The following notice is sent out by the state bureau of immigration:

The commonwealth has created for the service of its residents of foreign origin, especially those from non-English speaking countries, a state bureau of immigration.

The office of the bureau is intended to provide contact between the state and its foreign-born residents, so that each may learn more of the other and how each may be helpful to the other, and thus, through mutual co-operation, strengthen the bond of friendship and good-will which already exists.

In a strange country, speaking a strange language, meeting strange customs, and with new experiences in everyday life at home and in employment, residents of foreign birth often meet problems for which trustworthy

explanation, advice and guidance would be of great advantage.

This service the Massachusetts bureau of immigration is created to perform. It earnestly desires and proposes to merit the confidence and friendly co-operation of all those who have come to Massachusetts to find freedom, opportunity and happiness under the laws and institutions of our common country.

Whatever and whenever questions arise affecting these interests you are invited to come to the office of the bureau in the state house. You will there be given courteous attention, opportunity to state your difficulties and an honest endeavor will be made to solve it.

The office will be open from 9 a. m. until 5 p. m. every weekday, except Saturday, when it will close at noon.

Massachusetts Bureau of Immigration. Bernard J. Rothwell, Chairman.

Mrs. Roger Wolcott, President. Calais. Carroll W. Doten, Edw. V. Hickey, Executive Secretary.

ANNUAL MEETING OF NORTH MIDDLESEX UNITARIAN CONFERENCE HELD IN PEPPERELL

The annual meeting of the North Middlesex Unitarian Conference was held yesterday in the First Parish church, Pepperell. The session was opened at 10.30 o'clock, Thomas H. Elliott of this city presiding. Rev. George C. Wright, secretary, read the minutes of the previous meeting and the financial report was also submitted.

Rev. A. R. Hussey made a report on the recent national conference held in Montreal.

Rev. Edward Cummings of Boston, who was to speak on "Religion and Patriotism," was unable to be present.

The president spoke briefly on the necessity of matching the work of the women in the churches with the work of the men.

Rev. Dudley Richards Child, minister of the Pepperell church, told of the union of the different denominations in Pepperell, holding weekly meetings to consider the welfare of the town.

Rev. M. R. Townsend of Nashua spoke of union services held in Nashua, with encouraging success.

The roll call of the churches showed 11 delegates and the minister present from Lowell with the churches in towns near Pepperell well represented.

The session closed with a devotional service.

At 12.15 luncheon was served by the ladies of the Pepperell society in the town hall.

The following officers were re-elected for the ensuing term: President Thomas H. Elliott of Lowell; Vice President Warren G. Howe of Nashua; Mrs. Daniel Vandum of Groton; H. P. Brigham of Ashby; Nathaniel A. Shattuck of Pepperell; secretary, Rev. George C. Wright of Lowell; treasurer, Joseph A. Harwood of Littleton.

The address of the afternoon was by Rev. Samuel R. Maxwell of Boston, "Ownership of the Church in the Present Crisis."

PREMIER MURRAY OF NOVA SCOTIA DECLINES TO ENTER NEW UNION GOVERNMENT

OTTAWA, Ont., Oct. 19.—Premier George Murray of Nova Scotia, has declined to enter the new union government. Sir Robert Borden received a message last night from Premier Murray stating that he would be unable to accept membership in the new ministry. No reasons were given. It is now expected that the place tendered Mr. Murray will be offered to M. A. MacLean, liberal member of parliament for the city of Halifax.

SEC. LANE SERIOUSLY ILL

TRENTON, N. J., Oct. 19.—Secretary of the Interior Franklin K. Lane, while on his way from Washington to New York yesterday, was taken suddenly ill with an attack of grippe on the train just before reaching the city, and when he arrived here he immediately returned to Washington.

Earlier in the day Secretary Lane had addressed a meeting of Liberty Loan workers in Philadelphia.

WASHINGTON, Oct. 19.—Secretary Lane returned to Washington last night suffering from a deep cold. The cold was contracted during Mr. Lane's recent tour of the west, and has been growing worse from day to day.

DELEGATES TO COTTON MEN'S CONVENTION VISIT VARIOUS MILLS IN SPRINGFIELD

SPRINGFIELD, Oct. 19.—A visit to various mills in this city was arranged for today for the delegates to the semi-annual meeting of the National Association of Cotton Manufacturers. A business session also was held with addresses on current cotton growing and manufacturing conditions.

Title to Bruce Island, a 12,000-acre tract of rich land in the Mississippi river, opposite St. Genevieve, Mo., has been awarded by the federal court for the Southern District of Illinois to John R. Boas, who has lived on the island for 25 years.

PIN WALLOPERS BUSY
ON LOCAL ALLEYS

There was something doing in Kittredge's Minor league last night. It was the opening game and enthusiasm ran high. The Congress team proved to be the topnotchers, Burns slugging the pins at the end of the alley to the tune of 346. His bowling was consistent, only varying eight pins from the lowest score in the first string to the highest in the second. The scores:

COX WINS THRILLING
EVENT AGAINST GEERS

ATLANTA, Ga., Oct. 19.—A world's record for 3-year-old trotters by Miss Bertha Dillon and the defeat of St. Frisco, with Ed Geers driving, by Mabel Trask, reined by Walter Cox in the 2:08 class trotting, were features of yesterday's program of Grand Circuit races at the Southeastern fair.

In the Matron stake the record was smashed. The purse was \$551.50, Miss Dillon, lowered her own record in the second heat when she trotted the mile in 2:04 1/2. Harvest Gale pushed the winner close in this heat, finishing but one quarter of a second back of the winner, tying the former record.

Mabel Trask and St. Frisco, those two old rivals in the free-for-all trot, staged a hectic battle that required three heats. In the first heat Mabel Trask won by a nose. In the second she broke badly on the last turn, and St. Frisco cantored in an easy winner. In the third and final heat St. Frisco took the lead at the start and maintained it until the last stretch, when Mabel Trask took the lead and raced home a half length ahead.

Peter June, the favorite in the two-year-old trotting class, broke badly in the first heat and in the second heat held the lead until the stretch, only to be passed by Ruth Mainstreet, who won both of the heats. The 2:08 class, trotting, required five heats, and even then no decision was reached. Straight Sail won the first heat, Peter Chenault the second and fifth, and Bacall the third and fourth. Bury's Lassie and Miss Perfection were eliminated from the fifth heat by the rules. The summary:

TWO-YEAR-OLD TROT, 2 IN 3
Purse \$500.
Ruth Mainstreet, brf. by Mainstreet (Murphy) 1
Peter June, chf. (Geers) 2
Truxion, br (Cox) 3
Time, 2:01 1/2, 2:03 1/2.

MATRON STAKE, 3-YEAR-OLD TROT, 3 IN 3
Value \$551.50.
Miss Bertha Dillon, chf. by Dillon (Axworthy (Serrill)) 1
Harvest Gale, brf (Cox) 2
Worthy Volo, chf (McDonald) 3
Kelly Dearest, br (Murphy) 4
Time, 2:07 1/2, 2:03 1/2.

FREE-FOR-ALL TROT, 2 IN 3
Purse \$500.
Mabel Trask, chf. by Peter the Great (Cox) 1
St. Frisco, br. by San Francisco (Giers) 2
Mose D. br (Wright) 3
Time, 2:04 1/2, 2:05, 2:03 1/2.

2:08 CLASS TROT, 3 IN 5 (UNFINISHED)
Purse \$2500.
Bacall, br. by Bertin White 4 1 1 2
Peter Chenault, br. by Peter the Great (Murphy) 1 5 6 1
Daisy Todd, br. (McDonald) 2 6 3 4
Straight Sail, br. by Mainstreet (Valentine) 1 6 4 2 3
Bury's Lassie, br (Cox) 3 3 3 5 1
Miss Perfection, br (Mable) 5 2 4
Time 2:07 1/2, 2:06 1/2, 2:08, 2:07 1/2, 2:07 1/2.

POLO MAY BE RESUMED
Fred Moore, manager of the Crescent rink, will go to Providence, R. I., tomorrow to attend a meeting called for the purpose of organizing a polo league, to include Lowell, Lawrence, Fall River, Brockton, Taunton, Worcester and either New Bedford or Springfield.

The Crescent rink is an ideal place for polo, and the floor is considered one of the best skating surfaces in New England.

MIKE WRENN GETS OFFER
FROM DETROIT, MICH.

Michael Wrenn, the local police officer and swimming instructor, has received an offer from Detroit, Michigan, to take charge of a big swimming pool there next summer. The wonderful stunts executed by Wrenn, while at the local municipal swimming pool the past season, were brought to the attention of the De-

MICHAEL WRENN

troit officials and they were particularly impressed with his feat of swimming across the Merrimack river, strapped to a chair. This task which is without doubt one of the most daring ever attempted by a swimmer, was pulled off by Wrenn during the exhibitions given at the formal closing of the local pool. All who witnessed the performance were astounded, and many expressed fear that it would never be accomplished. He was tied and strapped as tight as possible, and then lifted into a boat. He was then taken to midstream and thrown overboard. He remained under water some time, then came to the surface, to catch his breath. The only means he had of propelling himself, was by his toes, (as will be seen in the above picture, which was taken during the accomplishment of the feat). He floated along, pointing at a remarkably fast clip, and when the other side of the river was reached, he was pulled out of the water as fresh as a daisy. This stunt is one of Wrenn's many remarkable achievements, and it has been truthfully said that there isn't anything that he will not try in the water. He is not only a trick artist, but a powerful long distance swimmer. He used to teach distance swimming from Nashua to Lowell, and has won practically all the fresh water tripe and endurance events held in and around Lowell for several years. During the past summer season,

while stationed at the local swimming pool, he and Officer Mat McCann, the other instructor, taught hundreds of boys and girls how to swim, and succeeded in developing many very good swimmers.

SUGAR SHORTAGE

Continued
plants have either discontinued business or reduced their operating schedule to half a day. All of the factories in New England were put on a strict day basis last week with no overtime or night work, and hundreds of salesmen were called in for the reason that many orders by mail and telegraph could not be handled.

New York Faces Famine
NEW YORK, Oct. 19.—With wholesale sources of supply virtually shut off and refineries unable to get the raw material, New York is threatened with a sugar famine. Many stores have been without sugar for several days and those dealers who have a supply on hand are limiting sales to customers. Prices

have gone up and some sales as high as 15 cents a pound have been reported. Henry Moskowitz, the newly appointed city commissioner of markets, planned to meet with refiners, wholesalers and retailers today in an effort to arrive at some solution of the difficulty. Meanwhile, householders have been urged by the commissioner to practice rigid economy in the sugar supply. Many restaurants already have abolished the sugar bowl and customers are served one lump spoon.

To Curtail Supply of Candy

CHICAGO, Oct. 19.—A nation-wide shortage of sugar which threatens to curtail the supply of candy for the Christmas holidays, will be less felt in Chicago than elsewhere, according to wholesalers. The promise of relief for Chicago, it was stated today, is the result of a "gentlemen's agreement" between the western beet sugar manufacturers and wholesalers that this city shall be taken care of first.

Reports from various cities received here indicated that meagre supplies are held by retailers and that in many

places dealers are refusing to sell more than one pound to a customer. The sugar beet harvest is now under way in the west and the product will begin to be marketed about the last of next week. Chicago dealers expect to have shipments of the new sugar within ten days but many sections of the country, it is said, will get none of the new crop for sixty days or more.

Sugar Eight Cents Pound

SAN FRANCISCO, Oct. 19.—The United States food administration announced, in a telegram received by sugar manufacturers here yesterday, that the retail price of sugar in small lots in San Francisco should be approximately eight cents a pound, the price for all western states to be based on this figure. As the retail price is not regulated by law, the food administration, through co-operation of newspapers, hopes to prevent excessive charges by informing the public what it should be.

FOOTBALL AT SPALDING
PARK TOMORROW

Perhaps the chief element of interest in the coming football game tomorrow afternoon at Spalding park between Lowell high and the Boston high school of commerce lies in the fact that it will afford an opportunity to local fans to compare the local eleven with Lawrence high's team. The Boston school met Lawrence last week and defeated the down river representatives. If Lowell can win tomorrow's game or even tie the score it will mean supremacy over the local eleven's most formidable rival.

The game will start at 2:30 and it is expected that a large crowd of the Lowell student body will be on hand to urge on the men. The Lowell hospital list is almost completely erased and the team will go into the game tomorrow at topnotch strength. Although Lowell has not won a game this season her performances in the three contests already out of the way have shown real quality. She has bucked up against first class teams and either held them to a tie or almost negligible score.

HOOVER ON FOOD PRICES

It will offer some assurance to the much abused public to find Mr. Hoover declaring that food prices at present are far too high—a fact well known to the consumers—and that they are bound to drop from now until January 1.

"Flour," says Mr. Hoover, "is selling at \$1.50 to \$2.00 a barrel higher than it should be; sugar should be sold for 8-12 cents per pound and the potato crop, although 50 per cent. greater than last year, is now selling at a price wholly unjustifiable."

Mr. Hoover blames the retailers for thus swindling the people, but he intimates that relief is coming. It is to be hoped that his prediction will be verified; but as to this we have serious doubts unless he goes along the line and deals with the offenders in a proper manner.

There is no excuse for the high price of sugar except that there was a great demand for it for canning purposes during the past few weeks. As for potatoes there is no scarcity and no justification for such high prices. The Maine farmers will undoubtedly hold their supply until they have forced up the price. They are in the habit of so doing. The food administrators are authorized by law to prevent dealers and speculators from hoarding potatoes, but nothing is said of the farmers. They can keep their products as long as they please.

That explains why the price of potatoes is so high at the present time. The price of flour is also soaring despite all that has been said and promised. The supply of flour cannot be short thus early and hence with prices already high, the consumer naturally inquires what figure will the price reach next spring.

Hoover has certainly a great opportunity to render much needed service to the people in pulling the swindlers over the coals.

GREAT DETECTIVE WORK

The United States government has done excellent work in putting down various movements intended to paralyze the power of the nation in prosecuting the war. The first and most threatening was the German propaganda and its widespread system of spies, bomb plotters and sabotage workers. Although this menace has not been completely stamped out, its power has been broken to such an extent that today the fragments of the system can do but little harm.

Next came the I.V.W., the leaders of which planned a great strike in the munition factories, on the transportation systems, in the mines, or wherever else a cessation of labor would hamper the preparations for war. The department of justice got to the bottom of these conspiracies and promptly arrested the leaders who are now awaiting trial, and many of whom, like Joe Ettore, Haywood and others, disavow any intention of wrong doing. But the government in these as in other similar cases undoubtedly has good grounds for its action.

The revelations by Secretary Lansing as to the negotiations of certain alleged patriots with the German government have also served a good purpose. Thus the elements of opposition to the war have been largely suppressed.

Now, however, Secretary McAdoo announces an effort to discredit the Liberty Loan with a view to preventing its success. The government can be relied upon to reach these offenders also and to bring them to justice as has been done in so many other cases with a degree of detective cleverness that has astonished not only this country but the officials of all the other governments involved in the war.

KNOCKING MANSFIELD

The republican papers of the state are raising a great howl because Mr. Mansfield, the democratic candidate for governor, says if he be elected governor he will do all in his power to bring down the cost of necessities of life. The answer hurled back at him is: "What could you do?" Well, Mr. Mansfield would at least try, which is more than his opponent has done.

It would not be outside the scope of the governor's official duties to remonstrate with the federal administrators at Washington against the high price of sugar, of potatoes, and of flour. If he did not succeed in getting the prices reduced, he would at least cause inquiry to be made as to whether these prices were due to manipulation of the supply for the purpose of private profit.

There are many instances in which prices are forced up by influences solely under state control. The governor could deal with such cases in the interests of the people. We feel that Mr. Mansfield is not open to criticism for making such a statement. Rather is Governor McCall to be criticized for indifference to soaring prices without an effort to find relief.

WE'VE JUST BEGUN

We gave the Kaiser and his Prussian junkers a mighty blow when we over-subscribed the first Liberty loan. We showed him we meant business—with money as well as men. Now we have the privilege of hitting him even harder with our subscriptions to the second Liberty loan.

The first Liberty loan victory was

magnificent, but it was only the first.

After John Paul Jones had won his first great victory he said, "I have not yet begun to fight!"

Every American citizen can be a modern John Paul Jones. With his first Liberty Loan bond paid for, the second subscribed for, he can tell the autocratic war lord "I have not yet begun to fight!"

No flag victory on the western front will jolt the Kaiser as much as the unanimous yell from millions of American throats that what has been loaned our government is but a drop in the bucket to what we will do to rid the world of Kaiserism.

Lowell is doing her duty and it is hoped will make a garrison finish on the Liberty Loan. The people must do their part as the government does not want to have rich men take large amounts of it. In that way they can escape various other taxes.

YEAR FROM NEXT CHRISTMAS

The war may end about a year from next Christmas, if the Allies will vary their mode of warfare. They will have to strike elsewhere than on the western front. They should push forward in the campaign in Mesopotamia, march from Saloniki into Bulgaria and cut the great railroad artery which is part of an uninterrupted line of communication from Berlin almost to Bagdad. The Allies lost several opportunities of doing this. They would have to conduct a campaign over rough country, but it would be better to do this and build a railroad as they proceeded than keep on their ineffective hammering at other points. The Allies must be ready to put into operation a thoroughly new plan of campaign next spring, one that will confound all Germany's modes of defense and call for a longer line of defense than yet provided.

THE MARKET BASKET

There has been a great cry from stores for the market basket but no store in town showed enterprise

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

enough to supply market baskets at a reasonable price. The cheapest to be had in a basket that is worth carrying home is 50 cents. It seems that some advocates of the market basket might provide them at a lower price.

The German agents in Argentina are appeasing the anger of the nation by bidding up the market price of beef and hides, the chief export products of that republic. Argentina, it seems, is being directed by a president who, to say the least, is not a German hater.

The toll of the U-boats is much lower, but they boast of hitting an American destroyer for the first time. That will help to stir the other destroyers to more vigorous action.

Yes, the street car service is somewhat improved; but there is a wide field yet to cover and Supt. Hickey is working sixteen hours a day.

SEEN AND HEARD

No one, no matter how independent, says all the things he would like to say—and perhaps it is best that he doesn't.

A German submarine fired on lifeboats containing Americans as they were leaving a torpedoed steamer. If you want to assist in discouraging this sort of thing buy a Liberty bond.

A Much Mourned Cat

"Miss Blank, the nurse, has lost her intelligent cat. All her friends from surrounding towns and cities will be sorry to learn of her death. Sister, nieces, nephews, are grieving for her. Her age was 14 years and four months. She was entered to just the same as a child. Her name was Ernest B. Blank. Now, I will go to bed with a broken heart. The grocers and butchers will miss her."

The above is a transcription of a news item that was sent in for publication to one of the country's wonderers of the Enterprise. The correspondent sent it in with this comment: "One of the trials of a country reporter."—Dorchester Enterprise.

Handicapped

They wouldn't let him play with the rough little boys who lived in the neighborhood. They told him to behave of the tough little boys. And they made it understood that a good little boy mustn't grub around. With the "common" little boys at all. But must stay right close to his own home ground. And be safe from a fight or brawl.

They said he could mingle with enough little boys. Who came from the "better class." So he wouldn't have to frolic with the tough little boys. To make his playtime pass; And thus he was coddled to his man's estate. In a perfectly proper way. And they sent him forward to combat his fate. With the world's grim game to play.

And there he struggled with the rough little boys. Who had also aged and grown. But he hadn't ever traveled with these tough little boys. And he could not hold his own. For he hadn't understand 'em or the things they did. And his failure came to pass. Since he hadn't learned to battle, with a right young kid. With the tough little boys. And the rough little boys. Who came from the "lower class."—Berton Gray.

Some Potato Vine

The Middleboro Gazette springs a yarn which it offers as a rival to the unreasonable ones of E. P. D. Carlier. Potato of that town, who brings in stories of seeing snakes in midwinter, the first bluebird in the spring, and of deer

that try to pull off the stunt of stealing from Eaton's dinner box a portion of his list of frozen apples and ginger tea. But this story differs somewhat from Eaton's, in that it has bona fide well-known and thus is well authenticated. This time Josiah F. Pennington of North street comes into the limelight, bringing with him the title of "Plymouth County Champion Potato Vine Grower." Mr. Pennington raised potatoes on his front lawn during the past season and from one eye raised a hill of seven potatoes which nearly filled a peck measure. The vine from this hill measured seven and one-half feet in length and has been on exhibition, thus disproving the old belief of tall vines and small potatoes. Mr. Pennington's claim to the championship in this line is well grounded, as many witnesses will testify. Next!

All She Wanted for \$5

This is a copy of a letter received by a picture-curling concern:

Dear Sirs—I am sending you two photos and \$5. I want you to have this work done as perfect as possible. There is a little alteration which I want made. I want you to take the man from the single picture, which is my father, and paint him standing behind my mother which is sitting in the chair on the grape picture, or put him setting in another chair beside the girl on the same picture whichever you think will look the best to make a good picture, but I want the four persons in one big good picture. You will see that the picture has a redish hair, please try to get the others without say of that, also you will see that our eyes in the grape picture is raised too high, please fix them looking natural, also put our

eyebrows thick and natural, and make our faces as pleasant looking as possible. Also you will notice in the picture that the girls dress is not sitting good from the waste down, please fix that setting smoothly as the breeze was blowing so hard in the yard that I could not keep my skirt setting in good shape around me, so please rectify all these faults which I mention and make me a good picture as I want to keep it in memory of my family as we are now; you may put it in rich brown or sepia tint whichever you think suits the picture the best, let the photos be enlarged but full stature the same as the original.

COSGROVE ON STUMP FOR MANSFIELD

BOSTON, Oct. 19.—Frederick W. Mansfield, democratic gubernatorial candidate, continued to assail Governor McCall yesterday, and at a series of rallies which embraced Roadville, Waltham and Watertown and wound up last night with an enthusiastic meeting in the Dudley Street Opera House, the democratic leader blamed the governor for the present high price of milk and other foodstuffs, censured him for vetoing the Merrimack river improvement bill and urged the voters to stand back of President Wilson by putting the democratic party in power in Massachusetts.

Plea to Progressives
Matthew Hale, democratic candidate for Lieutenant-governor, accompanied Mr. Mansfield, and with them appeared Daniel Cosgrove of Lowell, who, in 1913, was the running mate of Charles Sumner Bird on the state progressive ticket. Mr. Cosgrove told the voters that he believed the republican party was reactionary, and he called upon all good progressives and liberal minded republicans to vote the democratic ticket in support of the president.

Mr. Mansfield said in part: "If milk is to be 14 cents a quart, how much is it going to be a pint? This sounds like a simple question in mental arithmetic, but it is not as simple as it looks. Noters have been received by the consumers that milk is to be 14 cents a quart, but 8-12 cents a pint. The high price of milk will force many persons to take but a pint of milk, and a single pint of milk will be at the rate of nine cents per pint, which will be at the rate of 13 cents a quart.

Chance for Consumers
"Mr. Endicott, in his speech last night at the Rent and Shoe club dinner, took occasion to say that the governor had been advised for the price of milk being 14 cents. I did not say that the governor fixed this price. What I did say was, and what I say now is, that the governor, if he showed any interest in the question, could have insisted upon a public hearing where the consumers would be represented. If they were represented there would not be the dissatisfaction that is being evidenced everywhere.

Prices Can Be Lowered
"The last investigation as to the cost of food was suppressed until a certain Boston newspaper discovered the concealment and published the whole story about the 'best' trust. Prices can be lowered if the government wants to do it. If he cannot do

it with the tremendous power the legislature has given him, then it is time he made a rule that they will not have made a rule that they will not sell sugar to the consumer without the expenditure of a certain amount of money for other articles. This is another tremendous hardship upon the poor people that could be rectified by the governor if he thought enough about the people to investigate."

Kobe, one of the most interesting cities of Japan, is to have an elevated railway. It will connect Fukui and Takatori with the center of the ancient city.

Skin troubles are unsightly! Resinol heals eruptions

Only those who have undergone them can realize the mental and physical discomforts which many skin affections cause. The distressing appearance and the intolerable itching and burning too often make life really miserable. Yet Resinol Ointment, aided by Resinol Soap, generally overcomes these troubles promptly, even if they are severe and long-established. The Resinol treatment stops itching instantly.

Resinol Ointment and Resinol Soap are sold by all druggists. Why don't you try them?

BLAMES CROWN PRINCE FOR GERMAN POLICIES

BOSTON, Oct. 19.—That the crown prince and not the emperor is to blame for the present political policies of Germany; that one of her hardest problems in the war is to learn to curtail and change her food habits; and that the women of America owe it to the women of France to substitute corn and other grains for white flour in bread making, were statements made before a large gathering of City club members last evening by Dr. Alonzo Taylor of Washington, assistant to Food Administrator Herbert Hoover.

The present political policies of Germany are not those of the Kaiser, he said, but of much stronger forces. The present emperor of Germany is strongly opposed to Zeppelin raids, ruthless submarine warfare and gas attacks. But the emperor is regarded by the ruling class of Germany as a temporary misfit, and it is to the crown prince this class looks.

Dr. Taylor said the German people have given themselves over to a political machine and, while retaining their right of thought, have placed themselves absolutely at the command of this machine to be disposed of as it may wish.

"Savings and savings alone can win a war," he said, "and this is a lesson we must learn."

"There is no currency in Germany, except as a sign of barter. The money has no value. It is all fictitious. Everyone is working for the government. It is fed and clothed by the government. The single man, for example, is permitted to retain \$1.50 per week for sustenance. The rest of his salary must be deposited in a savings bank to his account. And when the government wishes to float a new loan it calls on the banks to deliver up this money as a loan to the government from the individual to whom the account is credited."

"The United States is now almost isolated, so far as trade conditions are concerned. And we are in a worse position than Germany because there is not a nation on earth that doesn't want something from us."

He stated that meat, dairy products, sugar and wheat are short this year. "The time has come," he said, "when we must decide on one of two courses: whether we will divide the available supply equally with our allies, or whether we will continue as nearly as possible on our own consumption; or whether we will let our allies suffer."

"Since the war began, with the single exception of wheat, we have consumed the same as under normal conditions, and our allies have suffered."

John N. Cole presided at the dinner, which preceded the speaking. Charles F. Wood, former president of the Boston chamber of commerce, spoke on the coal situation. He characterized our pitiful situation as "very bad," saying it would be \$600,000 tons short Jan. 1 next, but that the anthracite situation need not give concern to any one.

Charles F. Johnson, Jr., urged these points to aid the Liberty loan campaign.

ADMIRAL MAYO REPORTS TO PRES. WILSON

WASHINGTON, Oct. 19.—Admiral Mayo, commander of the Atlantic fleet, who has just returned from the allied naval conference in London, went to the White House today accompanied by Secretary Daniels, to make his personal report to President Wilson. The admiral went abroad at the president's personal direction to discuss further means of naval cooperation with the allied fleets.

SALE BY CONANT & CO.
J. E. Conant & Co., auctioneers of this city, sold the real and personal properties of the Florence Co. of Florence on Wednesday and Thursday of this week, and the sale on the whole was a great success. Among the purchasers at the sale were representatives of prominent firms not only in this state but in Maine and New York. The total amount realized from the sale is believed to be more than \$45,000.

RUSSIA'S CAPITAL Continued

raids have been carried out after the guns had prepared the way and several scores of prisoners have been brought in by the French infantrymen, who likewise inflicted notable damage while they were within the German lines.

German Attack Repulsed
The activity of the German infantry along the French front apparently was continued last night to the Verdun region. Here another local attack was made on the French lines east of the Meuse, which the French repulsed.

Heavy Bombardment
Field Marshal Haig's report from the Flanders front today gave little idea of what is occurring in this important fighting area. Only the activity of the German artillery at certain points was mentioned. Berlin's statement, however, indicates that an extremely heavy bombardment is in progress in Flanders, the area where the big gun fire is intense taking in the front occupied by the French, near Houlost wood on the British left flank, as well as the lines to the south held by the British themselves.

British Airmen Active
Recent reports have made it apparent that the British airmen have been fighting actively, flying far behind the German lines and handling roughly the enemy formations that attempted to penetrate behind the British front, the clear weather prevailing, facilitating these important preliminary operations.

Remove Russian Capital
PETROGRAD, Oct. 19.—The government has definitely determined to move to Moscow in the very near future.

The newspapers publish an official announcement that the evacuation of the fortified port of Revel, on the Baltic at the entrance to the Gulf of Finland, has begun.

The schools at Revel have been closed. The inhabitants of the city are being sent to the interior of Russia.

An announcement that the government will move to Moscow was made by M. Kishkin, minister of public welfare.

The sailors of the main Baltic fleet are reported to be keen to fight. The men at Kronstadt are demanding that the ships be sent out to meet the German fleet.

The government is understood to have taken the position that as the enemy forces are of superior size it would be disastrous to leave Petrograd undefended.

After the capture of Riga, by the Germans, preparations for removal of the government to Moscow were begun.

The failure of the Germans to begin their offensive after taking Riga as well as the approach of winter weather, making open campaigning impracticable, relieved the fear for the safety of Petrograd for the near future.

Last week announcement was made that the preparations for transferring the seat of government had been stopped, as there was no necessity, at least for some time. The new offensive operations by the Germans, resulting in the capture of Oesel and Moon islands, and the threat of an invasion of Esthonia, again changed the situation, however, and may be responsible for the decision to remove the government to Moscow.

The turbulent political conditions in Petrograd and the presence there of large numbers of extremists and agitators may also have influenced the change.

A town of about 65,000, two hundred miles southwest of Petrograd, is a naval station and, with Helsinki and Hango, on the north coast of the Gulf of Finland, guards the approaches to the gulf. The landing of German forces on the Estonian coast would menace this town from the rear.

No News of Removal
WASHINGTON, Oct. 19.—Russian officials here had no despatches today on the removal of the Russian provisional government from Petrograd to Moscow.

German Holding Party Repulsed
LONDON, Oct. 19.—We repulsed a hostile raiding party last night east of Yvermes, says today official statement. "We did not casualties."

On the battle front the enemy's artillery activity has been directed chiefly against positions in the neighborhood of the Menin road and against Zonnebeke.

Artillery Fire
BERLIN, Oct. 19, via London.—Notably violent artillery fire was kept yesterday on the Flanders front at the northern end of the Meuse, between Gheluvelt and Zandvoorde, army headquarters announced today.

French Cut German Lines
PARIS, Oct. 19.—The French last night attacked the German lines on the Aisne front after a heavy bombardment. The war office reports that the German positions were penetrated and that 100 prisoners were taken.

A German attack on the Verdun front, on the right bank of the Meuse, was repulsed.

British Air Raid
LONDON, Oct. 19.—"Many bombs were dropped yesterday, with satisfactory result on the Varsener air-drome. (Flanders) by naval aircraft," says an official announcement given out here today. "All our machines returned safely."

Airmen Beaten Off
AMSTERDAM, Oct. 19.—Reports from Germany, published in Dutch newspapers, are to the effect that the attack on Frankfort-on-the-Main last Friday, by German bombers, caused no damage. Several bombs were dropped, but they struck on vacant ground. The airmen were beaten off by gunfire.

RUSSIAN AVIATOR ARRIVES AT
VLADIKAVKAZ AFTER FLIGHT
OF TEN HOURS

PETROGRAD, Oct. 19.—A Russian aviator has arrived at Vladikavkaz after a flight of ten hours from Tiflis, across the Caucasus mountains.

USE OF COLD STORAGE EGGS AS
ARMY RATIONS TO BE
SUGGESTED

NEW YORK, Oct. 19.—The use of cold storage eggs as army rations will be suggested to the government, it was learned here today, by representatives of the butter and egg exchanges of Boston, Philadelphia, Chicago and New York and the Mercantile Exchange of New York. A committee consisting of one member of each of these markets plans to go to Washington with the further suggestion that the federal food officials fix a price which would be on the usual basis of cost plus 10 per cent.

SEC. LANE BETTER
WASHINGTON, Oct. 19.—Secretary Lane, forced to cancel his Liberty loan speaking trip yesterday because of a heavy cold, was reported much better today and probably will be at his desk in a few days.

MATRIMONIAL
Robert J. Keeler of this city and Miss Louise R. Richardson were married on Wednesday at the home of the bride's mother, Mrs. Joseph H. Richardson in Second street, Chatham, the officiating clergyman being Rev. E. A. Robinson of the Central Congregational church. The bride is a sister of the late Mrs. William St. Peter and while the best man was Walter E. Cunningham of this city. After an extended honeymoon trip the couple will make their home in Dracut street, this city.

Brown-Merrick
James H. Brown and Miss Ellen C. Merrick, both of Forge Village, were married Wednesday at St. Catherine's church by the pastor, Rev. Charles P. Hoarey. The best man was a brother of the groom, John P. Brown, while the bridesmaid was a sister of the bride, Miss Helen Wilkes. After the ceremony a wedding dinner was served at the home of the bride's parents.

St. Peter-Wilkes
Miss Helen Wilkes and Mr. Frank St. Peter were united in marriage Tuesday evening at seven o'clock at the parochial residence of Notre Dame de Lourdes church by Rev. Fr. Lamotte, O.M.I. They were attended by Mr. and Mrs. William St. Peter and were the recipients of numerous wedding gifts. After November 10th, Mr. and Mrs. St. Peter will be at home to their friends at 1220 Middlesex street.

FIND REMEDY FOR POISON GAS

NEW YORK, Oct. 19.—Sir Berkeley George Andrew Moynihan, England's senior consulting surgeon on the battle front and a specialist on abdominal operations, arrived at an Atlantic port yesterday and will go therefrom to Chicago to attend the clinical congress, which will open on Monday. He also will assist the United States Army Medical Corps in its war work. Sir Berkeley said the war had produced wounds almost unique and that surgical genius had been taxed for remedies. He will read at the Chicago meeting papers giving his experience with abdominal wounds and their treatment. He is inspector of the British army hospitals in France and has been devoting some attention to the new poison gas introduced by the Germans.

Sir Berkeley said the new gas is colorless, with a mustard-like odor, and that it rapidly produces open wounds and poisons the blood. It is penetrating and is discoverable only by the odor. The medical and chemical experts of the allies have found a remedy for the gas.

England greeted enthusiastically the decision of the government to make reprisals for Germany's air raids, Sir Berkeley said, but he is inclined to minimize the effect of German air activity, which he suspects claims fewer victims than the London buses in a year. He spoke hopefully of an early termination of the war basing his optimism on the ability and activity of Gen. Haig, a close personal friend, and the new American army.

FIRE FORCES DANISH SHIP INTO PORT

ST. THOMAS, VIRGIN ISLANDS, Oct. 19.—The 3700-ton Danish steamship Virginia, from a port of the United States for Montevideo, put in here today with her cargo afloat.

FORMER KING OF GREECE IN SERIOUS CONDITION

PARIS, Oct. 19.—A Zurich despatch to the Matin says the old wound of former King Constantine of Greece has reopened and that an operation was performed at the Sauerbruch clinic in Zurich yesterday. His condition is said to be grave.

Two operations were performed on Constantine in 1915, the first not having resulted in healing of the wound, and for a time his life was despaired of. Reports were current at the time that he had been stabbed, but they were denied and it was said he was suffering from pleurisy.

TWO RUSSIAN INFANTRY REGIMENTS CAPTURED

BERLIN, Oct. 19, via London.—Two Russian infantry regiments totalling 5000 men were captured on Noon Island, in the Gulf of Riga, it is announced officially. The island is now completely in possession of the Germans.

MEXICO OUR FRIEND, SAYS OREGON

NEW YORK, Oct. 19.—Mexico is no harbor for Germans who are plotting against the United States, Gen. Alvaro Obregon vehemently asserted yesterday. Until May 1 last he was secretary for war in Carranza's cabinet. Gen. Obregon, now at the Hotel Astor, where he will remain a week, deplores any and all stories emanating from Mexico which bespeak that country's hostility to the United States.

"All talk about submarine bases, wireless outfits or a widespread German propaganda in Mexico is pure fiction," Gen. Obregon said. "Our country is too busy rehabilitating its fallen fortunes and working out its own destiny to permit or even connive at such plotting and hatching around there. The people generally are friendly to the United States."

"Several newspapers published in my country have sought to stir up or create the impression that it would be to Mexico's interest to cast its lot with Germany and bring about the downfall of the United States. But the government has been quick to put a quietus on such publications, which never met with popular favor."

Gen. Obregon said Villa, the revolutionist, is now in the Durango mountains, closely pressed by the army of Gen. Murguía, and that his capture is imminent.

Asked what would be the fate of Villa when captured, the general raised the stump of his right arm, shot away by a bullet from a Villa gun, and vehemently exclaimed:

"He will pay with his life for all the outrages he has committed."

Conditions in Mexico are fast becoming normal, Gen. Obregon said. Already new capital is being interested and new enterprises are starting up every day. He said many manufacturers and promoters of mining interests are returning to their old fields and that it is only a question of time when the revolution will have become a memory.

Gen. Obregon denied there was any break between himself and Carranza. He said he had served long and faithfully and that now it was imperative he should withdraw from public life and devote his time to his farming interests in Sonora.

He will go to West Point tomorrow. This trip will complete a tour of the army posts he has made in his transcontinental trip. He arrived in lower California three weeks ago.

Many dinners have been arranged in honor of the Mexican soldier since his arrival here yesterday. Until he departs for Washington, he says, he expects to give himself up to the gaieties that New York alone can provide. The theatres, he said, appear most alluring. He already is deeply impressed by the beauty of the New York women, although he contends that Mexico is still famed for its own women.

Gen. Obregon is accompanied here by Baldamer A. Almada, general purchasing agent of the Mexican provisional government, with headquarters at Los Angeles.

ALLIES TO MAKE PRES. WILSON LEADER

WASHINGTON, Oct. 19.—In advance of definite news concerning the prospective inter-allied war conference in Paris there is a well defined movement under way here in entente diplomatic circles to emphasize the necessity of President Wilson becoming the recognized leader in all future matters of general policy with respect to the war.

The general idea seems to be for the entente nations to maintain leadership on all matters of a military nature, but to regard the United States as the logical leader on matters pertaining to war aims and basic principles involved in the struggle of democracy.

It is pointed out that distinct and far reaching advantages to the common cause would accrue as a logical consequence. Among them are the following:

The more or less contradictory statements of entente statesmen as to war aims would be crystallized into a well defined formula already made clear by President Wilson.

Immediate and important beneficial effects would flow to Russia, now torn between rival factions quarreling over interpretation of war aims.

The German government's contention before its own people that their enemies were waging a "war of conquest" would fall to the ground.

Efforts of the United States and the entente to weaken the allegiance of Germany's allies to the Russian military cause would be greatly facilitated.

Would Benefit Russia Greatly

It is stated here that recognized leadership of President Wilson would be of distinct benefit to Russia at the present critical moment. It is an open secret that President Wilson's policy toward Russia had much to do with saving the situation.

Russia apparently places absolute faith in the principles for which President Wilson is fighting and is ready to fight on to the end for the consummation of these policies. It is therefore regarded as of the utmost importance to Russia to have it understood that the president is at the helm practically, as well as theoretically, in guiding the war aims of the nations against German atrocity.

It is also explained that the United States, not being at war with Austria-Hungary, Turkey or Bulgaria, is in a position to assist toward winning the already warring nations away from the German war cause. The importance of this phase of the international situation is fully recognized.

On matters of military policy the United States will necessarily continue to occupy the role of assisting the entente allies, not only in the matter of men and munitions and ships, but in questions concerning all manner of supplies and food, but it is probable that a distinction will be drawn between the military and political aspects of the situation from now on.

FAVORS HEALTH COLUMN IN NEWSPAPERS

WASHINGTON, Oct. 19.—That a health column in the newspapers might well be as indispensable as the joke column was one of the suggestions for health education offered by Dr. John W. Frank, assistant surgeon-general of the United States public health service, in an address before a section of the American Public Health Association here today. It also was urged that family magazines and educational periodicals "increase their usefulness by maintaining well-edited departments for the discussion of matters relating to personal and community hygiene," for "instruction of the people in the principles of hygiene and sanitation is instruction in how to live successfully and is fully as important as instruction in reading, writing and arithmetic."

The world war and would be hastened by the application of the principles of industrial physiology to plants engaged in the manufacture of war supplies, declared Dr. Frederick S. Lee, of Columbia university, in an address on "The Human Machine in War Industry" before another section of the public health association. Dr. Lee pointed out that "one of the most striking features of the present war is the unprecedented use that is being made of science and that the accomplishments of physiology must be added to those of mechanical engineering and chemistry because men and women are as necessary as ever to the performance of industrial work. Speaking of the human machine in industry, he said:

"Like other industrial machines it can be worked at different speeds, but, unlike other industrial machines, it cannot be worked for an indefinite period because it is subject to the limitation of fatigue. How fatigue can be kept down to its lowest reasonable limit, how the working power of the individual can be maintained from day to day and from week to week and be made to yield a maximum output without detriment to its health and to others—in other words, how the human machine can be used so as to obtain from it the most profit constitutes one of the greatest industrial problems of the day."

Dr. Lee then spoke of the studies being made by British and American committees of war industries, one of the important results of which he said, related to the hours of labor, can be kept down to its lowest reasonable limit, how the working power of the individual can be maintained from day to day and from week to week and be made to yield a maximum output without detriment to its health and to others—in other words, how the human machine can be used so as to obtain from it the most profit constitutes one of the greatest industrial problems of the day."

With a group of 80 to 100 women turning out aluminum fuse-bodies the reduction of the weekly hours of actual work from 68.5 to 45.8, a saving of more than 20 hours, increased the gross production by 5 per cent. When the actual working hours of 36 men

engaged in the heavy labor of sizing fuse bodies were reduced from 58.2 to 51.2, the gross output was increased by 21 per cent.

TOTAL LOANS TO ALLIES
\$2,731,400,000

WASHINGTON, Oct. 19.—The government today advanced to France \$20,000,000 additional, bringing total loans to the allies up to \$2,731,400,000.

A USEFUL THEFT
Charles O. Worthington, aged 25 years and residing at Stafford Springs, Conn., was arrested in Central street this morning by Deputy Sheriff Martin E. S. Anderson, of Gardner, Mass., and Sgt. Thomas J. McLaughlin of the local police, on a warrant charging him with the larceny of a piano, the property of Jacob Bros. of New York.

RED CROSS MEETING
A meeting of the delegates from many of the branches of the Middlesex county chapter of the Red Cross society was held this afternoon at the local quarters in Market street with a large attendance.

Previous to the meeting proper a luncheon was served to the delegates from out of town by the Special Aid committee.

ELGIN LODGE HOLDS MEETING
The regular meeting of Elgin lodge, New England Order of Protection, was held last night. The entertainment committee is planning to have a past wardens' night in the near future to which past wardens, their friends and the general public will be invited. The feature of the occasion will be the dedication of a service flag for the lodge. It will have three stars, for two of the members of the organization are in the service of the United States while a third has enlisted in a Canadian regiment.

DANCING TOMORROW NIGHT
Another dance of the series of Saturday evening dances in the Associate hall will be given tomorrow night and it promises to be a most enjoyable affair. An added feature which will doubtless attract large numbers of lovers of dance and music will be the cabaret contributions of Leo Feist's Singers of Boston who were secured at a great expense and with much difficulty.

UNIVERSALIST CONVENTION
WORCESTER, Oct. 19.—Consideration of church missions occupied much of the time at today's sessions of the Universalist general convention. Home missions, particularly in the south and west formed the topic for several addresses during the day and tonight the work of the missions in Japan will be described by several speakers. There were two business sessions.

FORECLOSURE SALE
Notice is hereby given that the sale by foreclosure, under mortgage from Mary E. Sullivan, to the estate of John J. Sullivan, of the premises at 55 Read street, Lowell, Mass., is postponed until Saturday, November 24, 1917. Sale to be at the same hour, and on the premises, as published.

LUCK A. BORGES, Mortgagee.
Lowell, Mass., Oct. 19, 1917.
019-27-n2

LEGAL NOTICES
Commonwealth of Massachusetts—Middlesex, ss. Probate Court.
Whereas, the last will and testament of and all other persons interested in the estate of Belzer Roux, late of Lowell, in said County, deceased.
Whereas, the said Belzer Roux, purporting to be the last will and testament of said deceased has been presented to said Court, for probate, and the said Court has ordered that letters testamentary may be issued to her, the executrix therein named, without giving a surety on a special bond.
You are hereby cited to appear at a Probate Court, to be held at Cambridge, in said County of Middlesex, on the 19th day of October, A. D. 1917, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.
And said petitioner is hereby directed to give public notice thereof, by publishing the citation once in each week for three successive weeks in The Lowell Sun, a newspaper published in Lowell, the last publication to be on or after the 19th day of October, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate seven days at least before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this 19th day of October, in the year one thousand nine hundred and seventeen.
P. M. ESTY, Register.

LIBERTY LOAN SANCTIFIES AMERICA'S WEALTH

Written for the Lowell Sun by
HERBERT QUICK,
Former Staff Writer Who is Serving
His Country as a Member of the
Federal Farm Loan Board

Money used to save liberty to the world becomes sacred. The Liberty loan is money devoted to that great cause. Constitutional liberty was born in England, and was transplanted in America by our forefathers. Our history and England's are the same down to 140 years ago. The abstracts of title to our liberties run back to Wyck, John Ball, John Straw, Wat Tyler, King Alfred, John Pym, John Hampden, Oliver Cromwell, John Milton, Robert Bruce, William Wallace and to Magna Carta and the petition of right.

The defeat of the Spanish Armada, the victories of the parliamentary armies, the parliamentary triumphs of Pitt, Fox, Burke and Barre are as much our victories as those of the people of the British Islands. The democracy built up in the British Isles is our democracy. Our titles to our liberties, the validity of our government is on trial in the trenches today.

A hundred and forty years ago through France's aid we formed our own separate government for the administration of our share of this liberty. Since that time we have been engaged in the great task of developing it, and to the best of our imperfect ability perfecting it. It is a long look from Magna Carta to the constitution.

GRAND OPENING OF THE NEW TALBOT STORE

The appreciative element of Lowell people—an almost innate quality—was rewarded yesterday afternoon and evening by one of the city's firms whose years of experience with Lowell character have stabilized its confidence in the people of the city.

The Talbot Clothing Company has lived—for that is the word—in Lowell since 1881. It has grown with the city and knows its intricacies and peculiarities of character just as one knows the intimate qualities of a bosom friend. Talbot's is an old resident and enjoys all the respect and confidence which such a circumstance demands.

Yesterday was the occasion taken to repay in part the good feeling which the city has bestowed upon the firm. Last July, there came a period in the career of Talbot's which may well be termed a renaissance. There was a rebirth of the spirit of enterprise and there developed as a result a new store. Yesterday, the new-born was introduced to the public.

Thousands of Lowell people have passed the store daily for the past few months and they were reasonably sure of what the renovated building looked like. But upon visiting it yesterday they were given a pleasant surprise. Talbot's looks good from the outside but it's better within. Visitors yesterday walked about the isolated display windows—each one seemingly detached from everything else but, nevertheless, forming a symphony of color and unity which seemed the work of a master hand. They walked and admired and walked again. The windows had been decorated by T. Jefferson Coombs, manager of windows, and it seemed that Mr. Coombs had been able to sense the theme of the architects and decorators of the mechanical structures and had in harmony with them added the interior touches of color and setting. Night came on and the effect was heightened. Soft blue light, best described as refined, crept over the display and brought out the pure color of the various garments and furnishings. This lighting method is almost unduplicated.

Then one entered the store. Strains of soft music, brilliant yet not harsh lights, and pervading flowers with the

soothing chrysanthemum predominant, were the initial greetings received. There were many, in the store-crowds—but there seemed to be abundant room for all. There was a crowd but no crowding.

Then one was escorted by Charles R. Talbot, founder and owner of the store, to the various departments where the department managers explained the novelties of their respective sections of the store. Or if Mr. Talbot were busy Warren R. Stone, president of the company, or Cunnor Talbot, vice president, undertook the pleasant duty. One first met Charles D. Slattery, manager of the clothing department, who explained in his inimitable manner the triple mirrors, modern equipment for the display of clothing, and the fixtures finished in quarter oak. He introduced you to his assistants, Martin L. Kirkby, Arthur Wellbrenner, Oliver Beauregard and James Sheehan, all experts in the clothing line.

If one had children with him or for other reason was especially interested in the children's department, Mr. Slattery brought them to Thomas A. Belmont, manager, and the latter of his assistants elucidated the features of the youngsters' department. In the fur department, a section which has effect of the renovation, one met Oliver Desautels, Grant Miller and the other members of the force, who showed the new cases for displaying goods, the invisible storage space in rear of the counters and the many other novelties of the department.

And then the hat department—unusually admitted the most exacting portion of any clothing store—was visited, and the same improved fixtures and equipment noticeable in the other departments were on hand here. James K. Smith is the director and his success, immediately upon his entering the firm, has continued unabated.

Other members of the store force to welcome the visitors were Edward Lupien, George Sheehan and Geo. Greenlaw. After one had inspected the store and experienced the wonder attendant thereupon, the next step was to listen to selections from the capable Honey Boy quartet under the direction of Ed. Handley, or to take in the sweetness of John A. Dalton's voice or listen to selections by Broderick's orchestra. A stage had been erected in the rear of the store and faced directly the entrance.

The patriotic element was visible everywhere, but probably predominant in the elevated office at one side of the building where a large Old Glory flared. This formed a fitting touch to the whole scheme. And then in the windows tastefully dressed appeals for subscriptions to the liberty loan made one feel that even the spirit of com-

merce cannot obliterate that of patriotism. And then there were flowers—all kinds, and potted plants to add a touch of beauty.

Although the weather was not of the best, thousands of people visited the store and congratulated the officers and clerks on the success of the occasion. It was a purely social occasion and not a bit of merchandising was sold. In the afternoon, tea was served and in the evening, the social hour was held. Mrs. Warren R. Stone of Brookline, Mass., assisted by Miss A. Jeanette Goodell and Miss Margaret Curran of Lowell, Mrs. Dorothy Talbot, Allen and Miss Eleanor Hunt of Brookline.

In the evening many out-of-town people, prominent in the clothing business, attended, and traveling men who happened to be in town or nearby dropped in and said it was the best yet. And traveling men ought to know. A pleasant feature of the evening was the visit of the employees of the Continental clothing store of Boston, which is under the same management as Talbot's.

There is nothing like the Talbot store in the east. In the west the idea was originated, but its full development was left to the Lowell firm. No other store in the country with the same amount of frontage has even approached the local firm. It is unique.

MANSFIELD'S NAME FIRST ON BALLOT

BOSTON, Oct. 19.—The name of Frederick W. Mansfield, democratic candidate for governor, will be placed on the official ballot ahead of that of Gov. Samuel W. McCall, the republican nominee, under a ruling of the full bench of the supreme court today. The ruling was on a petition for a writ of mandamus filed by Mr. Mansfield against Secretary of State Albert F. Langtry, who has charge of the printing of the ballots.

LOWELL MAN HONORED BY STATE ASSOCIATION

At the annual convention of the Massachusetts Police association held in Taunton Wednesday and yesterday, Patrolman Edward F. Flanagan of this city was re-elected a member of the executive board by the largest vote received by any member of the board.

The news of Mr. Flanagan's election and the flattering vote accorded him was welcomed by his fellow officers in Lowell for they all appreciate the faithful and efficient work accomplished by him along the legislative

EDWARD T. FLANAGAN

the manufacturers of Lowell and other large manufacturing centres of New England receive adequate supply of coal to keep the wheels of industry moving and the people at work.

Fred Horne of the Horne Coal Company; Herbert J. Ball, efficiency engineer of the Lowell Textile school, and Louis S. Smith, also of Lowell, were present at the conference, voting affirmatively for the resolution drawn up by a committee headed by Senator Henry Cabot Lodge of Massachusetts.

The resolution pays a tribute to the efforts of the United States coal administrator and the priority board. It urges the Washington authorities, from their highest to the lowest, to "do all in their power to give to New England, as soon as possible, the necessary and most urgent relief in regard to coal demanded by present conditions."

"New England normally carries two-thirds of its soft coal by water and one-third by rail," said James J. Storow of Boston, New England fuel administrator. "In addressing the conference, 'Facing' in war conditions, many of the N. E. coal carrying bottoms have gone off the coast and those cannot be replaced. The capacity of the coal carrying fleet will soon be cut down at least 25 per cent by winter storms and cold weather. 'The capacity of the coal carrying fleet' he said, 'will likewise be cut down at least 25 per cent by winter weather. New England's coal problem is quite as much one of transportation as of securing the coal. If New England goes into January with six millions of tons short, as indications point, this not only cannot be made up but will inevitably rapidly grow worse and bring to lack of transportation facilities.'"

One of the most interesting addresses of the conference was delivered by George W. Allen of Somerville, Brimner, Conn., president of the chamber of commerce of that city. He said that the people of New England had only begun to suffer. We don't know what real suffering is yet. In Paris coal has sold as high as \$120 a ton. Since the outbreak of the war, in fact, fashionable women pick up bark chips along the parkways for use as firewood and hardly an elevator is running in London or Paris. Only one bath a week is allowed to hotel guests in Paris. All this is done, he explained, for the purpose of conserving coal which otherwise might be used to generate power.

LOWELL REPRESENTED AT WAR CONFERENCE

Special to The Sun
STATE HOUSE, Boston, Oct. 19.—Lowell was well represented at the war conference of the New England governors which was held yesterday in the senate chamber of the state house. James Crowley Reilly, president of the Lowell board of trade, was among those who entered the councils to urge that

Wire Your Home for Electricity

NO one thing will add so much comfort, convenience and pleasure to your household. Electricity in your home will pay for itself many times over in actual savings of time and money.

It will give you more and better light at less cost—will entirely eliminate the danger of other illuminants.

It will enable the woman of the home to perform her domestic duties in a short time by the application of Electrical devices to housework.

The time to wire your home is now before the long winter nights arrive, and while the price is low.

SUGAR SHORTAGE CAUSED BY DEMAND FOR CANDY

BOSTON, Oct. 19.—The sale of candy in communities which have abolished saloons and the heavy demand from the National army cantonments have brought about a condition hitherto unknown in the trade in New England, manufacturers said today.

"Even with an abundance of sugar it would be impossible to turn out candy fast enough to meet the demand in prohibition territory and at the army camps," one of the leading manufacturers said today, "and it is natural, there-

fore, to expect a slight increase in holiday candy prices especially when the sugar supply is inadequate."

Failure to obtain sugar in sufficient quantities to meet the normal demand already has reduced to a considerable extent the output of local candy plants. Not more than half the orders received have been filled, according to managers of the larger candy making establishments in Boston.

Because of the shortage in the labor market and the difficulty of obtaining raw material, some of the smaller

LIBERTY LOAN CAMPAIGN

TODAY'S LIBERTY LOAN	
THE NATION	
Maximum	\$5,000,000,000
Minimum	3,000,000,000
Total subscribed	1,750,000,000
THIS DISTRICT	
Quota	\$500,000,000
Subscribed	125,000,000
LOWELL	
Quota	\$430,000
Total subscribed	371,500

Favorable progress was reported all along the line in the local Liberty bond campaign today. Yesterday's epidemic of large subscriptions continued and as a result the committee expected to reach the two million and a half mark by the close of business this evening and three million by tomorrow night.

The Appleton National bank reported the largest subscription to date this morning when it sent in an order for \$250,000 worth of bonds. From the estate of the late Moses Greason Parker came a subscription for \$20,000 through the Old Lowell National bank. The employees of the Saco-Lowell shop expect to report in the near future about \$30,000 in subscriptions. And so on. Everybody is responding gratefully in the final stretch of the campaign.

Scout Executive Alex P. Williams announced this noon that a Lowell man had purchased ten \$100 bonds and had left them at the scout headquarters in Shattuck street. They will be given to the first ten boys who are able to get nine other subscriptions. The scout campaign is to begin tomorrow and each scout who is able to get ten subscriptions will be given a service medal. The incentive should promote some real rivalry among the boys.

The local navy recruiting headquarters is doing its bit in the Liberty bond work. There are at present three men stationed at the office and two of them were there at the time of the last campaign. Chief Yeoman Henry C. Tucker subscribed for \$500 worth of the bonds in the initial drive and today he announced that he had subscribed for \$150 worth of the bonds in the present campaign. William

GIRLS' BATTALION WANTS PLACE TO DRILL

Miss Emma Leclair, organizer and president of Company A, Lowell Militia girls, called at city hall this morning for the purpose of conferring with Mayor O'Donnell as to the possibilities of securing a hall in this city for drill purposes. The first drill of the organization was scheduled to be held this evening at the armory, but it was found impossible to secure the armory for drill purposes.

The mayor informed his visitor that the matter will be brought to the attention of the municipal council next Tuesday, at which time some endeavor will be made to secure a suitable place for the drills of the "Battalion of Death." Miss Leclair stated this morning she has now 150 names of young women who wish to join the organization, which will give her a good opportunity to select, for the roster of the company will be only 100.

Flag Raising Yesterday

The employees of the park department held a flag raising at Fort Hill park yesterday. The old flag on the mast at the summit of the hill being replaced by a brand new emblem, 10 by 18 feet, which cost \$30. The hoisting of the flag was performed by Supl. Kernan, who also delivered a brief patriotic address. All the employees of the department were present and while the national colors were being raised they sang "The Star Spangled Banner."

Tulips for Geraniums

Nine thousand tulips have been received by the park department and next week the employees will plant them in the beds which were formerly occupied by geraniums at Monument square, North and South commons, Park Garden and Fort Hill park. The geraniums, about 1,000 in all, have been taken out and distributed among pupils of the local schools.

Women's Check List

The women's check list is being prepared by the registrar of voters who take occasion to notify the women of the city through the press that those among the women voters who have changed their residence prior to April 1 and whose names have been dropped from the check list, that they may be registered again by informing the board of their new address either by telephone or mail. The women who were married since April 1 and whose names appear on the check list will be forced to call in person at city hall and re-register under their husband's name.

Attending a Hearing

A hearing on the petition of the City Iron foundry of this city for permission to lay a private railroad track in Quebec street is being held today before the Public Service commission in Boston, and City Solicitor William D. Regan is representing the city at the hearing.

Civil Service Examination

A civil service examination for visitor for the state board of charities will be held in the old councilmanic chamber at city hall next Monday morning, at 9 o'clock, and is expected that about 20 young men and young women will take it.

REVOKE UNION CHARTERS IF STRIKERS STAY OUT

SPRINGFIELD, Ill., Oct. 18.—In telegrams sent this morning to local mine unions in Illinois, now on strike, Frank Farrington, state president of the miners' organization, declared that in mines where the men are not back to work by Monday, Oct. 22, local characters will be revoked.

Russia's Capital Soon to Be Removed to Its Ancient Site at Moscow

German Threat Against Petrograd Thought to Be Reason for Shift—Men of Main Russian Fleet Anxious to Fight—French Successes in Aisne and Verdun Regions

Russia's capital is soon to be removed to its ancient site at Moscow.

The government's announcement of its decision to shift its activities from Petrograd assigned no reason for the change. The assurance simultaneously, however, of a statement that the civilian population of Revel, the Russian naval base on the Gulf of Finland, is being removed to the interior suggests that the decision was not uninfluenced by the German threat against Petrograd now being developed in the naval and military operations in the Gulf of Riga and north-

Previous suggestions that the removal of the government to Moscow was contemplated had reference not only to the military situation but to the assumption that the government might be freer to pursue its work in Moscow than in the present capital, where, extremist influences are powerful and turbulence more difficult of suppression.

Men of Fleet Want to Fight

While the small fleet the Russians had in Riga waters apparently has been penned in by the Germans as a result of their land operations on the coast and in the Gulf of Riga and north-

position of their superior naval forces at strategic points of the gulf, the main Russian fleet remains in the Gulf of Finland, through which runs the route to Petrograd. There apparently is no intention of sending it out to engage the Germans, although the men of the fleet are reported anxious to fight.

French Success on Western Front

On the western fighting front the French have been engaged in some intensive operations in the Aisne region, centering in the district south and southwest of Laon. Extensive

2 GERMAN WAR-SHIPS SUNK

PETROGRAD, Oct. 19.—Two German torpedo boats were sunk in the mine fields in Moon Sound yesterday, the war office announces.

GOLD FOR LOWELL GIRL MAKING BEST FUDGE

The following letter has been received by The Sun from Sergt. Paul Scully of Co. 4 of the supply train, 16th division, encamped at Camp Devens, Ayer. Evidently the young man, who possessed of a sweet tooth, had his proposition is one which should engage the attention of every fair-minded young lady in Lowell, as the orator would say. Here's a chance for some capable Lowell girl to make some money and incidentally get "in right" with the soldier boys. Here's the letter:

Camp Devens, Ayer, Mass., Oct. 17, 1917.

Dear Sir—The boys of Co. 4 of the supply train, 16th division, among whom are a number of Lowell boys, wish to announce that they will present to the young lady from Lowell \$10 in gold, who before Oct. 25 sends the best box of fudge to this company. Trusting you can find space in your paper to publish the above, I remain,

Respectfully yours,

(Sergt.) Paul Scully.

Regular Army Men

Edward J. Barrett of 8 Tyler street and John W. Gray of 71 Whipple street left Lowell this morning for New York where they will become members of the regular army. Barrett will be a member of the aviation section of the signal corps, and Gray will join the Coast artillery of the National Guard. Frank V. Glinpa of Winton was recently enlisted at the local station for the signal corps.

The National Guard has been given permission for the war department to recruit for the Coast artillery of the guard through the regular army recruiting offices. Three additional men have been assigned to the local station to aid in this work. They are First Lieut. E. Roy Baum, Corp. Ralph J. Dudley and Corp. Arthur E. Rich. They arrived in Lowell last yesterday.

Among the recent enlistments of Lowell young men in the regular army is that of A. Elliot Honey of 133 Whithorn avenue. Honey has enlisted in the aviation section of the signal corps. Honey is a graduate of the Lincoln grammar school and the Lowell high school. He received his diploma from the General Electric school of Lynn in 1914 and since then has been connected with the International Steel and Ordnance corporation.

Louis Duchesne of 19 Westford street expressed his desire to become a member of the Canadian martial forces this morning at the war work headquarters in Alarmack street. He was given the necessary papers and sent to the British recruiting headquarters in Boston this afternoon.

2,500,000 PIECES OF SURGICAL DRESSINGS FROM AMERICAN RED CROSS WENT DOWN

NEW YORK, Oct. 19.—Two and a half million pieces of surgical dressings, hospital linen and clothing on their way from America to the front, were loaded on French soldiers, homeless refugees and American hospitals in France, went down with the British steamer Venturia, torpedoed by a U-boat last month. It was announced by the Red Cross here today. The value of the shipment was \$200,000.

BIG SURPLUS OF EGGS HOLDERS FACE LOSS

CHICAGO, Oct. 19.—Great interest was felt here in the meeting of representatives of various egg boards, including Chicago, to interest the government in a surplus of eggs on which holders are said to face a loss. John Lovett, speaking for the Chicago butter and egg board said that this committee was to meet with Food Administrator Hoover at Washington this afternoon.

The peculiar interest felt here was due to the fact that the local butter and egg board yesterday gave out a statement which was accepted as prophetic of still higher prices to the consumer. This statement said that there were now enough eggs in storage to give one egg to each person on every sixth day for the next six months. The statement said that there were now ready for shipment abroad 50 cars of eggs at 41 cents a dozen L.O.B. Chicago.

Mr. Lovett said that these figures

were not means as an alarm as they showed a normal condition of supplies. He was asked concerning the 13.3 per cent. surplus over last year as reported from New York and said: "Egg packers expected to be called upon to ship great quantities of eggs to Europe, but there has not been transports for them. The packers are not trying to have the government pull their chests out of the fire. Eggs are now relatively cheaper than meat and they are making the suggestion of an egg ration for that reason."

Although hens were reported laying patriotically during the summer, prices remained at or over the high level of the winter, and this at the time was said to be due to the heavy supplies going into storage. It is now said that the storage end was overdone and that unless the government makes eggs a ration, the speculators in the aggregate will lose millions of dollars.

clusion would make the number of conferees too great for real work."

MASSACHUSETTS AIRMAN DECORATED

AN ATLANTIC PORT, Oct. 19.—Walter Reno of Martha's Vineyard, Mass., a member of a French Croix de Guerre with two palms, returned here today on a French liner. He said that a third palm was on the way to him, the decorations having been won by his exploits in bringing down three German airplanes.

U. S. PARTICIPATION IN ALLIED CONFERENCE ABSOLUTELY NECESSARY

PARIS, Oct. 19.—Commenting today on the announcement from Washington as to the possibility of the United States being represented in the next allied conference, Jules Cambon, general secretary to the ministry of foreign affairs, said:

"We are not merely desirous of seeing the United States participate, but such participation is absolutely necessary given the essential importance of the role the United States will play not only in the war but in the settlement that will follow."

He said, however, the date and the details for the preliminary meeting have not been fixed. The smaller nations will not be included, as their in-

COAL SHORTAGE AT CAMP GRANT

ROCKFORD, Ill., Oct. 19.—Camp Grant this morning had only enough coal on hand to last 24 hours. Officers and men went out with wagons sweeping up particles of coal left on the ground by steamshovels or road rollers.

GERMANS LAND TROOPS ON DAGO ISLAND

PETROGRAD, Oct. 19.—The Germans on Wednesday began to land troops on Dago Island, south of the entrance to the Gulf of Finland.

END OF MILK STRIKE IN SIGHT

NEW YORK, Oct. 19.—Prospects of a settlement by mediation of the milk strike here were in sight today when Henry Moskowitz, city commissioner of markets, offered his services as mediator between the drivers and the milk companies. Both sides indicated they would accept.

COR. MERRIMACK and JOHN STREETS

BIG DROP IN PRICE OF HOGS

PITTSBURGH, Pa., Oct. 19.—Prices in the Pittsburgh livestock market broke sharply today—hogs, which last week were selling at \$13.65 per hundred pounds, live weight, fell to \$12.50 for the best grades, and 25c per hundred for ordinary stock. In the retail markets, however, bacon was still commanding 50 cents a pound and in the best stores 60 cents.

LOUISVILLE, Ky., Oct. 19.—A statement widely circulated that the federal food administration intended to fix the price of hogs at \$10 per hundred as compared with former higher prices has brought a flood of hogs to this market, bore the price down \$1.05 to \$16 within two days, and culminated today in a denial by Herbert C. Hoover, that livestock price-fixing was contemplated.

Mr. Hoover's denial, addressed to all federal food administrators, asserts the statement with reference to alleged price fixing first appeared in Chicago papers.

"They are absolutely untrue," Mr. Hoover declares, "and do not represent opinion or proposed action of the food administration which will take no steps to jeopardize live stock producers' interests. All our power will be used to keep prices at which allied and governmental purchases are made on a plane that gives an assured return of cost and profit to producers of meat animals."

"In our opinion the best market obtainable for the present crop of pork and the only way to secure increased production of beef and pork, and the only way to secure this increase will be by profit on production."

LITTLE HOPE HELD OUT FOR THE RECOVERY OF ROB FITZSIMMONS

CHICAGO, Oct. 19.—The condition of Robert Fitzsimmons, former champion heavyweight pugilist, who is ill of pneumonia at a hospital here, improved slightly during the night. Little hope was held out for his recovery.

DENIES BRITISH PEACE PARLEY WITH VATICAN

LONDON, Oct. 19.—Replying to a question in the house of commons yesterday, Lord Robert Cecil, minister of blockade, denied that negotiations for terms had taken place with the Vatican or any of its agents or any other religious organization.

Just previous to this Lord Robert had been asked whether the British government intended to send any reply to Pope Benedict's peace note. His response was a request that notice be given of the question.

It had not been officially announced, he added, that Great Britain had adopted

as its own reply the reply sent by the United States.

"The clear and powerful reply of President Wilson," explained Lord Robert, "was not the result of any consultation of the allies and I don't propose to comment on it in reply to the question."

Explaining in the house of commons the denial by the advisory committee of the home office Wednesday of the alleged agreement of Philip Alexander Lascelles de Lomelos, Hungarian artist, Sir George Cave, the home secretary, said there were grave reasons to suspect him of being engaged in activities which might prove dangerous to the public interest. Sir George added that there was no legal evidence on which he could be convicted of a criminal offense.

AMPLE SUPPLY OF WOOL

BOSTON, Oct. 19.—Fears of a wool famine in this country are vanishing as a result of the trade pact negotiated recently by the American and British governments. By this agreement this country is to receive altogether 245,000 bales of Australian wool, which means roughly about 75,000,000 pounds. In addition a shipment of 20,000 bales of East Indian wools is to come to this country, and it seems probable that America will get some of the South African clip, although cable advice has told of the acceptance by the growers of the British government's offer for their clips.

Since South America is open to American buyers, practically only one foreign source of supply remains shut, New Zealand. It is not entirely out of the range of possibility that even that source may eventually be tapped. The scarcity of wool in this country has been a problem for some time, but there is no movement of the foreign wools to this country, but there does not seem to be real reason for famine talk.

FOREIGN SHIPS WILL NOT BE SUPPLIED WITH BUNKER COAL IN DUTCH PORTS

ROTTERDAM, Oct. 19.—Foreign steamships will not be supplied with bunker coal in Dutch ports, according to the Measbode. This measure, it adds, will be taken owing to the scarcity of coal in Holland.

1400 MILK MEN STRIKE IN NEW YORK

NEW YORK, Oct. 19.—Because their demands for increased wages, a larger commission on sales and union recognition were refused, 1400 of the 2000 drivers, inspectors and milk handlers of the Borden's Farm Products Co. struck early today, according to statements by union officials. The normal distribution of milk in New York city was curtailed by nearly one-third in consequence of the strike. Only one of the company's stations in Manhattan, which is not unionized, was not affected by the walk out.

A conference between the company and the union officials was held early today in an effort to settle the strike.

A strike of the drivers of a small Brooklyn company for similar demands was settled yesterday.

The Borden employees demand also one day off a month and one week's vacation each year with pay.

Police were assigned to guard the company's distributing stations. A Borden inspector, who took the place of a striking driver, was attacked and beaten by a group of men and was removed to a hospital.

PLAN TO DISCONTINUE ELECTRIC ADVERTISING LIGHTS TO SAVE COAL

BOSTON, Oct. 19.—Boston's streets will lose considerable of their attractiveness at night in the event of business men according to the request of the committee on fuel conservation of the public safety committee that retail merchants discontinue electric advertising signs of every sort in order that coal may be further conserved.

Already the Boston Automobile Dealers' association has taken action on the matter and is sending out requests to all parts of New England. Other retail and local public safety committees are at work along the same line.

While the request is directed to re-

tail merchants it is probable that managers of other enterprises, including theatres and moving picture houses, will swing into line with the men in retail lines.

In the event of the request being generally followed, some parts of the city which heretofore have been brilliantly illuminated until well along to midnight will present a rather unusual appearance with their blaze of lights a thing of the past.

GIRLS' CLUB OF AYER TO HONOR SOLDIER BOYS

AYER, Oct. 19.—The Girls' club of this town is arranging for a reception and dance for as many of the members of the National army at Camp Devens as can be crowded into the largest hall here next Tuesday night. The club is affiliated with the Women's Patriotic League of Massachusetts which is a sub-committee of the training camp activities committee.

The nearby town of Lancaster will observe "National army night" tonight. Scores of private homes will be opened to Camp Devens soldiers, who will be given home-cooked food.

THROUGH TRAINS ARE RUNNING FROM BERLIN TO RIGA

AMSTERDAM, Oct. 19.—Through trains are now running from Berlin to Riga, the trip consuming 24 hours. A person can now travel from the Baltic seaport to Ostend, Belgium, with one change of cars at Berlin, in 48 hours.

PEOPLE'S CLUB

The winter season at the People's club opened last evening and much enthusiasm was shown. Registration for the recreation night numbered over 300 and in the course of the evening it was announced that Miss Carolyn Putnam Webber had been secured for the cooking class, which will open Oct. 31, registration to begin tomorrow evening.

CONSTIPATION INVITES DISEASE

A reliable laxative is necessary to the comfort and health of any well-ordered household, because constipation is a condition that affects, in greater or less degree, practically every member of the family. It is a condition that to act the entire system is affected; digestion is impaired, nerves begin to twitch, foni gases and poisons are created by decomposing substances in the intestines, and often result in serious illness. A prominent French scientist says ninety-five percent of all human disease is directly traceable to inactive bowels.

More than a quarter of a century ago Dr. W. B. Caldwell prescribed a combination of simple laxative herbs with sugar in the form of the standard remedy that is now the standard remedy for fifty cents a bottle, under the name of Dr. Caldwell's Syrup Pepsin. A trial bottle can be obtained, free of charge, by writing to Dr. W. B. Caldwell, 408 Washington St., Monticello, Illinois.

CLUB LAFAYETTE HAS HAPPY MEETING

A get-together of the members of Club Lafayette was held last evening in the well appointed quarters of the organization in Upper Merriam st. and the event was one of the most successful of its kind conducted by this prominent club for a long time. There were over 100 members and friends present, a number of whom came from Boston, Lawrence, Nashua, Manchester, Salem and other places and spent a most enjoyable evening. Nothing had been spared to make the evening one of pleasure and the

The Bon Marche

NEXT WEEK IS EDISON WEEK

WE are one of several thousand business concerns that will observe the week of October 21st to October 27th in commemoration of Thomas A. Edison's invention of the incandescent electric light. We are licensed distributors of Mr. Edison's favorite—and greatest invention:

The NEW EDISON

"The Phonograph with a Soul"

One million people are employed in the various industries founded by Mr. Edison. Think of that, if you will. At least five million human beings are dependent for their livelihood on industries created by the inventions of one man. Of all his inventions, his favorite is the wonderful new Phonograph, of which we are licensed distributors. It is known as the "New Edison" and is the instrument that the New York Globe called "the phonograph with a soul" and of which the New York Tribune said: "Edison shares the soul of music."

\$2000 IN CASH PRIZES

For the best advertisements composed by members of quotations from the articles which the great master critics have written about the New Edison. It costs nothing to compete. Come to our store at once and get instructions. We provide you with a reprint of what the music critics have said about the New Edison. We also furnish a sample advertisement already posted up in proper form. The contest closes Oct. 27th.

COME NOW WHILE THE ASSORTMENTS ARE AT THEIR BEST

with Commissioner Brown in the course of which they stated they wanted double time for work on holidays, and asked for an improvement in working conditions. The commissioner agreed to grant their request.

When these matters were settled the men then demanded a flat rate of 55 cents an hour for their labor, or an increase totaling \$123 a day. Mr. Brown stated it would be wholly impossible for him to pay that amount for the finances of the department are in such bad shape that the department is now facing a deficit. He said the only remedy would be to increase the water rates, and according to present conditions it may be that the department will have to cut before the close of the year. He offered the men an increase of 25 cents a day. The machinists will report back the offer to the union.

Louis Hensen of New York City, fearing his daughter, aged 15, might get lost when she arrived from Florida at the Pennsylvania station, hired an army of hollows to page her when her train arrived.

PRINCESS HENRIETTE, AUNT OF EMPRESS OF GERMANY IS DEAD

AMSTERDAM, Oct. 19.—Princess Henriette Elizabeth of Schleswig-Holstein, aunt of the empress of Germany, is dead at Kiel. She was 81 years old.

PRINCESS HENRIETTE OF HOLSTEIN WAS MARRIED IN 1872 TO DR. J. P. A. D'AMSTEL, WHO DIED IN 1905.

LONDON, Oct. 19.—More than 100,000 irrespective of dress collected at the British Red Cross Thursday

Your Elixir Saved My Life

Words of a Maine Man

Henry O. Bailey of 17 Cross street, Portland, Maine, writes: "I am feeling lots better and thank your Elixir (Dr. Truitt's Elixir) saved my life. Dr. Truitt's Elixir is a great medicine. It cures the stomach, moves the bowels and expels worms. Surprising it is how many people have worms. Children suffer most from worms. Signs or symptoms of worms are: Deformed stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, sticking out of the tongue, starting during sleep, slow fever. Get Dr. Truitt's Elixir from your druggist. The cost is small. It expels worms and restores health. No better laxative made for young or old. Millions have used it. On the market 25 years. Price, 50c, \$1. Dr. Truitt's Elixir. Write us."

Watch!!!

For some years, various and sundry concerns have been making beverages which are grouped under the general description of "near-beer."

Then came Bevo—a cereal beverage, not a "near-beer," but offered purely for what it is—a delightful, wholesome and nutritious drink. Bevo met with instant and complete success. A whirlwind success.

Owing to Bevo's popularity, some beverages are now being offered in a way to make the appearance of the package look as much like the Bevo bottle as possible. The intention is obvious. But you don't taste the shape of a bottle—it's the flavor of the contents of the bottle that you must depend upon for enjoyment.

Then beware of impersonators—don't be satisfied to try to identify Bevo by the shape of the bottle alone—

Look!!

There are these certain identification marks that are your protection against imitations. Not just imitations of the product, remember—but those more insinuating imitations which try to deceive you by putting an old failure into a bottle similar to a new success. So look for these unmistakable marks of the genuine Bevo—demand that the bottle be opened in front of you, then—

Look for the Seal

See that it is unbroken covering the Crown Top
Look at the Crown Top, and see that it bears the Fox
Be sure the Bottle bears this Label

Listen!

Bevo is a pure drink. This means more than that it contains pure ingredients—it means that though you might often well be afraid of possible germs in milk or water, Bevo, being a pasteurized product in sterilized bottles, is absolutely free from bacteria.

Bevo is a nutritive beverage—the fine cereals from which it is made give it this quality.

Bevo is a delightful and refreshing soft drink—unlike any you have ever tasted—indeed a Triumph in Soft Drinks.

You can't get these good qualities in anything but Bevo—demand the genuine.

You will find Bevo at inns, cafeterias, restaurants, groceries, department and drug stores, soda fountains, dining cars, steamships, canteens, soldiers' homes, navy, and other places where refreshing beverages are sold. Your grocer will supply you by the case. Bevo is sold in bottles only—and is bottled exclusively by

SAYS ALIENS WILL GO BEFORE NEXT DRAFT

BOSTON, Oct. 19.—"I give you the assurance given me by both President Wilson and the secretary of state that, before the operation of the second draft, all aliens will be obliged to shoulder a gun side by side with our own American boys," said ex-Mayor John F. Fitzgerald last night to the members of the Boston Club of Printing House Craftsmen at their October dinner, held at Louis cafe.

Mr. Fitzgerald declared that, though a number of aliens in this state have come forward in a most gratifying manner, there are still a large number who have failed to do so, and he scored the aliens who, working as steamfitters at the cantonment at Ayer, hold out for between \$15 and \$16 a day rather than hurry the work that will mean the comfort of the drafted soldiers.

He said that the number of British, French and Italians here who have not come forward and assumed their share in this war is astounding. "There are in Boston," he said, "approximately 200,000 men more than 21 years old, yet in the hottest election in this city in recent years, less than 100,000 men voted. In the coming fight between Mansfield and Gov. McCall I will be surprised if more than 75,000 votes are cast."

Mr. Fitzgerald concluded his speech with a strong appeal for the Liberty loan.

There were about 60 present at the dinner, at which Martin P. Higgins presided.

LEADER OF WHITE HOUSE PICKETS FACES JAIL

WASHINGTON, Oct. 19.—Miss Alice Paul, leader of the National Woman's party, yesterday was summoned to appear in court next Monday morning to receive sentence. At the same time six other pickets, scattered throughout the country, were summoned for sentence. They are Miss Lou Daniels, Grafton, Vt.; Miss Matilda Young, New York; Mrs. Frances Kahle, Buffalo, N.Y.; Mrs. E. Spencer, Colorado Springs; Miss Vivian Pierce, San Diego, Calif.; and Miss Joy Young, New York. They are charged with obstructing traffic when they appeared before the White House, Oct. 6, with a banner and the inscription, "Mr. President, what will you do for woman suffrage?"

Miss Paul issued a statement saying the picketing would not stop. On the contrary, it will be increased, she said.

GOV. MC CALL NAMES COMMITTEE TO PUSH CLAIMS OF BOSTON PORT

BOSTON, Oct. 19.—Gov. McCall at a conference yesterday afternoon at his office appointed a committee to seek the establishment of a military depot at Boston and the utilization of its splendid port facilities developed by the commonwealth.

The governor selected the conferees who had waited upon him from the Boston chamber of commerce, but added to their number a representative of labor whom he had asked the Boston Central Labor union to recommend.

The committee as selected is composed of H. I. Harriman, president Boston chamber of commerce; C. F. Wedd, representing Massachusetts public safety committee; John N. Cole, chairman commission on waterways and public lands; George F. Washburn, president Massachusetts Real Estate Exchange; Walter Auden, first vice president Boston Central Labor union; Mark T. McVing, president Boston Real Estate Exchange; and P. W. Whitehead, president Massachusetts state board of trade.

The committee has an appointment with the secretary of war on Saturday morning at Washington, and will be accompanied by Mayor Curley.

YALE SHOWS LOSS OF \$115,000 FOR YEAR—HEAVIER DEFICITS PREDICTED

NEW HAVEN, Conn., Oct. 19.—The report of the treasurer of Yale university for the last fiscal year, made public, shows heavy financial losses caused by the war and heavier deficits are predicted for the current year.

Deficit of \$12,000 for the university dining hall, Treasurer Day reports, is traceable to the increased cost of foodstuffs and the small registration following the loss of 1,000 students who entered military service.

The net deficit of the university is shown to have been more than \$115,000. Gifts from 6,000 alumni reduced this to \$15,512.

The alumni fund increased more than \$315,000 and now totals \$1,234,575. The total gifts to Yale in the year amounting to \$1,740,000, the endowment on June 30, \$19,825,546, as compared with Harvard, \$23,434,726, and Princeton, \$6,248,625.

Six of the nine schools show deficits, the graduates' fund with \$70,000. The scientific school had a loss of \$35,000. University profits on securities netted \$120,624, offset by a loss on Chicago real estate of \$15,935.

WHAT FOOD SAVING INVOLVES

Sign the pledge and enroll as a member of the United States Food Administration, and you will be asked to do these things:

Eat plenty, but wisely, and without waste.

Buy less; cook no more than necessary; serve smaller portions.

Preach and practice the "gospel of the clean plate."

Use local and seasonable supplies; watch out for waste.

Whenever possible, use poultry, game and sea foods in place of beef, mutton and pork.

Use potatoes and other vegetables freely.

Save wheat by substituting, in part, corn meal and other cereal flours for wheat flour.

Save butter and lard. Use butter on the table, but substitute vegetable oils for cooking.

Save sugar. Use less candy and sweet drinks and less sugar in tea and coffee.

"This is a duty of necessity, humanity and honor. As a free people we have elected to discharge this duty not under autocratic decree, but without other restraint than the guidance of individual conscience."

Herbert Hoover.

DUNN'S MILL Sample Ends

—and—

PARAGON MILL EXCLUSIVE STYLES

These mills made these samples for their exclusive tailoring trade, before taking orders. The condition of the world's woolen market changed government requirements for O. D. cloths, all conspired to prevent these mills from making up the lines as per samples and you have them as they intended to make them for the \$35.00 and \$45.00 tailor—Made on day work by their best and most experienced weavers—advanced samples of styles that will never be made till conditions again warrant these mills making cloth for civilian wear.

FOR SPOT CASH, a short time ago, I bought this entire line of exclusive samples, through the wholesale commission house of S. MORRILL & SON, Worcester, Mass.

I advertised this stock last week, Suit or Overcoat to Order, \$17.50. The conditions were unfavorable—Thursday, Half-Holiday, and Friday a State Holiday—the announcement didn't create any great sensation.

Now Then, I Advertise the Balance Today, to Close—Suit or Overcoat to Order, \$15.00.

I will place a number of styles in my doorway, look them over, make your selection and the price of these sample ends of \$35.00 and \$45.00 values will be to your measure for.

SUIT or OVERCOAT MADE TO ORDER

\$15

Note to Mitchell's Customers:

Lowell has been good to me and I appreciate that fact, with all the world hungering for wool—with our soldier boys wearing cotton mixtures in European countries, and awaiting in the cantonments for half wool and half cotton uniforms, with our government requesting the big mills to stop making all wool and to make 30 per cent. cotton mixed goods only, I am playing my present phenomenal purchases against the day when I, too, shall have to go to inferior cloths as the patriotic duty of a patriotic citizen—when all wool cloth shall be no more. I ask the good people of Lowell to remember this and buy now.

(Signed) MITCHELL

MITCHELL, THE TAILOR 31 Merrimack Sq. Lowell

OPEN EVENINGS EXCEPT THURSDAY

SAYS NO NATION IN WORLD CAN WITHSTAND U. S.

BOSTON, Oct. 19.—"When American business finishes its preparations to work with the government there won't be a nation in the world, much less Germany, which will be able to withstand the blow that the United States will be capable of delivering," Capt. Edward Canfield, constructing quartermaster of Camp Devens, told the members of the Traffic club of New England at their first banquet of New England held last night at the Coppley-Plaza.

Introduced as "the man who built the Ayer cantonment," Capt. Canfield gave all the credit for the construction of the camp ahead of the contracted time to the efficiency of the business organizations engaged in the work.

"If the business men of the country hadn't been behind the government to the last inch, not one of the cantonments would now be finished," Capt. Canfield declared.

He said the way he has behind it, not the majority of the business men, but all the business men.

"The attitude of the government toward large business in the future will be greatly determined by the responsibilities which business meets now in the war crisis, and from present indications there will be nothing but brilliant success for many years after the conclusion of the conflict."

Capt. Canfield told some of the problems overcome in the erection of Camp Devens in 65 working days.

Col. G. S. Bingham, department quartermaster of the northeastern department, declared that his pleasant association with business men had been with those connected with transportation lines.

Capt. J. S. Roberts of the Charleston navy yard spoke of the aid extended the naval shipbuilding industry by preference given to shipments intended for that work by the railroads.

Pres. Charles W. Rohde president, and Jacob Karcher, Jr., was chairman of the entertainment committee.

At the head table were seated W. T. Reid, Jr., Capt. H. J. Jones, Capt. E.

COTTON MAN SCORES PRESIDENT GOMPERS

SPRINGFIELD, Oct. 19.—Nearly 200 members of the National Association of Cotton Manufacturers attended the opening meeting of the association's semi-annual conference in Hotel Kimball last night. Among the featured speakers was an address written by Pres. Albert F. Bemis of Boston and read by Vice Pres. W. Frank Shove of Fall River in Mr. Bemis' absence.

Pres. Bemis took a slam at Samuel Gompers for what the cotton manufacturers declare to have been an astounding change of front by Gompers relative to the need of stabilizing industrial conditions during the war.

Mr. Bemis said that in April, 1917, the council of national defense at the suggestion of the committee on labor of which Gompers is chairman, adopted a resolution that during the war neither employers nor employees should endeavor to take advantage of the country's necessities to change existing standards.

Mr. Bemis declared that despite this April attitude the labor leader in September, after the national industrial conference, board had worked out an impartial and necessary application of this resolution, attacked it as a predatory attempt of the interests to fasten shackles upon the working people, while they, the interests, took advantage of the opportunities for exploitation.

Mr. Bemis remarked that the war would not be won by vituperation nor duty done by fine words. He urged the cotton men to support the government to the limit of their ability.

Sec. Rufus K. Wilson reported that

the war board in Washington had agreed to take up in the near future with the cotton interests the question of proper transportation facilities for the coming cotton crop.

It was decided to hold a meeting in Boston some time in the near future to consider the question of caring for and providing employment for wounded and returned soldiers and sailors of the European war and to discuss immigration and labor problems that will arise after the war.

The meeting will be called by the board of governors.

A committee appointed at the April meeting to consider resolutions relative to an international cotton conference after the war reported in favor of such a conference. It is to be held in this country and will consider all the war-made problems of the various branches of the cotton industry.

FOOD WILL WIN THE WAR

Some good Americans know the truth of this and during the summer have done their part to increase and conserve the food supply so that the world scarcity may not lead on to the horror of famine.

Are you a good American or are you one of the careless, selfish people who leave the work and self denial to others?

Are you an enemy of Germany or are you one of those expecting special privileges if the Kaiser's forces win?

Society women in the food administration uniform helped the firemen to can the corn grown behind the firehouse.

A patriotic police officer occupied his off-duty time by growing and canning vegetables of which any gardener or housewife might be proud. Both the boy and girl Scouts have shown the value of the principles of their organizations by working in all parts of the country to make war gardens and conserve the products.

Sign the United States Food Administration pledge card and fall in line with the others to prove your Americanism and help win the war.

YEAR FOR RECKLESS DRIVING

NEWTON, Oct. 19.—Charged with operating an automobile in a manner to endanger the lives and safety of the public, Patrick J. Colgan of Newton Centre was sentenced in the local court yesterday to the house of cor-

HAIR COMING OUT?

Dandruff causes a feverish irritation of the scalp. The hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Danderine at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff.

practically unable to support her two small children, has not heard a word from him. She did not report his disappearance until yesterday, when she called in Chief W. W. Beals. Hurley weighs 160 pounds, is 5 feet, 9 inches, dark complexioned and has two or three lower teeth missing.

AVON MAN MISSING SINCE AUG. 17—WIFE APPEALS TO POLICE

AVON, Oct. 19.—When Harry G. Hurley, 33, left his home in this town Aug. 17, he told his wife he was going to the Porto River shipbuilding company to secure work, having left a South Braintree concern for which he had been employed for 15 years.

Since that day Mrs. Hurley, 31 and

Dyspepsia, Indigestion, Gases, or Upset Stomach—Pape's Diapepsin

Instant Relief! Neutralizes stomach acids so food can digest properly—harmless, pleasant, antacid.

Sour, gassy, upset stomach, indigestion, heartburn, dyspepsia, when the food you eat ferments into gases and you feel sick and miserable, that's when you realize the wonderful acid neutralizing power in Pape's Diapepsin. It makes all such stomach misery, due to acidity, vanish in five minutes.

If your stomach is in a continuous revolt—if you can't get it regulated, please, for your sake, try Pape's Diapepsin. It's so needless to have an acid stomach—make your

next meal a favorite food meal, then take a little Diapepsin. There will not be any distress—eat without fear. It's because Pape's Diapepsin "really does" sweeten out-of-order stomachs that gives it its millions of sales annually.

Get a large fifty-cent case of Pape's Diapepsin from any drug store. It is the quickest, surest, antacid and stomach relief known. It acts almost like magic—it is scientific, harmless and pleasant stomach preparation which truly belongs in every home.

NEWS OF THE DAY IN THE POLICE COURT

Despite the fact that this morning's session of police court was one of the shortest held, with one exception, that being the day before yesterday, it was shortly before the noon hour that the regular session opened owing to the number of cases in the juvenile session.

George Keramithus and Alma Bouchard were charged with a statutory offense. Pleas of not guilty were entered but after Special Officer Francis H. Moore and Patrolman William H. Ryan had offered testimony, each was found guilty and fines of \$15 were imposed.

Albert Plante, charged with drunkenness, entered a plea of guilty but, owing to his condition, disposition in the case was continued until Monday. Amadee Lacombe, who was released a week ago yesterday, was charged with drunkenness and after pleading guilty was sentenced to one month in jail.

Juvenile Session

Edward Durand, aged 14 years, and Arthur Meunier, aged 16 years, were this morning sentenced to the Lyman school after being given a hearing before Judge Enright in the juvenile session of the police court. Both boys, accompanied by Henry Durand, made breaks in 14 different places in this city, according to the police. Henry Durand appeared before Judge Enright last Saturday and upon entering a plea of guilty to two charges of breaking and entering and larceny was held for the grand jury. Meunier was on probation from the Lyman school. Thomas J. Nowiski was found guilty of breaking and entering and larceny, and sentenced to the Lyman school.

ESSAY ON TREES AND THEIR AILMENTS

Several complaints about maple tree blight have been received at the office of the park department at city hall during the past week or so and in order to remedy conditions the superintendent of the department has prepared a statement relative to the treatment against this blight, and incidentally he has included in his essay a few facts about trees, which are well worth knowing.

The statement follows: Trees in order to thrive well need their proper environment, nourishment, adaptable soil, moisture, drainage and protection from depredations such as insect diseases and mutilations. Any or all of these troubles are easily diagnosed and remedied if taken in time, and this places a responsibility upon the tree lover. Upon the whole, trees are easily kept in health and vigor. A disease of the maple tree that is prevalent on young trees is the maple blight or gleosporium apophytum, a fungus disease. The leaves begin to lose their color and turn brown about mid-season. The outer edges of the leaves first redden and this condition may finally extend through all of the leaves, giving the tree the appearance of being dead with the dried leaves hanging on. This tree may, however, not be dead and will leaf out next season, only to repeat its struggle for life. These trees

MISS LOCKWOOD, the demonstrator of this popular corset will be with us the remainder of this week.

should be sprayed with Bordeaux mixture early next spring just before the buds break. The spraying should be repeated when the leaves are fully out. This will retain a green foliage and enable the trees to regain their vigor. A similar disease affects the oak, the beech, the poplar, elm, sycamore, linden, ash and horse-chestnut, all of which may be similarly treated. If trees are unhealthy looking now it may be taken for granted that something is the matter and the trouble should be determined. Shade trees along streets in towns and cities, or in the country for that matter, where they stand close to the road have many things with which to contend. If along a much traveled thoroughfare, and the road is oiled, the roots may be affected by depressions where the oil has come in contact with them. If the road is not oiled but constantly stirred up and covers the leaves, producing an abnormal and unhealthy condition. Highway trees, although well selected specimens, are often planted under conditions in which it is impossible to succeed; the soil almost devoid of proper nourishment, too wet or too dry, not sufficient room for root development, etc. Just digging

a hole large enough to put the roots in and covering them up does not constitute all that is necessary in successful tree planting.

DEATHS

MAHONEY—Mrs. Clara F. Mahoney, widow of Timothy Mahoney and a former resident of this city, died yesterday at her home in Green Harbor. She leaves four sons, Clarence of Syracuse, N. Y., George of Wollaston, Warren H. of Green Harbor and Charles E. of Boise, Ind.

WOON—Nathaniel W. Wood died Wednesday at Westford. The body was removed to the rooms of Undertakers Higgins Bros. in this city.

KNOX—Robert M. Knox died Thursday night at his home of his sister, Mrs. James Hocking, Princeton street, North Chelmsford, aged 44 years. He

leaves his mother, Mrs. Annie Davie; two sisters, Mrs. James Hocking and Mrs. John Potter; a brother, George Knox, all of North Chelmsford.

KEOUGH—Died last night at Chelmsford street hospital, Michael Keough. The remains were removed to the funeral parlors of Undertakers Calnan Brothers.

FUNERALS

SAWYER—The funeral of Mrs. Martha Sawyer was held yesterday afternoon from the rooms of Undertaker William H. Saunders, 217 Appleton st. Services were held at the Mt. Auburn cemetery chapel, Rev. James Bancroft, pastor of St. John's Episcopal church, officiating.

GILMAN—The funeral services of W. Fred Gilman were held at his home, 87 Fremont street, yesterday afternoon. Rev. A. B. Riggs, pastor of the First Pentecostal church, officiating. Miss Lulu Barnard sang "Jesus, Savior Pilot Me" and "Jesus Knows." The bearers were Miriam Gordon, Russell Fox, Thomas Frost and Walter Parsons. Burial was in the Edson cemetery, where the burial service was conducted by a delegation representing the New England Order of Protection.

MITCHELL—The funeral services of John Mitchell were held yesterday afternoon at the rooms of Undertakers James F. O'Donnell & Sons. The bearers were Dennis A. Murphy, Patrick P. Farrell, Francis P. Cadden and John J. Flynn. Burial was in St. Patrick's cemetery, where Rev. Timothy Callahan recited the committal prayers.

KOSTOPOLIS—The funeral of Chas. Kostopolis was held yesterday afternoon from the home of his parents, John and Olga Kostopolis, 156 Cross street. Services were held at the Holy Trinity Greek church, where the Rev. John A. Kallian recited the committal prayers. The funeral arrangements were in charge of Undertakers James F. O'Donnell & Sons.

SAWYER—The body of the late Mrs. Martha Sawyer was taken yesterday afternoon to Mt. Auburn cemetery, Cambridge, where services were held and cremation took place. Rev. James Bancroft, pastor of St. John's Episcopal church officiated. The funeral arrangements were in charge of Undertaker William H. Saunders.

FUNERAL NOTICES

CROWLEY—The funeral of Charles Crowley will take place Saturday morning at 9 o'clock from his home, 903 Gorham street. Solemn high mass of requiem will be celebrated at the Sacred Heart church at 10 o'clock. Burial in the Mt. Auburn cemetery. Funeral arrangements in charge of Undertaker J. F. Rogers.

CROWTHER—Died in this city, Oct. 15th, 1917, at her home, 28 Burlington avenue, Mary (Griffin) Crowther, wife of William R. Crowther. Funeral services will be held at Penacook, N. H., on Sunday afternoon. Friends may call at the home, 28 Burlington ave., this Friday evening. The funeral arrangements are in charge of Undertaker William H. Saunders.

KELLEHER—The funeral of Cornelius Kelleher will take place Saturday morning from his home, 102 Perry street at 9:30 o'clock. Solemn high mass of requiem will be celebrated at the Immaculate Conception church at 10 o'clock. Funeral arrangements in charge of Undertaker J. F. Rogers.

KNOX—Died in North Chelmsford, Oct. 18, at the home of his sister, Mrs. James Hocking, Robert M. Knox. Private funeral services will be held from the home of Mrs. James Hocking, Saturday afternoon at 2 o'clock. The funeral arrangements are in charge of Undertakers Higgins Bros. in charge.

MAHONEY—Died, Oct. 18th, in Green Harbor, Mass., Mrs. Clara F. Mahoney, widow of the late Timothy Mahoney, formerly of this city. The funeral services will be held at the graveside in the Edson cemetery, Saturday morning at 9:45 o'clock. Friends are invited without further notice. The funeral arrangements are in charge of Undertaker George W. Healey.

TITTON—The funeral of Mrs. Joannette (Mildred) Titton, will take place Saturday morning at 9 o'clock from the home of her mother, Mrs. John M. Titton, 188 Pleasant street. A funeral mass will be celebrated in the Immaculate Conception church at 9 o'clock. Burial in St. Patrick's cemetery. Undertakers Higgins Bros. in charge.

FOOD PRICES WILL SOON DROP, SAYS HOOVER

WASHINGTON, Oct. 19.—Food Administrator Hoover announced yesterday that, subject to co-operation from the farmers and retailers, the corner has now been turned in high prices for food.

He said retail prices had not come down to conform to wholesale reduction, and that was a matter for public sentiment to correct.

Most of the essential commodities, he declared, should one after another continue to show reductions between now and the end of the year.

He points out that the food administration has no control of either the grower or his organization, nor of the great majority of retailers. "The foundations have been laid," he says, "for regulation of the intermediate trades, and where these regulations have come into force and the trades are co-operating timely, considerable results are evident in the wholesale prices."

To aid the public in dealing with retailers who continue to extort war profits, the food administration now is collecting wholesale prices of all staples in 700 cities and soon will begin publishing them weekly for comparison with the retail prices of the grocers.

Flour \$1.50 to \$2 Too High

Mr. Hoover's statement continues: "The current prices at which flour is being sold at the mill door in June bags vary somewhat with the locality and freight charges on wheat. Toledo showing the lowest prices at \$10 for first patent and \$9.70 for second patent, the highest being Buffalo at \$10.70 for first patent and \$10.70 for second patent. This shows a large reduction under August prices."

"The average retail prices on first patents in 700 cities on Oct. 12 was \$13.77, or from \$15.00 to \$2 per barrel higher than is warranted by the price being made by the millers. In other words, the retail price has not wholly

responded to the reductions made by the millers."

Manchurian Beans Will Be Cheap

"The bean harvest this year is estimated by the department of agriculture at approximately 7,000,000 bushels in excess of last year, or nearly double last year, and promises an abundant supply. The growers' associations in prominent bean-producing states are holding beans for from 13 1/2 to 15 cents per pound, as against an average price realized by the growers last year of 8 cents per pound."

"There has been 100 per cent. increase in the Manchurian bean crop, and it is now estimated at 2,000,000 tons. The price of shipping shortage, practically the only obstacle to the United States, and these beans will flow into the American market from December on much below the prices now being demanded for American beans."

The corn harvest this year is 600,000,000 to 700,000,000 bushels over last year, and will be generally available about the end of November. The price of corn rose to \$2.30 per bushel in July, and now stands at \$1.90 per bushel in Chicago. New corn is quoted in Chicago at \$1.13 per bushel for December, and indicates nearly a 40 per cent. decrease in the price of corn when the new corn is generally available.

Wholesale Beef Down, Retail Up

"The very large corn supplies from the new harvest, together with the larger supplies of barley, velvet beans, cottonseed, peanut and soybean meal, all promise much cheaper cases, but that the honesty and stability of the order have been untouched throughout."

At times, when news of the court proceedings has been spread abroad, certain members have felt and have allowed their membership to lapse. To guard against a continuance of such lapsing, to re-kindle enthusiasm, to teach the cardinal principles of the order anew, to preach the unusual financial standing—these are the reasons for the big drive. It is predicted that it would meet with overwhelming success, as it fully deserved to do.

Producers Hold Potatoes

"We have a potato harvest of 59 per cent. in excess of the crop of last year, and the price of potatoes varies from \$1.50 to \$2.50 per hundred pounds, depending on the section where grown and the cost of sending them to market."

"The price, which is somewhat higher than at this period last year, is due to a tendency on the part of the producer to hold the potatoes at higher prices than last year, despite the greatly increased crop, and to the temporary inability of the railroads to furnish equipment sufficient to move from many sections the quantity available at this time."

"The average price of potatoes delivered in the market has been lowered the price which the producer has received plus the price of distribution to the market."

"The larger supply of cars and the large harvest warrant lower prices later in the fall."

Sugar Shortage Temporary

"Best sugar prices are being controlled by the manufacturers upon a basis that should reach the retailer from 8 to 12 cents per pound, depending on the locality. Confectioners from beet factories is now being restricted and a temporary shortage in the northeastern states gives no warrant for the advances by retailers to over 9 cents per pound. For this allows fair margin upon the prices paid by them for cane sugar they are now selling."

"In any event, the rise in retail prices of sugar during the last three days in the eastern states is solely due to the dealers in the face of short supply and does not bear any relation to the prices at which these sugars have been purchased."

The price of new Cuban, Porto Rican and Hawaiian harvest in December will maintain the beet level as soon as it is available. The beet level is 1 1/4 below August prices, and with the present action of beet sugar manufacturers and the refiners of cane sugar, prices would now be up to 15 cents, owing to the short supplies during the next few weeks."

To Import More Fats

"In order to provide equally good substitute for lard and cooking fats, the food administration is arranging for the import of larger supplies of coconut, palm, nut and soybean oils. This should also affect the prices of soap."

Mr. Hoover points out that when the food administration came into existence on Aug. 10 there were no reserve stocks of most staples, owing to over-export and short 1916 harvest, and that in some cases there was an absolute undersupply for home necessities.

The situation was complicated by the car shortage caused by coal and munitions shipments. The food administration has been faced with periodic shortages of one thing after another in various parts of the country, each of which had to be met to avert local famines."

ROYAL ARCANUM DRIVE FOR NEW MEMBERS

"The 'drive' of the Royal Arcanum for new members was held last night in Odd Fellows hall, many members from the different councils being present. Supreme Vice Regent Franklin Rubrecht, of Columbus, Ohio, was the guest of honor and he explained the meaning of the 'drive,' so-called, which started in the middle west and resulted in an increase in membership in that district, Pennsylvania and New England. It is the result of the adoption by the insurance commissioners of 37 states in the union of a measure to cause fraternal organizations to become 50 per cent. solvent by December of the present year. It was announced during the meeting that the Royal Arcanum is 100 per cent. solvent."

During the course of Mr. Rubrecht's remarks he said:

"The purpose of the 'drive' is to show that the rates are wholly adequate and that the order is solvent. Not only is there a surplus of four millions, but every claim is paid, and not a debt is owed. The rates carry out the expectancy of life for 100 years of age, he said, and that is all that any order can be expected to guaran-

BABY KILLED IN CRASH ON CROSSING

NORTH WILMINGTON, Oct. 19.—An automobile containing six persons struck a freight train at Brown's crossing, on Andover street, late last night, causing the death of Florence Flint, the 18 months old baby of Fred Flint of Reading. Mr. Flint, who was driving the machine, and his wife and two sisters, Misses Grace and Florence Flint, with Miss Ruby Margeson, were badly shaken up.

DAMAGE WAS SLIGHT

An alarm from box 125 at 9:17 o'clock last night, summoned a portion of the fire department to a blaze in a house at 57 Jefferson street, owned by Peter H. Savage. The fire originated in a bed on the second floor, but gained considerable headway and the flames were shooting through the roof when the firemen arrived on the scene. The department had the fire under control shortly after reaching the scene. The damage was slight.

OLD TIMERS' NIGHT AT THE Y. M. C. A.

The local Y.M.C.A. held an Old Timers' Night last evening in the association rooms and the occasion brought together many of the former members and officials of the organization. The reunion was a thoroughly happy one and both the formal program mapped out for the evening's entertainment and the just as enjoyable informal numbers combined to round out a most pleasant affair.

William A. Morse, formerly secretary of the local association, was present from Camp Devens, where he is now located. Among the other old officials present were Christopher Scalfie, former physical director, but now stationed at Worcester, and W. S.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

Dillon, assistant secretary several years ago and now at Manchester.

Wide open house was enjoyed for the evening and a number of sporting events were carried out. A basketball game between teams of old-timers introduced the following stars of bygone days:

Team one, composed of Dwyer, Grant, Costello, Harris and Doole, won over Team Two, made up of Cote, Coulter, Clements, Corcoran and Lawson.

An informal program of speechmaking was carried out after the game and was presided over by Robert Friend. Among the speakers were Messrs. Morse, Scalfie and Dillon. A luncheon was served and music was furnished by a ladies' orchestra. Harry R. Pierce entertained in song numbers. Acting Secretary R. R. Gumb was in general charge.

DRAMATIC CLUB

The Dramatic club met at the home of Miss Etta Donohoe Tuesday evening and the following program was carried out: Piano solos by Miss Sadie Carr, Mr. Joseph Mahoney and Mr. George Barrows; recitations by Mr. Gene Mullin and Mr. Joe McDonnell; clog dance by Mr. Frank Donohoe and Mr. Timothy Flinnigan; solos by Miss Catherine Sharkey, Dolli Stephenson, Margaret McQuillan, Irene Harkins, Lizzie Juskeila and Jennie Mullin, and pleasing numbers by the following quartet: Misses Catherine Sharkey, Irene Harkins, Messrs. John Doyle and Ed. McNulty. The models of 1918 were shown by Messrs. Ed. McCullough, John Doyle, William Shee-

han, Gene Mullin. Dancing was enjoyed with selections from the victrola. Those assisting in serving were Miss Sadie Carr, Miss Irene Lelechner and Miss Etta Donohoe.

NO MONEY FOR ANDOVER ROAD EXTENSION

Special to The Sun

STATE HOUSE, Boston, Oct. 19.—The Massachusetts highway commissioners announced yesterday that they have been obliged to deny a request of Chairman Irving F. French of the Tewksbury board of selectmen for an additional appropriation from the state for an extension of the highway construction on Andover road in that town.

In his letter to the commission, Chairman French estimated that the additional amount required for the work would be \$6000, but Chairman Sohier of the highway commission found that the money available for the work entirely of the commission this year has been allotted to various sections, and no additional work can be arranged for at present time. Next year, however, if there is any money available, Chairman Sohier has promised that the state will devote \$6000 to the work, provided both the town and the county will contribute a like amount. HOYT.

NEW BEDFORD DRAFTERS PRESENTED \$1000

NEW BEDFORD, Oct. 19.—A fund of \$1000, raised here for the benefit of the 800 New Bedford members of the National Army, was taken to Camp Devens today by Mayor Charles S. Ashley and a committee of citizens. The money will be placed in the custody of the commanders of companies in which men from this city are enrolled to be distributed as they see fit.

WOMAN COMMITTED SUICIDE

NEWTON, Oct. 19.—Medical Examiner George L. West said today that Mrs. Margaret S. Moshaka of this city, daughter of Hiram Ricker, a wealthy hotel proprietor of Poland Spring, Me., who died at her home last Monday, committed suicide. Dr. West said that she had closed the doors and windows in the kitchen and turned on the gas. Mrs. Moshaka's husband is Naesob N. Moshaka, a Serbian who owns a local factory. He is the son of a former American consular agent at Damascus and has lived in this country for many years. The marriage took place last April. The authorities said that they knew of no motive for the suicide.

URGENT ALL EPISCOPAL CLERGYMEN TO SUPPORT LIBERTY LOAN CAMPAIGN

BOSTON, Oct. 19.—Bishop William Lawrence of Massachusetts, as chairman of the war commission of the Episcopal church and Bishop James de Wolfe Perry, Jr., of Rhode Island, as chairman of the commission's executive committee, have sent a letter to Episcopal clergymen throughout the country urging support of the Liberty loan campaign. The letter calls attention to the responsibility of the church in the present crisis. Life insurance men held a meeting here today preparatory to a three days' drive for the loan. The war information bureau of the Young Men's Christian Union has arranged to receive subscriptions for bonds during the evening hours, when the tanks are closed. Six thousand boy scouts will distribute Liberty loan circulars next week.

SEEK NATIONAL AID IN WOMAN SICK TWO YEARS

COAL SITUATION

Could Do No Work.
Now Strong as a Man.

BOSTON, Oct. 19.—The national fuel administrator and the priority board will be urged to do all in their power to relieve the coal situation in New England, as a result of the conference at the state house yesterday afternoon of New England governors, fuel administrators and others, at which resolutions were adopted declaring New England was facing a serious coal shortage and calling upon the national administrators for prompt assistance.

The session was held in the senate chamber. Gov. McCall presided, and there were present representatives of chambers of commerce, public safety committees, manufacturing organizations and railroad officials.

Among the most prominent men present were Gov. Carl E. Milliken of Maine, Gov. Henry W. Hayes of New Hampshire, Gov. Horace P. Graham of Vermont and Gov. Marcus H. Holcomb of Connecticut; United States Senators Henry Cabot Lodge of Massachusetts and Frederick Hale of Maine; Congressmen Frederick H. Gillett, Calvin D. Paige, Samuel E. Winslow, George H. Tinkham, James A. Sullivan, William E. Greene, Allyn T. Tracy and Joseph Walsh of Massachusetts; Jas. P. Glynn of Connecticut; Wallace H. White, Jr., and John A. Peters of Maine; Sherman E. Burroughs and Edward H. Weston of New Hampshire; and Geo. F. O'Shaunessy of Rhode Island; Fuel Administrators James J. Storow of Massachusetts, George H. Holmes of Rhode Island, Floyd of New Hampshire, H. J. M. Jones of Vermont, Thomas W. Russell of Connecticut and Hamlen of Maine.

Blames the Hoarders

Gov. McCall said that there is a probability that there will be a shortage of 6,000,000 tons in the normal winter supply of coal for New England this year. Fuel Administrator Storow told what his committee and his associates in the other New England states are doing. One of the big things done was the establishing of a despatching system for ships and barges along the North Atlantic coast. He also stated that coal cars are being unloaded with greater speed than ever before.

Mr. Storow said the figures of his committee, which show a great coal shortage in New England, are disputed by the authorities in Washington. He suggested that a committee be selected by the conference to pass on the figures in question; second, that resolutions be drawn up and a committee be organized to go to Washington to urge that New England get priority for a fair share of coal; and third, that confidence be expressed in the efforts of the United States fuel administrator.

On motion of Senator Lodge, the following resolutions committee was appointed: Maine, Senator Hale and Congressman Peters; New Hampshire, A. B. Jenks of Manchester and William D. Swart of Nashua; Vermont, James J. Jones of Montpelier and H. Babbitt of Bellows Falls; Rhode Island, Congressman O'Shaunessy and William A. Vinal; Massachusetts, Senator Lodge and Congressman Gillett.

Senator Lodge declared that he was astonished to learn today that the war department does not intend to use the port of Boston as a war supply and storage point.

"I would like," he said, "to have the committee on resolutions to consider the question of the proposed movement of 8000 drafted New England men from the camp at Ayer to Georgia, for the purpose, I understand, of filling up Georgia regiments."

The committee decided, however, best

to confine itself to a consideration of the coal situation.

Big Shortage Predicted

L. A. Jack, president of the Maine steam board of trade, expressed the opinion that Mr. Storow was not entirely correct when he stated that the shortage of coal in New England is due to a transportation problem. In Mr. Jack's opinion the main reason is that large manufacturers and others who use great quantities of coal have tied the supply up by contracts for larger amounts than they need.

Mayor Curley then told of the advantages of the port of Boston as a shipping point and stated that he had made arrangements for a conference with authorities in Washington. He thought that a committee might be appointed to accompany him to Washington. This suggestion was accepted.

Congressman Greene urged that there be a less proclamation of what is going to be done and more of the real doing. There were several other speakers who suggested various ways of saving fuel.

The auditing committee appointed by Gov. McCall to inspect the figures of the New England coal committee relative to the shortage in this section is as follows: Charles F. Weed, Boston; Henry A. Carpenter, Providence; A. B. Jenks of Manchester, N. H.; Isaac Ullman of New Haven; True Hooper, Portland; and Frederick H. Babbitt, Bellows Falls.

PLANS FOR A WOMEN'S KNITTING CLASS

The Lowell council of Knights of Columbus has formulated plans for a women's knitting class and definite steps in the organization of such a class will be taken this evening at the K. of C. rooms in Associate building at 8 o'clock when a meeting of all women interested in the work will be held.

The class will make sweaters and other clothing for the soldiers in camp and a large quantity of yarn for the purpose has already been purchased. It is hoped that a large number of women will attend this evening's meeting.

District Deputy J. P. S. Mahoney will preside over the installation of the recently elected officers of the local council which is to take place next Thursday evening.

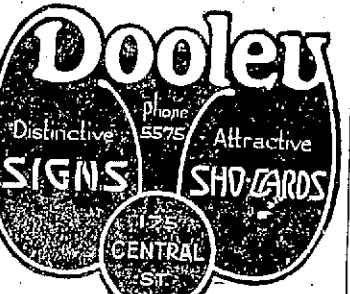

A service flag with 28 stars has been hung up in the K. of C. rooms. It is expected that more stars will be added later.

BOY SCOUTS GET WAR SERVICE MEDALS

A number of Lowell Boy Scouts who did excellent work in the first Liberty bond campaign last summer received their reward last evening at the rooms of the board of trade when Chairman Robert F. Marden, of the Lowell Liberty loan committee presented 25 of the young men war service medals in recognition of their

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspaper and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 165 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. J. O'BRYAN, 1755 Newport Ave., Chicago, Ill.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, and nervous prostration. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

having obtained 10 or more subscriptions.

The ceremony was of a wholly patriotic nature. Scout Wilbur Robertson sounded the assembly and then the honored young men filed into the main room where their parents, friends and scout officials were on hand to greet them. Scout Executive Alex E. Williams read the roll of honor and then Commissioner Luther W. Faulkner presented the scouts to Mr. Marden. The latter congratulated them on their excellent work in the past campaign and urged them to do as well in the present drive. He then presented a medal to each of the boys on behalf of the treasury department.

The scouts will begin their work in the present campaign tomorrow and persons who are unable to leave their homes but who wish to buy a bond will be accommodated by one of the scouts if they will call the scout headquarters, 30.

Following is a list of the boys who received medals last evening:

INTERESTING DEBATE AT THE HIGH SCHOOL

The first debate of the season held under the auspices of the Greenleaf Debating society of the Lowell high school was held this afternoon in the assembly hall of the school with a large attendance of the student body. The subject of the debate was: Resolved, That the United States should enforce prohibition for the duration of the present war.

The affirmative was upheld by Messrs. George Lelime, Joseph Hollingworth and Joseph Donahue; the negative was supported by Messrs. Harold Reuter, Francis Hufsch and William Barrett. Mr. Hollingworth made the rebuttal for the affirmative and Mr. Reuter for the negative. It was really an inter-class debate, the affirmative was made up of students of the junior class while the negative was composed of seniors.

The judges were: Messrs. Joseph P. Donahue, Cornelius J. O'Neil and Henry J. Gilbride. Surrounding the debate proper was a pleasing program of music by students of the school and there was also a brief address by Principal Herbert D. Bixby. The complete program was as follows:

Overture: "The High School Reformer," March, by Angelo.

Remarks: Paul J. Angelo, President.

Introduction of the subject of the debate and the speakers.

The Debate.

Conference of Judges.

Remarks: Principal Herbert D. Bixby.

Solo, Selected: Evelyn E. Regan.

Violin Solo: Maurice Hamel.

Selection, Orchestra.

Exit, "The Star Spangled Banner."

It was announced that the next debate would be held two weeks from today and that it would be an all-city affair. Today's debate was under the auspices of the debating society, Paul J. Angelo, president, and Miss Mary C. Joyce and Mr. Jesse Sullivan of the faculty.

Women! Keep It On Dresser! Never Let Corns Ache Twice

Instantly! Few drops stop corn-soreness, then corns and calluses shrivel, loosen and lift out with fingers—No pain!

The world owes thanks to the genius in Cincinnati who discovered freezone, and shriveled that you lift it off with the fingers. Not a bit of pain or soreness is felt when applying freezone or afterwards. It doesn't even irritate the skin or flesh. For a few cents one can now get rid of every hard corn, soft corn, or corn between the toes, as well as painful calluses on bottom of feet without any pain. Ladies! Keep it on the dresser.

High Priced Dentists Will Tell You Not to Come to Me Why?

Because I will not help them to keep up the price of dentistry and because I insist that there should be at least one dentist in Lowell who will do only high grade dentistry at prices the men and women who work hard for their money can afford to patronize.

\$1 Spent With Me Will Go as Far as \$2 Elsewhere Keep. This Ad. It Is Worth \$1.00

WILLARD B. OSBORNE TO MOVE TO WORCESTER

The subjoined item from the Worcester Telegram has reference to the departure from Lowell of Mr. Willard B. Osborne, of 27 Wyman street, who built the present Lowell Gas Light plant in 1899 and remodelled it in 1912.

"Dana B. Barnum, president and general manager of the Worcester Gas Light Co., and connected with it in various capacities for the past 22 years, resigned as such, and as a director at a meeting of the directors yesterday afternoon, to take effect Nov. 1. He has accepted the vice presidency of the Boston Consolidated Gas Co., in charge of operation.

The resignation was accepted with regret, which was a part of the minutes of the meeting.

"The committee appointed at the annual meeting to recommend a successor to Mr. Barnum, reported the name of Willard B. Osborne, for the past four years with the Lowell Gas Light Co., who was elected a director of the company at a special meeting of the stockholders to be called the latter part of the month, and on Nov. 1, the directors will elect him president and general manager.

Mr. Osborne has had wide experience in the management of large undertakings, having had charge of designing, building and operating plants at Buffalo, Chicago, St. Louis, Boston, New Haven and Worcester, as well as the Astoria plant of the Consolidated Gas Co., New York, rated as the largest coal-gas plant in the world.

"Mr. Osborne graduated from Stevens Institute of Technology in 1896, since which time he has devoted his time to gas industry. Previously to going to Lowell, he was connected with the Rittenhouse Co., Pittsburgh, Pa., building of gas plants. Mr. Osborne is not a stranger in Worcester, having lived here two years several years ago, and was in charge of the erection of the two new plants of the Worcester Gas Light Co. He is regarded as an expert in his line by those who know him, and the directors say they feel they have been exceedingly fortunate in securing him to succeed Mr. Barnum."

STRIKING PUPILS BREAK MANY WINDOWS

NEW YORK, Oct. 19.—With the opening of the public schools this morning the strike of pupils against the Gary system spread and disturbances were resumed. At one of the largest of the buildings the children broke many of the windows. They paraded through the streets with placards reading: "We won't go back to school until the Gary system is taken out." The police dispersed them. Parents aided the police in inducing their children not to congregate outside the school buildings. The police were questioned near the schools of their husbands and nearly all replied that they were socialists.

In a Jewish section of Brooklyn several hundred women armed with stones forced their way into a school and demanded that their children be allowed to go home. Some windows were smashed and several persons were injured, including three policemen, while reserves were quelling the riot. The 8000 children were dismissed for the day.

ALLEGED SLACKER ARRESTED
NEW BEDFORD, Oct. 19.—Henry Gurney, aged 25, of Marion, was placed under arrest early today by the chief of police acting under orders of the federal authorities and taken to Boston where he will be charged with attempting to evade the draft. Gurney failed to appear when ordered to do so by division 42 board.

SAYS LIBERTY LOAN LIKE A "WINNING HORSE"

BOSTON, Oct. 19.—"Germany has got to be beaten right down into the dust. The allies are already winning. It is pushing the enemy along. In buying Liberty bonds you are only backing a winning horse—a sound policy."

This declaration by Capt. A. C. Tweedle of the British recruiting mission created tremendous enthusiasm last evening at a mass meeting of employees of local retail stores held at Tremont theatre at 8 o'clock to stimulate enthusiasm for Liberty bonds.

Capt. Tweedle, while disclaiming appearing as an advocate of bond sales in a country to which he does not belong, aroused such enthusiasm by his simple story of conditions on the war front and of what is needed to bring victory to the allies, that N. P. Hallowell, vice chairman of the New England Liberty bond committee, expressed the wish that he could have his services daily in the campaign.

The theatre was crowded save in the second balcony. John Shepard, Jr., president. Other speakers were Lieut. Gov. Coolidge, Charles F. Weed, ex-president of the chamber of commerce, N. P. Hallowell and Judge Michael J. Murray. There was patriotic music by a band, while a detachment of the women's rifle team of the Shepard store acted as ushers. A smaller group gave an exhibition of trapping the colors at the close of the meeting, which ended with singing of the "Star Spangled Banner" by the entire gathering.

John Shepard, Jr., in opening the meeting, asked every person in the audience to persuade their friends to put every available dollar into Liberty bonds, which he declared are much more desirable than ordinary greenbacks of the same denomination, be-

cause of the interest they draw. He told of a poor old woman who has saved \$100 for her funeral expenses, and who invested half of it in Liberty bonds, reserving the other half for her funeral. He said she ought to have put the entire \$100 into bonds, and then she would have been sure of having it when needed.

Thinks War Will End This Winter
He emphasized the fact that the amount needed by the government for the war will be raised by taxation if the bonds are not fully sold, and he expressed confidence that the issue will be oversubscribed, and that it will end the war this winter, owing to the financial situation of Germany.

Lieut. Gov. Coolidge declared that the nation has done much in the last six months, having raised 1,000,000 men for the army and 500,000 for the navy, besides pledging 10 per cent of the value of the entire national resources—a sufficient indication that the spirit of the people is in the war.

He commended a statement by Mr. Shepard, that if Germany sees by the alacrity with which the bonds sell that we are determined to win the war that we are determined to win the war that we will go a long way toward winning it.

"There is no question of the ability of our government to pay interest and principal on the war-bonds issues," said he. "Our resources are to be taxed because we must win a military victory in order to avoid having to pay tribute to Germany much greater than the amount now asked by our government, either as loan or taxes. This is no time for peace talk. We want it, but a military victory is the only means to get it."

Charles F. Weed said that when the crushing force this country aims to raise is ready, Germany will know that the war is as good as won. He said that so far our government has only called for one-thirtieth of the national wealth for the war, whereas Great Britain has already given one-

third of hers. To equal Great Britain, he said, this country would have to raise \$10,000,000,000.

Captain Tweedle dissented from the opinion of Mr. Shepard that the war will end this winter, but he declared that Germany has no doubt of the earnestness of this country in the war when she realizes the way American soldiers are being shipped abroad.

Bay State Troops "Tip of Wedge"
Speaking especially to the women, who made up a large proportion of the audience, he asked them to remember that American boys at the front will be up to their hips in mud in the trenches and subject to cold rain and slush this winter, and to do all they can to back them up.

He evoked great applause by saying that New England troops "should form the tip of the wedge that is going to shatter the German lines and the troops of Massachusetts should form the tip of the tip."

N. P. Hallowell expressed confidence that New England's maximum quota, \$500,000,000, will be raised in this campaign and Judge Michael J. Murray made a stirring address, enumerating some of the principal reasons for our being in the war.

SUPERIOR COURT
The evidence in the cases of Fessenden and Burroughs against the Boston & Maine railroad, three actions of tort, was concluded at this morning's session of the superior court before Judge King and jury. Arguments will be made on Monday morning at 10 o'clock, the jury sitting on the case being excused shortly before adjournment.

The next case called was that of Emma Demers vs. James Tessler, executor of the will of Eugene Ducharme. This is an action of contract, and the ad damnum is \$2000, the plaintiff seeking to recover for nursing done during the illness of Ducharme. H. V. Charbonneau for the plaintiff and Arthur L. Enos for the defendant.

LOUISIANA'S "BAD MAN" HANGED

BATON ROUGE, La., Oct. 19.—Hal-shie Currier, Louisiana's "bad man," was hanged today in the state penitentiary here for the murder of Sheriff Swords last July. Run down in the cane brakes after a sensational hunt of weeks, Currier resisted his execution to the last moment, even to the extent of attempting suicide in his cell last night.

GEN. GURKO OF RUSSIA ARRIVES IN ENGLAND

LONDON, Oct. 19.—Gen. Gurko, former commander on the Russian southwestern front, has arrived in England with his wife on board a British ship.

The correspondent of the Daily Express who traveled on the same boat, says that the ship was lying at the entrance to the river outside the port of Archangel awaiting orders to depart for England when, late at night, a tug stole silently alongside, and two unidentified passengers walked up the companion ladder. They registered under assumed names and it was not until several days later that their identity was established by a few of the other passengers.

"How Gen. Gurko evaded his en-

emies at Petrograd," the correspondent says, "and reached Archangel, how he found friends and remained in retirement in Archangel, must remain a secret."

General Gurko told newspapermen last night that he was given permission to leave Russia as soon as possible after his release from imprisonment in the fortress of St. Peter and St. Paul.

"I was imprisoned," the general said, "because certain letters which I have written to the former emperor were cited as evidence of my ill-feeling toward the republic. After several months of confinement nothing was found to justify a trial and I was released. My intention is to remain in England until matters in Russia become more settled."

COAL AND LABOR SITUATION IN NEW YORK STATE IS VERY SERIOUS

ALBANY, N. Y., Oct. 19.—The coal and labor situation in New York state is very serious, Secretary C. H. Betts of the state food commission announced today. The commission is compiling a report, based on advice from all sections of the state, which is to be forwarded to Herbert C. Hoover at Washington. The commission will demand quick action for the relief of the situation.

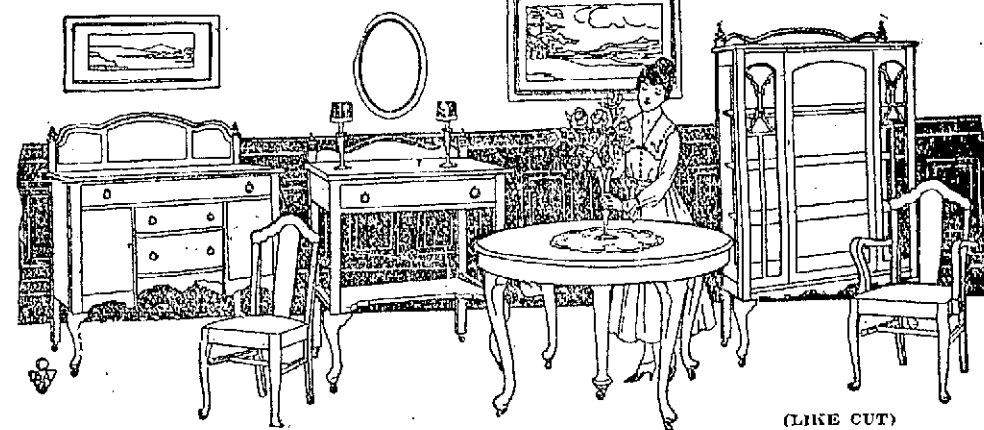

MILLION DOLLAR BLOCK OF FIRST LIBERTY LOAN BONDS CHANGES HANDS

NEW YORK, Oct. 19.—A million dollar block of the first Liberty loan bonds changed hands on the stock market today at 99.75. This is the largest single transaction in the bond since they were put on the market.

COOKIN FURNITURE CO.
PRESCOTT STREET

PLAYED OPENING MATCH IN TOURNAMENT

A match in whist, cribbage and checkers, the first in a series, was held last evening in the rooms of Club Cityens-Americains in Middle street, between the members of the club and those of the French-American Naturalization of Lawrence. The delegation from the down-river city was large and a most enjoyable evening was spent. The games proved very interesting, but unfortunately for the visiting delegation, the Lowell aggregation copped all the honors of the evening, the scores being as follows: Whist—Lowell, 531; Lawrence, 523. Checkers—Lowell, 23; Lawrence, 5. Cribbage—Lowell, 424; Lawrence, 421. Total points—Lowell, 4318; Lawrence, 4751.

At the close of the games an entertainment was given, the hosts and guests taking part, and luncheon was served. The program of the evening was given under the direction of President Joseph Payette of the Lowell club, and proved most enjoyable.

Those who took part in the games were as follows:

Lawrence—Whist: W. Gendron, A. Boisjoli, T. Martin, A. Cabana, A. Dumont, W. Bellevue, J. Berube, J. Viel, C. Leclair, A. Levesque, A. Lafayette, O. Regis, I. Lamothe, M. A. Langevin, E. Tremblay, J. Ceaux, A. Parent, C. Moreau, P. Dion, P. St. Aubin, L. Chénard, E. Carneau, P. St. Laurent, P. Monfaut, O. Faucher, A. Laplante, A. Thérberge, A. Choquette, Arthur Thérberge, J. Mercier, S. Lemay, M. Harnesaut, Rodolphe, F. Ouellet, A. P. Lavallee, A. Siroit, J. Renaud, J. Theriault, O. G. Grenon, F. Sicard, Cribbage: G. Beaulieu, F. LeBrun, G. Doucette, G. Perron, E. Boisvert, J. Croteau, E. Beaudet, D. P. Ricard, A. E. Roberge, N. R. Dufresne.

Lowell—Whist: J. Payette, P. Favreau, O. Lapine, M. Ippine, J. Durand, G. Pelletier, E. Côté, D. Ledoux, H. Arvisais, J. T. Vincent, C. Bourgeault, J. Fortin, L. Ducharme, P. Deschênes, D. Ducharme, E. Ducharme, E. Neveu, A. Mirault, O. Beauchesne, H. Dionne, H. St. Pierre, O. Levesque, J. Labotte, P. Bourne, V. Lahaie, J. P. Ouellet, A. Rochette, E. Claveau, J. Z. Chouinard, P. Rochette, L. Boule, E. Simard, T. Bordeleau, T. Roy, G. Morissette, F. Collette, J. Daigle, A. Courtois, Cribbage: A. Fecteau, L. Loupret, U. Coulombe, M. Boudon, M. Goudreau, F. Gauthier, J. Paquette, J. Blazon, J. P. Marchand, and P. Gosselin.

Stronger Men Take the Lead

They Have Nerves of Iron and
Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made, it is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription Phosphated Iron, a real blood and nerve builder."

Then you will be there with vim and push to easily do the work that you now do on your nerves alone.

He also says: "Phosphated Iron feeds the blood cells with iron and nerve force, and that leading specialists are now using it successfully all over the country, that it has sprung into almost instant popularity with the better class of doctors as one of the few remedies they can depend on to produce results."

Special Notice—That leading physicians and their patients getting the genuine Phosphated Iron we put up in capsules only, so do not allow dealers to substitute any pills or tablets. Fred Howard, the druggist, Lowell Pharmacy and leading druggists everywhere.

PLOTTERS PLANNED TO MURDER DR. COOK

CHICAGO, Oct. 19.—Dr. Frederick

A. Cook, an Arctic explorer, and a crew of 18 sailors were among those marked for assassination by the leaders directing the alleged plot to foment a revolution in India to embarrass Great Britain during the war, according to testimony given by Sukhup Chatterji, a Hindu priest, in Judge Landis' court yesterday. The Hindu was testifying at the trial of Gustav H. Jacobson, wealthy Chicago real estate dealer, and his three co-defendants, charged with the conspiracy.

Wholesale murder and kidnaping was part of the program outlined, the witness testified.

This part of the plot, Chatterji said, was revealed to him in Manila by George Paul Boehm, one of the defendants.

"Boehm said he had planned to kill Capt. Cook and his crew, who were to make an expedition in the vicinity of the Himalaya mountains," said the witness.

"Boehm was to assume the name of Capt. Cook and, the other men in our party were to assume the names of the other sailors, who were to be killed."

"I protested. It was Boehm's plan to go through India under the guise of an explorer and foment a revolution among the natives against Great Britain."

Capt. Thomas J. Tunney of the neutrality bureau of investigation of the New York police department testified to an alleged confession made to him by Herman Lal Gupta in New York March 10, 1917, and his testimony was corroborated by George C. Barnett, a New York detective sergeant.

"He told me that Capt. von Pappen, the military attaché of the German embassy in the United States, paid him between \$15,000 and \$16,000 in 2 suits of offices in lower Broadway," said Capt. Tunney.

"He said the money was to be used in making a trip to the Orient. He said later he went to China and Japan

and bought firearms and ammunition for use in the revolution in India.

"Gupta told me that von Pappen said he would buy additional firearms and ammunition in the United States and ship it to the Orient by way of the South Seas."

"He told me the headquarters of the conspiracy was in Berlin."

SOCIAL AND FRATERNAL

A very successful ice cream party and concert was given in Grafton hall last evening, the affair being under the auspices of Branch St. Andre, A. C. P. The attendance was large and all present spent a most enjoyable evening. Vocal and instrumental selections were given by Miss Gertrude, Arthur Leveille and Ismie McLeod, while concert numbers were given by Gendreau's orchestra. The committee in charge of the event consisted of Miss Normandin, chairman; Thérèse Blanchette, secretary; Alphonse Fortier, Charles Boucher and George Houle.

The regular meeting of Lowell chapter of Mooseheart lodge was held last night in Odd Fellows hall, Senior Regent Katherine L. Curtin presiding. There was a large attendance and considerable routine business was transacted. Mrs. Abbie Lull was elected chaplain. The third senior regent asked that her resignation be accepted and Mrs. Devlin was nominated to fill the vacancy. The next meeting will be held Oct. 31.

POTATOES \$1.20 A BUSHEL.
SCRANTON, Pa., Oct. 19.—Potatoes raised on its own farms are being offered by the Delaware & Hudson Railroad Co. to its 9,000 employees in and about the anthracite coal mines at \$1.20 a bushel, 75 cents a bushel cheaper than local dealers are asking. The company decided last spring to plant potatoes on its farms instead of hay, as had been the custom, and a large crop of tubers were harvested. Each employee is limited to the purchase of five bushels.

SEC. BAKER ACCEPTS TWO HEAVY DUTY WAR TRUCKS AT WASHINGTON

WASHINGTON, Oct. 19.—In the presence of many distinguished officials and others, Secretary Baker today accepted on behalf of the war department, the first two heavy duty war trucks to be completed under designs prepared by the quartermasters' department, the automotive products section of the council of national defense, and the Society of Automotive Engineers.

MAN ARRESTED IN CLEVELAND MAY BE MAX WANTED BY BOSTON POLICE

BOSTON, Oct. 19.—The Boston police have asked the Cleveland authorities to hold for them a man under arrest there who gave the name of "Seyd Frank Tension of the British army." The local authorities wish to make an investigation of the suspicion that the man may be Izzy Cohen, who is alleged to have cashed many worthless checks here some time ago while posing as a British army officer.

CONSTITUTIONAL CONVENTION TO MAKE FINAL DECISION ON ADJOURNMENT

BOSTON, Oct. 19.—The constitutional convention was prepared today to make a final decision as to whether adjournment should be taken until next June. A motion that the recess should be declared, after the delegates had disposed of the initiative and referendum which is in process of being shaped, was passed yesterday, but reconsideration was immediately moved and placed on the calendar for today.

Among the many interesting memorials in Holy Trinity church, Monrovia, London, Eng., is a mural tablet upon which are carved certain stars and stripes. These are believed to have represented the American flag, when it is known that Lord Partington, to whose memory this tablet has been raised, was closely associated with the Washington family.

MEN, LISTEN!

If You Want to Wear Absolutely All Wool
Garments We Advise Buying Now

We believe that inside of six months an all wool
suit or overcoat—the kind you have always purchased at the Merrimack—will be but a memory

A meeting has been called, at the suggestion of the government, of the directors of the two manufacturers' associations of which practically all woolen and worsted mills are members. The meeting is called to consider a warning from the government, given with the utmost emphasis, as to the need of conserving the country's wool supply by increasing the use of cotton and substitutes in making cloth for civilian clothing, with the statement that those who stay at home in ease and comfort have no right to all wool clothing at the expense of the boys in the trenches, and Washington states that the manufacturers "must act at once."

WE HAVE HANGING IN OUR DUST-PROOF
CLOTHING CABINETS TODAY OVER

2500 Men's Absolutely All Wool Suits and
2000 Men's Absolutely All Wool Overcoats

MADE BY SUCH RELIABLE MAKERS AS A. SHUMAN & CO., ALFRED BENJAMIN
WASHINGTON CO., AND SAMPECK

These suits and overcoats show but a slight advance over other years and some garments, such as the Shuman All Wool Suits we are offering at \$20.00 don't show any advance at present, but duplicates will cost you \$10 a suit more. This tremendous stock of all wool wool suits and overcoats is offered now for your selection at—

\$15 \$18 \$20 \$22.50
\$25 and \$30

If you are accustomed to wearing all wool garments, we advise buying liberally from this stock.

Boys' Clothing

THE PROOF OF A BOY'S SUIT OR OVERCOAT
IS IN THE WEARING

That's why thousands of mothers buy their boys' clothing here. While mothers cannot count the exact stitches and hours saved in mending, they do know that after starting in buying their boys' clothes at the Merrimack they require far less attention.

Years of experience in selling boys' clothing have taught us the fundamental requirements for extra good wear in boys' clothes. Our suits and overcoats this season are the outcome, made especially for us according to our own standards.

EXPECT TO SETTLE COAL STRIKE

WASHINGTON, Oct. 19.—Both Fuel Administrator Garfield and President John P. White of the United Mine Workers expressed confidence yesterday that the strike of coal miners in the central competitive field of Ohio, Illinois, Indiana and Pennsylvania would be settled within a short time.

President White left last night for his headquarters in Indianapolis, where he will continue his efforts to induce the men to return to work. Despite reports indicating a spread of strike sentiment among the men, Mr. White was optimistic when he left Washington.

At the coal administration office it was said that he viewed the strike movement as sporadic, and believed that the trouble would be adjusted within a few days by an appeal to the patriotism of the men.

Pending the outcome of negotiations between President White and the miners, Dr. Garfield would not say what move he contemplated under his threat to the miners yesterday to invoke whatever power necessary to insure the working of the mines at capacity. Should Mr. White's efforts fail, however, it is understood that the fuel administration is prepared to lay before President Wilson a drastic plan for making certain an adequate coal supply.

When informed yesterday of reports from some points in the middle west that manufacturers and others were hoarding coal, officials of the fuel administration said that whenever a case was found the coal would be seized and distributed. No official reports of hoarding, however, had reached the administration.

Fuel Administrator Garfield yesterday accepted an invitation to address a mass meeting of coal operators to be held at Pittsburgh next Tuesday.

J. D. A. Morrow, general secretary of the National Coal Operators, announced yesterday that operators from the northwest and the southwest had arranged to send delegates.

200,000 TO DEMAND 20 PER CENT INCREASE

HAZLETON, Pa., Oct. 19.—Claiming they have received no satisfaction or adjustment of grievances, 200,000 anthracite miners at colliers of the Lehigh & Wilkes-Barre Coal Co., at Allentown, Green Mountain and Honeybrook struck today. The chief complaint is in reference to payment for the removal of rock. The output of the operations is 2500 tons a day.

OTTAWA, Ont., Oct. 19.—Representatives of 200,000 organized railroad workers in the northeastern part of the United States and eastern Canada decided here yesterday to recommend to their unions that they demand from their employers wage increases of not less than 20 per cent. The workers involved are trainmen, conductors, baggage men, brakemen and yardmen.

The vote in favor of the demand for increased pay was unanimous on the part of 104 chairmen of the Brotherhood of Railroad Trainmen and the Order of Railroad Conductors, who have been in session here for three days. The question will be submitted to a referendum of the members of the brotherhoods. If the increases are granted they will mean the addition of millions of dollars to the annual payrolls of about 60 cents involved.

No action was taken on the question of the payment of benefits to relatives of the members of the two brotherhoods who fall in the war, either in the service of the United States or Canada.

It was decided to leave decision to the annual convention of the two organizations. The acting president, L. E. Sheppard, of the conductors said they would continue to authorize the payments until the conventions are held.

OSTROFF'S THE LIVE STORE

Outfitters for the Whole Family
193-195 MIDDLESEX ST. Two Doors from Union Market

SAYS BERNSTORFF DID NOT KNOW BOLA PASHA

AMSTERDAM, Oct. 19.—Count von Bernstorff, former German ambassador to the United States, did not know Bolo Pasha, the Frenchman held as a spy in France, according to the Tageblatt. Discussing the Bolo affair, the newspaper says:

"In connection with the Bolo Pasha episode and the disclosures of Secretary Lansing concerning the part alleged to have been played by Ambassador von Bernstorff and Foreign Secretary von Jagow, we are informed by a competent source that the personality of Bolo Pasha was not known to von Bernstorff in Washington, inasmuch as the ambassador did not have recourse to sources in the United States which might have been at the disposal of official quarters here. It is also established that the name of Bolo Pasha was never made known to von Bernstorff and his banker intermediaries did not mention him. Consequently the passage in the alleged telegram published by Secretary Lansing in which von Jagow asked von Bernstorff 'what is new about Bolo?' is false."

"This warrants the obvious deduction regarding the trustworthiness of other details in this telegram."

The Deutsche Rundschau says mention of Bolo's name in the von Jagow despatch is "another forgery of Secretary Lansing's for transparent purposes." It adds that Bolo's name was not mentioned for the simple reason that von Bernstorff did not know that Bolo was the man who was negotiating for the Paris Journal.

Among the telegrams given out by Secretary of State Lansing on Oct. 5, was the following:

"No. 306, May 31.—The person announced in telegram 502, of March 20, has not yet reported himself at the legation at Bern. Is there any more news on your side of Bolo?—Jagow."

In the inquiry into the Bolo affair in New York early this month it was learned that Bolo had an accomplice in Switzerland, through whom he had learned the terms on which Germany would conclude peace with France. Bolo Pasha is said to have received more than \$1,700,000 from von Bernstorff to aid in carrying out his plots.

DIRECTOR GENERAL OF MILITARY RELIEF OF THE AMERICAN RED CROSS

WASHINGTON, Oct. 19.—Appointment of Jess H. Jones, a Houston, Tex., business man, as director general of military relief of the American Red Cross was announced today by the Red Cross war council. He succeeds John D. Ryan, recently appointed by President Wilson to membership on the war council, and will serve without compensation for the duration of the war.

MASS GREAT FORCES TO STOP THE ITALIANS

WASHINGTON, Oct. 19.—The Italian general staff has learned that no less than 40 divisions of German and Austrian troops have been detached from the Russian front to reinforce the Austrian army now facing the Italians.

The presence of large numbers of German, Turkish and Bulgarian troops on the Italian front also is reported, an indication of the realization by the governments of the central powers of the imminent danger of a general rout if the Italians continue their successes on the Bainsizza plateau.

Austrian officers who have been captured by the Italians freely admit the existence of this feeling of apprehension on the part of their general staff.

CHEMISTS DRAFTED INTO NATIONAL ARMY ASSIGNED TO SPECIAL WORK

WASHINGTON, Oct. 19.—Several hundred chemists, drafted into the national army have been assigned to special work under government departments and others are being withdrawn from cantonments daily. It was announced today. Army authorities were able to pick out these men with the aid of a census of all chemists within the draft age limits, arranged by the bureau of mines. A similar census has been made of mining engineers, showing age, dependency conditions, position in the draftability list and the nature of work each could do, if drafted.

DEMANDS ADMIRALTY EXPLAIN FAILURE TO PREVENT GERMAN TAKING RIGA

LONDON, Oct. 19.—The Daily Mail condemns what it calls the failure of the British fleet to prevent the German fleet from becoming master of the Gulf of Riga, and demands that the admiralty make an explanation of this humiliating display in the Baltic.

After recalling the successes of the British submarines against the Germans in the Baltic in the summer and autumn of 1915, the newspaper says:

"The Germans have accomplished all they were asked for in achieving in 1916 and they have done so without a single blow being struck at them by any arm of the British navy—a navy far stronger than was two years ago and recently reinforced by the addition of the American fleet."

AMUSEMENT NOTES

B. F. KEITH'S THEATRE
Laughter that has real pep to it is the order of things at the B. F. Keith theatre, this week. Every act on the bill, and every line of the list are things. Leading the list are the Bison City Four, who make lots of real fun, and who sing in between times. This act is a very well known Frank Crumit, the one-man show, tells stories in irresistible fashion, strums on his guitar and sings, and Eddie Carr, a Co. G. Glee club, splits comedy called "The Office Boy." Carr is surely a real funny man. Maximilian and Martini, the fake illusionists are the very essence of humor in their work, and Hanvey & Frances, who sing and chatter, have bright moments. The Three Sisters Herbert give a series of pretty dances. The picture feature of the week is "The Narrow Trail," with W. S. Hart in the leading part. The story is cast on a striking background, and the dramatic moments are tense. The Hoar-Pathe pictures also are shown.

OPERA HOUSE

The most remarkable play in recent years, is the consensus of opinion of those who have already witnessed one of the performances of "Common Clay," the Harvard prize play being presented by the Emerson Players at the Opera House. It is a play for classes and masses alike, virile, man and intensely dramatic. Its story of a girl's efforts to live down a shady past is one of the most interesting and entertaining that the local stage has offered in many seasons. One can see it to fully appreciate the cleverness of its production, and the worth of the story unfolded by the author. The heroine of the piece springs from the infinite army of workers. Her story is the true story of the sufferings, dreams and aspirations of that class. It has a strong appeal for all, and can't help giving genuine satisfaction. Miss Wellington and Miss DeWaele are seen in the principal roles, and Roy Walling and Edwin Cherry the male characters. All four portray their parts with marked ability. Next week that great story "The Man Who Stayed at Home" will be presented. This place is now playing in Boston. An all-star bill is promised for the concert next Sunday.

THE STRAND

Cowpunchers who know how to act in motion pictures are used to Harold Lockwood. Metro wonderplay "Under Handicap," which is being featured for the last three days at The Strand, in this place, played from Jackson Gregory's play made from Jack-son Gregory's play, this picture takes part in a big round-up, this picture has a laugh for every foot of film, of the picture having been actually made on the scene of a great rodeo camp in Arizona. While preparing for this picture Metro players were quartered in tents pitched on the banks of a winding stream, with a thick growth of mesquite nearby. The company had its own "chuck wagon" and cook, and the food supply was partly furnished by Harold Lockwood and others in the company who lived up to their reputations as "crack shots." One of the most exciting moments in "Under Handicap" shows Anna Little as the heroine galloping on horseback after a swiftly moving train. She leaps from her horse to the platform of the observation train. Two of the fastest horses ever used in motion pictures were employed in this scene, and on a train which Miss Little caught on the fly was traveling about 30 miles an hour. It's a great picture, and should be seen by all lovers of lively action and pep.

"Flying Colors," the added feature for the week-end, introduces William Desmond in one of his best film creations, while the comedy is one of those funny Keystone pictures that has a laugh for every foot of film. It is called "Two Crooks." The Trax-

"THE LAY OF THE ANCIENT EGG"

A "NURSERY" RHYME AND ITS PARALLEL

This "Rhyme" by E. Garfield Baker appeared in the "Boston American" May 25, 1917.

I am the Egg.
I was laid.

I'm the Hen that Laid the Egg.
I got a Place to Roost and Part of my Board.

I'm the Farmer who owned
The Hen that Laid the Egg.
I got Twenty Cents a Dozen.

I'm the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I got Two Cents a Dozen.

I'm the Express Company that Shipped the Egg
From the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I got Four Cents a Dozen.

I'm the Railroad that Carried the Egg
For the Express Company that Shipped the Egg
From the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I got Four Cents a Dozen.

I'm the Wholesaler who Cold-Stored the Egg
After the Railroad Carried the Egg
For the Express Company that Shipped the Egg
From the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I sold the Eggs for Forty Cents a Dozen.

I'm the Jobber who Passed Along the Egg
From the Wholesaler who Cold-Stored the Egg
After the Railroad Carried the Egg
For the Express Company that Shipped the Egg
From the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I sold the Eggs for Forty-eight Cents a Dozen.

I'm the Grocer who Sold the Egg
I got from the Jobber who Passed Along the Egg
From the Wholesaler who Cold-Stored the Egg
After the Railroad Carried the Egg
For the Express Company that Shipped the Egg
From the Man who Took the Egg to the Station
For the Farmer who Owned
The Hen that Laid the Egg.
I sold the Eggs for Sixty Cents a Dozen.

How true is the Story of the "Ancient Egg" as applied to the ordinary method of selling clothing.

Eighty per cent. of the clothing business of the United States is conducted on the "Ancient Egg" principle.

From the time the Garment is made until it is sold, in the ordinary clothing store, the profits are plastered on from step to step like in the story of the "Ancient Egg," and YOU pay the profits.

THE P&Q SHOP

Sell clothing on the same plan as the farmer who owns the hen, sells the eggs! AT THE TRUE PRICE.

There is no jobber—no middleman—no drummer—no credit. We own the Hen—we make the clothes and we sell them DIRECT to you through our own stores. We save you all the intermediate profits—and give you the best cloth, style, fit and workmanship at the true prices.

P&Q Clothes at \$12 and \$17 and P&Q Super Clothes at \$20 are equal to any that sell at \$5 to \$10 more in ordinary stores—put us to the test, we'll abide by your decision.

FAILURE TO GIVE GOVERNMENT FINANCIAL SUPPORT DISASTROUS AS DEFEAT IN BATTLE

SPRINGFIELD, Oct. 19.—Former United States Senator Theodore E. Burton of Ohio, now president of the Merchants' National Bank of New York, told the cotton manufacturers here today that failure to give the government financial support would be as disastrous as defeat in battle.

"National, state and municipal governments," Mr. Burton said, "are coming more closely into touch with the life of the individual. The present crisis requires extreme concentration of control and it is unlikely that there

will be a complete return to the methods of independent action that existed before the war. A new conception of political duty is demanded and all must contribute to the common welfare by earnest study of public questions and participation in politics even though the machinery of politics be distasteful."

Jacob R. Ruhl, a Mannheim, Penn., carpenter, is using a saw that was bought in 1864 and has been in use ever since.

SEC. McADOO AT DENVER
DENVER, Colo., Oct. 19.—Secretary of the Treasury William G. McAdoo, who is making a tour of the country in behalf of the Liberty loan, arrived in Denver today. He is to make two speeches here during the day and at night he will address a Liberty loan mass meeting at Colorado Springs.

Ralph Patch, aged 3, of East Walpole, Vt., planted one potato, which yielded 34 large and 4 small potatoes.

STRIKING SHIP BUILDERS ARE PATRIOTIC

PORTLAND, Ore., Oct. 19.—Proof of the patriotism of the ship builders of the Columbia river basin, and of the employers who have endeavored to cast aspersions upon the loyalty of striking ship builders in the great Columbia river basin section.

Anxious for every profit drop that might be squeezed from the nation's need, employers have refused to consider wage ideas or hold conferences with their striking employees.

Incidentally they have used what they deemed to be the timely bugaboo of slack patriotism among the workers.

With ship yards silent in the Columbia river basin, Uncle Sam pleading for his badly needed emergency fleet the organized workers of Oregon send this message to the people and the government.

"Give us the building material and we will operate the yards and build the ships for wages only. Furthermore we will guarantee the government an all round better deal than it may expect from construction under private management. We will save time and money."

In other words, Labor asks that the government commandeer the ship yards, settle a fair wage on the workers and permit elimination of unskilled, high salaried and inexperienced management.

Despite suggestions and even demands of the emergency fleet commission at Washington to ship builders in Oregon that they effect a settlement with their men, even a conference was refused.

SINISTER INFLUENCE BACK OF SCHOOL RIOTS

NEW YORK, Oct. 19.—Investigation of what he termed the "strong sinister influence" back of the strike of school children of New York against the so-called Gary system will be made by the board of education, according to an announcement made last night by Pres. William G. Wilcox, after he had received reports of rioting, during the day, in which crowds

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated, Give "California Syrup of Figs"

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach; and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of California Syrup of Figs, which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

TO PROTECT THE BANKS WHICH HELP LOAN

WASHINGTON, Oct. 19.—Secretary McAdoo yesterday issued a statement requesting bankers to report to him

Cocanut Oil Makes a Splendid Shampoo

Its creamy lather cleanses the hair, keeps scalp soft and pliable, removes dandruff, dirt, dust, excessive oil—rinses out easily and quickly. Your hair will appear very much heavier and thicker than it is—fine, silky, fresh and healthy looking—fluffy, wavy and particularly easy to dress when frequently shampooed with

Hay's Coconut Oil Shampoo

The only kind that does not dry out the natural oils or make the hair dry and brittle no matter how often you use it. Get a bottle of the genuine today at your drug store and find out why it is guaranteed to be so much better for your hair than ordinary shampoos. The Hay-Co. New York, N. Y.

the names of any persons attempting to intimidate them in connection with making subscriptions to the Liberty loan, and promising that prosecutions to the full extent of the law would follow.

The secretary's statement was prompted by reports from various parts of the country that depositors have threatened banks with withdrawals, if they subscribed to the loan. It follows:

"From several sections of the country bankers have reported to me that some of their customers have threatened to withdraw deposits if their banks subscribed to the Liberty loan. Such attitude is an intimidation made by disloyal and traitorous persons and is a serious offense against the law, for which stern punishment should be inflicted."

"I earnestly request any bank, state or national, against which such threats have been made, to report immediately by telegram or letter the secretary of the treasury, Washington, the names and addresses of the person or persons guilty of such disloyal and traitorous action and I shall see to it that they are dealt with to the limit of the law."

"I also request such banks to inform me immediately if any deposits are withdrawn because the subscription to the Liberty loan, giving me the name of the person or persons who have made such withdrawals."

Every bank in the United States subscribing to the bonds of the United States government will be protected with all the power and resources of the government. No bank shall be punished for doing its patriotic duty or assisting the government to prosecute the war to a swift and victorious conclusion."

THE MASS. BUREAU OF IMMIGRATION

The following notice is sent out by the state bureau of immigration:

The commonwealth has created for the service of its residents of foreign origin, especially those from non-English speaking countries, a state bureau of immigration.

The office of the bureau is intended to provide contact between the state and its foreign-born residents, so that each may learn more of the other and how each may be helpful to the other, and thus, through mutual co-operation, strengthen the bond of friendship and good-will which already exists.

In a strange country, speaking a strange language, meeting strange customs, and with new experiences in everyday life at home and in employment, residents of foreign birth often meet problems for which trustworthiness

COX WINS THRILLING EVENT AGAINST GEERS

ATLANTA, Ga., Oct. 19.—A world's record for 2-year-old trotters by Miss Bertha Dillon and the defeat of St. Frisco, with Ed Geers driving, by Mabel Trask, reined by Walter Cox in the 2:08 class trotting, were features of yesterday's program of Grand Circuit races at the Southeastern fair.

In the Matron stake the record was smashed. The purse was \$5851.50. Miss Dillon, lowered her own record in the second heat when she trotted the mile in 2:03 1/4. Harvest Gale pushed the winner close in this heat, finishing but one-quarter of a second back of the winner, while the former record.

Mabel Trask and St. Frisco, those two old rivals in the free-for-all trot, staged a hectic battle that required three heats.

In the first heat Mabel Trask won by a nose. In the second she broke badly on the last turn, and St. Frisco countered in an easy winner. In the third and final heat St. Frisco took the lead at the start and maintained it until the last stretch, when Mabel Trask took the lead and raced home a half length ahead.

Peter June, the favorite in the two-year-old trotting class, broke badly in the first heat and in the second heat held the lead until the stretch, only to be passed by Ruth Mainstreet, who won both of the heats.

The 2:08 class, trotting, required five heats, and even then no decision was reached. Straight Sal won the first heat, Peter Chenault the second and fifth, and Bessie and Miss Perfection were eliminated from the fifth heat by the rules. The summary:

TWO-YEAR-OLD TROT, 2 IN 2
Purse \$500.
Ruth Mainstreet, brt. by Mainstreet (Murphy) 1 2 1
Peter June, chf. (Geers) 2 3 3
Truxton, br. (Cox) 3 3 3
Time, 2:01 1/4, 2:03 1/4.

MATRON STAKE, 2-YEAR-OLD TROT, 2 IN 3
Value \$5851.50.
Miss Bertha Dillon, chf. by Dillon (Aurworthy) 1 2 1
Harvest Gale, brt. (Cox) 2 3 3
Worthy Vale, chf. (McDonald) 3 3 3
Kelly DeForest, br. (Murphy) 3 3 3
Time, 2:07 1/4, 2:03 1/4.

FREE-FOR-ALL TROT, 2 IN 3
Purse \$500.
Mabel Trask, chf. by Peter the Great (Cox) 1 2 1
St. Frisco, br. by San Francisco (Geers) 2 1 3
Mose D, br. (Whight) 3 3 3
Time, 2:04 1/4, 2:05, 2:03 1/4.

2:08 CLASS TROT, 3 IN 5 (UNFINISHED)
Purse \$2500.
Bacelli, br. by Bertini (White) 4 1 1 2
Peter Chenault, br. by Peter the Great (Murphy) 1 5 6 1
Bessie Todd, br. (McDonald) 2 6 3 4
Straight Sal, br. by Mainstreet (Valentine) 1 6 4 2 3
Bessie's Lassie, br. (Cox) 3 3 3 5 1
Miss Perfection, br. (McDonald) 5 5 2 4
Time 2:07 1/4, 2:06 1/4, 2:05, 2:07 1/4, 2:07 1/4.

POLO MAY BE RESUMED
Fred Moore, manager of the Crescent rink, will go to Providence, R. I., tomorrow to attend a meeting called for the purpose of organizing a polo league, to include Lowell, Lawrence, Fall River, Brockton, Taunton, Worcester and either New Bedford or Springfield.

The Crescent rink is an ideal place for polo, and the floor is considered one of the best skating surfaces in New England.

MIKE WRENN GETS OFFER FROM DETROIT, MICH.

Michael Wrenn, the local police officer and swimming instructor, has received an offer from Detroit, Michigan, to take charge of a big swimming pool there next summer.

The wonderful stunts executed by Wrenn, while at the local municipal swimming pool the past season, were brought to the attention of the Detroit officials and they were particularly impressed with his feat of swimming across the Merrimack river, strapped to a chair. This trick which without doubt one of the most daring ever attempted by a swimmer, was pulled off by Wrenn during the exhibitions given at the formal closing of the local pool. All who witnessed the performance were astounded, and many expressed fear that it would never be accomplished. He was tied and strapped as tight as possible, and then lifted into a boat. He was then taken to mid-stream and thrown overboard. He remained under water some time, then came to the surface, to catch his breath. The only means he had of propelling himself, was by his toes, (as will be seen in the above picture, which was taken the day he accomplished the feat). He zigzagged along, going at a remarkably fast clip, and when the other side of the river was reached, he was pulled out of the water as fresh as a daisy.

This remarkable achievement, and it has been truthfully said that there isn't anything that he will not try in the water. He is not only a trick artist, but a powerful long distance swimmer. He holds a record of swimming from Nashua to Lowell, and has won practically all the fresh water canoe and endurance events held in and around Lowell for several years.

During the past summer season,

while stationed at the local swimming pool, he and Officer Al McCann, the other instructor, taught hundreds of boys and girls how to swim, and succeeded in developing many very good swimmers.

plants have either discontinued business or reduced their operating schedule to half a day. All of the factories in New England were put on a strict day basis last week with no overtime or night work, and hundreds of salesmen were called in for the reason that many orders by mail and telegraph could not be handled.

NEW YORK, Oct. 19.—With wholesale sources of supply virtually shut off and retailers unable to get the raw material, New York is threatened with a sugar famine. Many stores have been without sugar for several days and those dealers who have a supply on hand are limiting sales to customers. Prices

have gone up and some sales as high as 16 cents a pound have been reported. Henry Moskowitz, the newly appointed city commissioner of markets, planned to meet with retailers, wholesalers and retailers today in an effort to arrive at some solution of the difficulty. Meanwhile, householders have been urged by the commissioner to practice rigid economy in the sugar supply. Many restaurants already have abolished the sugar bowl and customers are served one lump apiece.

To Curtail Supply of Candy
CHICAGO, Oct. 19.—A nation-wide shortage of sugar which threatens to curtail the supply of candy for the Christmas holidays, will be less felt in Chicago than elsewhere, according to wholesalers. The promise of relief for Chicago, it was stated today, is the result of a "gentlemen's agreement" between the western beet sugar manufacturers and wholesalers that this city shall be taken care of first.

Reports from various cities received here indicated that many suppliers are held by retailers and that in many

places dealers are refusing to sell to one pound to a customer. The sugar beet harvest is now under way in the west and the product will begin to be marketed about the first of next week. Chicago dealers expect to have shipments of the new sugar within ten days but many sections of the country, it is said, will have to wait a new crop for sixty days or more.

Sugar Eight Cents Pound
SAN FRANCISCO, Oct. 19.—The United States food administration, as reported in a telegram received here, has notified sugar manufacturers here yesterday that the retail price of sugar should be approximately eight cents a pound, plus one cent for the western states to be paid for this figure. As the retail price is regulated by law, the food administration, through co-operation of newsgatherers, is said to be preventing shortages by informing the public what the price should be.

SHIRT MAKERS SINCE 1863

Congress Working Shirts have attained the same high degree of merit as Congress Flannel Shirts.

MIKE WRENN GETS OFFER FROM DETROIT, MICH.

Michael Wrenn, the local police officer and swimming instructor, has received an offer from Detroit, Michigan, to take charge of a big swimming pool there next summer.

The wonderful stunts executed by Wrenn, while at the local municipal swimming pool the past season, were brought to the attention of the Detroit officials and they were particularly impressed with his feat of swimming across the Merrimack river, strapped to a chair. This trick which without doubt one of the most daring ever attempted by a swimmer, was pulled off by Wrenn during the exhibitions given at the formal closing of the local pool. All who witnessed the performance were astounded, and many expressed fear that it would never be accomplished. He was tied and strapped as tight as possible, and then lifted into a boat. He was then taken to mid-stream and thrown overboard. He remained under water some time, then came to the surface, to catch his breath. The only means he had of propelling himself, was by his toes, (as will be seen in the above picture, which was taken the day he accomplished the feat). He zigzagged along, going at a remarkably fast clip, and when the other side of the river was reached, he was pulled out of the water as fresh as a daisy.

This remarkable achievement, and it has been truthfully said that there isn't anything that he will not try in the water. He is not only a trick artist, but a powerful long distance swimmer. He holds a record of swimming from Nashua to Lowell, and has won practically all the fresh water canoe and endurance events held in and around Lowell for several years.

During the past summer season,

Three Hundred New Creations In The New Standard Value

The Newark SHOE for MEN \$3.50

STYLE is a matter of PERSONAL TASTE—of the 300 new creations in NEWARK Shoes, one is bound to conform to yours. Quality is a matter of FACT, which is vouched for by more than three million wearers of NEWARK Shoes.

It is this STYLE, this QUALITY, and the COMFORT that goes with every pair—is A PART of every pair—that makes for a higher Standard of Merit and Greater Value this year than ever. Buy a pair tomorrow and convince yourself that no one else can give you what we do for \$3.50

Football AT SPALDING PARK TOMORROW

Perhaps the chief element of interest in the coming football game tomorrow afternoon at Spalding Park between Lowell High and the Boston High school of commerce lies in the fact that it will afford an opportunity to local fans to compare the local eleven with Lawrence's high team. The Boston school met Lawrence's team last week and defeated them, 14 to 0. The game was a real test of the local team's ability, and the result was a surprise to many. The game is expected to be a close one, and the team will go into the game tomorrow at top-notch strength.

Although Lowell has not won a game this season her performance in the three contests already out of the way have shown real quality. She has backed up her claims to be a team and either held them to a tie or a most negligible score.

HOOVER ON FOOD PRICES
It will offer some assurance to the public that food prices are not being abused, Mr. Hoover declared today that food prices at present are far too high—a fact well known to the consumers—and that they are bound to drop from now until January 1.

"Four," says Mr. Hoover, "is selling at \$1.50 to \$2.00 a barrel higher than it should be; sugar should be sold for 8 1/2 cents per pound and the potato crop, although 59 per cent greater than last year, is now selling at a price wholly unjustifiable."

Mr. Hoover blames the retailers for this swindling the people, but he intimates that relief is coming. It is to be hoped that his prediction will be verified; but as to this we have serious doubts unless he goes along the life and deals with the offenders in a proper manner.

There is no excuse for the high price of sugar except that there was a great demand for it for canning purposes during the past few weeks. As for potatoes there is no scarcity and no justification for such high prices. The Maine farmers will undoubtedly hold their supply until they have forced up the price. They are in the habit of so doing. The food administrators are authorized law to prevent dealers and speculators from hoarding potatoes, but this is said of the farmers. They will keep their products as long as they please.

That explains why the price of potatoes is so high at the present time. The price of flour is also soaring despite all that has been said and promised. The supply of flour cannot be short thus early and hence with prices already high, the consumer naturally inquires what figure will the price reach next spring.

Hoover has certainly a great opportunity to render much needed service to the people in pulling the swindlers over the coals.

GREAT DETECTIVE WORK
The United States government has done excellent work in putting down various movements intended to paralyze the power of the nation in prosecuting the war. The first and most menacing was the German propaganda and its widespread system of bomb plotters and sabotage workers. Although this menace has not been completely stamped out, its power has been broken to such an extent that today the fragments of the system can do but little harm.

Next came the I.W.W., the leaders of which planned a great strike in the union factories, on the transportation systems, in the mines, or wherever a cessation of labor would hamper the preparations for war. The department of justice got to the bottom of these conspiracies and promptly arrested the leaders who are now awaiting trial, and many of whom, like Joe Ertor, Haywood and others, disavow any intention of wrong doing. But the government in these as in other similar cases undoubtedly has good grounds for its action.

The revelations by Secretary Lansing as to the negotiations of certain alleged patriots with the German government have also served a good purpose. Thus the elements of opposition to the war have been largely suppressed.

Now, however, Secretary McAdoo announces an effort to discredit the Liberty Loan with a view to preventing its success. The government can be relied upon to reach these offenders also, and to bring them to justice as has been done in so many other cases with a degree of detective cleverness that has astonished not only this country but the officials of all the other governments involved in the war.

KNOCKING MANSFIELD
The republican papers of the state are raising a great howl because Mr. Mansfield, the democratic candidate for governor, says if he is elected governor he will do all in his power to bring down the cost of necessities of life. The answer hurled back at him is: "What could you do?" Well, Mr. Mansfield would at least try, which is more than his opponent has done.

It would not be outside the scope of the governor's official duties to demonstrate with the federal administrators at Washington against the high prices of sugar, of potatoes, and of flour. If he did not succeed in getting the prices reduced, he would at least cause inquiry to be made as to whether these prices were due to manipulation of the supply for the purpose of private profit.

There are many instances in which prices are forced up by influences other than state control. The governor could deal with such cases in the interests of the people. We feel that Mr. Mansfield is not open to criticism for making such a statement, rather is Governor McCall to be criticized for indifference to soaring prices without an effort to find relief.

WE'VE JUST BEGUN
We gave the Kaiser and his Prussian junkers a mighty blow when we subscribed the first Liberty loan. We showed him we meant business—with money as well as men. Now we have the privilege of hitting him even harder with our subscriptions to the second Liberty loan.

The first Liberty loan victory was

magnificent, but it was only the first. After John Paul Jones had won his first great victory he said, "I have not yet begun to fight!"

Every American citizen can be a modern John Paul Jones. With his first Liberty Loan bond paid for, the second subscribed for, he can tell the autocratic war lord "I have not yet begun to loathe!"

No Halcyon victory on the western front will jolt the Kaiser as much as the unanimous yell from millions of American throats that what has been loaned our government is but a drop in the bucket to what we will do to rid the world of kaiserism.

Lowell is doing her duty and it is hoped will make a garrison finish on the Liberty Loan. The people must do their part as the government does not want to have rich men take large amounts of it. In that way they can escape various other taxes.

YEAR FROM NEXT CHRISTMAS
The war may end about a year from next Christmas. If the Allies will vary their mode of warfare. They will have to strike elsewhere than on the western front. They should push forward in the campaign in Mesopotamia, march from Saloniki into Bulgaria and cut the great railroad artery which is part of an uninterrupted line of communication from Berlin almost to Bagdad. The Allies lost several opportunities of doing this. They would have to conduct a campaign over rough country, but it would be better to do this and build a railroad as they proceeded than keep on their ineffective hammering at other points. The Allies must be ready to put into operation a thoroughly new plan of campaign next spring, one that will confound all Germany's modes of defense and call for a longer line of defense than yet provided.

THE MARKET BASKET
There has been a great cry from stores for the market basket but no store in town showed enterprise

Lemon Juice For Freckles
Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

that try to pull off the stunt of stealing Eaton's dinner box, a portion of his diet of frozen apples and ginger tea. But this story differs somewhat from Eaton's, in that it has bona fide witnesses and is well authenticated. This time Joseph E. Pennington of North street comes into the limelight, bringing with him the title of "Plymouth County Potato Vine Grower."

Mr. Pennington raised potatoes on his front lawn during the past season and from one vine raised a hill of seven potatoes which he proudly filed a neck measure. The vine from this hill measured seven and one-half feet in length and has been on exhibition, thus disproving the belief of tall vines and small potatoes. Mr. Pennington's claim to the championship in this line is well grounded, as many witnesses will testify. Next!

All Else Wanted for \$5
This is a copy of a letter received by a picture-enlarging concern:

Dear Sirs—I am sending you two photos and \$5. I want you to have this work done as perfect as possible. There is a little alteration which I want made which you will see as follows. Take the man from the single picture, which is my father, and paint him standing behind my mother which is sitting in the chair on the group picture, or put him sitting in another chair beside the girl on the same picture whichever you think will look the best to make a good picture. But I want the four persons in one big good picture. You will see that the picture has a reddish fair, please try to get the others without any of that. Also you will see that our eyes in the group picture is raised too high, please fix them looking natural, also put our

son by putting the democratic party in power in Massachusetts.

Plea to Progressives
Matthew Hale, democratic candidate for lieutenant-governor, accompanied Mr. Mansfield, and with them appeared Daniel Cosgrove of Lowell, who, in 1912, was the running mate of Charles Sumner Bird on the state progressive ticket. Mr. Cosgrove told the voters that he believed the republican party was reactionary, and he called upon all good progressives and liberal minded republicans to vote the democratic ticket in support of the president.

Mr. Mansfield said in part:

"If milk is to be 14 cents a quart, how much is going to be a pint? This sounds like a simple question in mental arithmetic, but it is not as simple as it looks. Notices have been received by the consumer that milk is to be 14 cents a quart, but \$1.2 cents a pint. The high price of milk will force many persons to take but a pint of milk, and a single pint of milk will be at the rate of 14 cents per pint, which will be at the rate of 18 cents a quart."

Chance for Consumers
Mr. Badger, in his speech last night at the Boot and Shoe club dinner, took occasion to say that the governor had been criticised for the price of milk being 14 cents. I did not say that the governor fixed this price. What I did say was, and what I say now is, that the governor, if he showed some interest in the question, could have insisted upon a public hearing where the consumers would be represented. If they were represented there would not be the dissatisfaction that is being evidenced everywhere.

"About food: The governor has had a law passed at his request giving him power to seize food, if necessary, and the means of distribution of food, since the 25th of May, 1917. He has not done anything about this for the people, although he has had this tremendous power for five months. In the meantime the cold storage warehouses are storing more food than they were a year ago, but the prices are going up. A vigorous investigation would surely lessen these prices, provided the result of the investigation was made public."

Prices Can Be Lowered
The last investigation as to the cost of food was suppressed until a certain instant, and then the whole story about the heat trust, prices can be lowered if the government wants to do it. If he cannot do

it with the tremendous power the legislature has given him, then it is time he made way for somebody who can. The war department says that sugar is a necessity of life and absolutely essential to the soldiers and to children and yet many of the large stores have made a rule that they will not sell sugar to the consumer without the expenditure of a certain amount of money for other articles. This is another tremendous hardship upon the poor people that could be rectified by the governor if he thought enough about the people to investigate."

Kobe, one of the most interesting cities of Japan, is to have an elevated railway. It will connect Fushiki and Takatori with the center of the ancient city.

Skin troubles are unsightly! Resinol heals eruptions

Only those who have undergone them can realize the mental and physical discomforts which many skin affections cause. The distressing appearance and the intolerable itching and burning too often make life really miserable. Yet Resinol Ointment, aided by Resinol Soap, generally overcomes these troubles promptly, even if they are severe and long-established. The Resinol treatment stops itching instantly.

Resinol Ointment and Resinol Soap are sold by all druggists. Why don't you try them?

BLAMES CROWN PRINCE FOR GERMAN POLICIES

BOSTON, Oct. 19.—That the crown prince and not the emperor is to blame for the present political policies of Germany, that one of our hardest problems in the war is to learn to curtail and change our food habits; and that the women of America owe it to the women of France to substitute corn and other grains for white flour in bread making, were statements made before a large gathering of city club members last evening by Dr. Alois Taylor of Washington, assistant to Food Administrator Herbert Hoover.

"The present political policies of Germany are not those of the Kaiser," he said, "but of much stronger forces. The present emperor of Germany is strongly opposed to Zeppelin raids, ruthless submarine warfare and gas attacks. But the emperor is regarded by the ruling class of Germany as a temporary misfit, and it is to the crown prince this class looks."

Dr. Taylor said the German people have given themselves over to a political machine, and while rotating their right of thought, have placed themselves absolutely at the command of this machine to be disposed of as it may wish.

"Savings and savings alone can win a war," he said, "and this is a lesson we must learn."

"There is no currency in Germany, except as a sign of barter. The money has no value. It is all fictitious. Everyone is working for the government. The single man, for example, is permitted to retain \$1.50 per week for sustenance. The rest of his salary must be deposited in a savings bank to his account. And when the government wishes to float a new loan it calls on the banks to deliver up this money, as a loan to the government from the individual to whom the account is credited."

"The United States is now almost as isolated, so far as trade conditions go, as Germany. And we are in a worse position than Germany because there is not a nation on earth that doesn't want something from us."

He stated that meat, dairy products, sugar and wheat are short this year.

"The time has come," he said, "when we must decide on one of two courses: whether we will divide the available supply equally with our allies, and reduce our own consumption; or whether we will continue as nearly as possible to consume our normal proportion, and let our allies suffer."

"Since the war began, with the single exception of wheat, we have consumed the same as under normal conditions and our allies have suffered."

He said that while we are willing to send our men to the front to aid the allies, we are not willing to cut down our daily allowance of sugar. John N. Cole presided at the dinner, which preceded the speaking. Charles F. Wood, former president of the Boston chamber of commerce, spoke on the coal situation. He characterized our blunders in coal situation as "very bad," saying it would be \$50,000,000 cost him to meet it next, but that the anthracite situation need not give concern to any one.

Charles F. Johnson, Jr., urged those present to aid the Liberty loan campaign.

ADMIRAL MAYO REPORTS TO PRES. WILSON

WASHINGTON, Oct. 19.—Admiral Mayo, commander of the Atlantic fleet, who has just returned from the allied naval conference in London, went to the White House today accompanied by Secretary Daniels, to make his personal report to President Wilson. The admiral went abroad at the president's personal direction to discuss further means of naval co-operation with the allied fleets.

SALE BY CONANT & CO. J. E. Conant & Co., auctioneers of this city, sold the real and personal properties of the Florence Co. of Florence on Wednesday and Thursday of this week, and the sale of the whole was a great success. Among the purchasers at the sale were representatives of prominent firms not only in this state but in Maine and New York. The total amount realized from the sale is believed to be more than \$42,000.

RUSSIA'S CAPITAL

Continued

raids have been carried out after the guns had prepared the way and several scores of prisoners have been brought in by the French infantrymen, who likewise inflicted notable damage while they were within the German lines.

German Attack Repulsed

The activity of the German infantry along the French front apparently was confined last night to the Verdun region. Here another local attack was made on the French lines east of the Meuse, which the French repulsed.

Heavy Bombardment

Field Marshal Haig's report from the Flanders front today gave little idea of what is occurring in this important fighting area. Only the activity of the German artillery at certain points was mentioned. Berlin's statement, however, indicates that an extremely heavy bombardment is in progress in Flanders, the area where the big gun fire is intensive taking in the front occupied by the French, near Houthulst wood on the British left flank, as well as the lines to the south held by the British themselves.

British Airmen Active

Recent reports have made it apparent that the British airmen have been unusually active, flying far behind the German lines and dropping bombs on the German formations that attempted to penetrate behind the British front, the clear weather prevailing, facilitating these important preliminary operations.

Remove Russian Capital

PETROGRAD, Oct. 19.—The government has definitely determined to move to Moscow in the very near future.

The newspapers publish an official announcement that the evacuation of the fortified port of Revel, on the Baltic at the entrance to the Gulf of Finland, has begun.

The schools at Revel have been closed. The inhabitants of the city are being sent to the interior of Russia.

Announcement that the government will move to Moscow was made by M. Kishkin, minister of public welfare.

The sailors of the main Baltic fleet are reported to be keen to fight. The ships are sent out to meet the Germans but the government is understood to have taken the position that as the enemy forces are of superior force, it is inadvisable to leave Petrograd undefended.

After the capture of Riga by the Germans preparations for removal of the government to Moscow were made. The failure of the Germans to develop their offensive after taking Riga as well as the approach of winter weather, making open campaigning impracticable, relieved the fears for the safety of Petrograd for the near future. Last week announcement was made that the preparations for transferring the seat of government had been stopped, as there was no prospect that such action would be necessary, at least for some time. The new offensive operations by the Germans resulting in the capture of Oesel and Moon islands and the threat of an invasion of Esthonia, again changed the situation, however, and may be responsible for the decision to remove the government to Moscow, the ancient capital. The turbulent political conditions in Petrograd and the presence there of large numbers of extremists and agitators may also have influenced the cabinet.

Reval, a town of about 65,000, two hundred miles southwest of Petrograd, is a naval station and, with Helsingfors and Hangö, on the northern coast of the Gulf of Finland, guards the approaches to the gulf. The landing of German forces on the Estonian coast would menace this town from the rear.

No News of Removal

WASHINGTON, Oct. 19.—Russian officials here had no despatches today on the removal of the Russian provisional government from Petrograd to Moscow.

German Raiding Party Repulsed

LONDON, Oct. 19.—"We repulsed a hostile raiding party last night east of Ypres," the British today issued an official statement. "We had no casualties."

On the battle front the enemy's artillery activity has been directed chiefly against positions in the neighborhood of the Menin road and against Zonnebeke.

Artillery Fire

BERLIN, Oct. 19, via London.—Notably violent artillery fire was kept yesterday on the Flanders front at Houthulst wood, near the Pesschendale and between Gheluvelt and Zandvoorde, army headquarters announced today.

French Cut German Lines

PARIS, Oct. 19.—The French last night attacked the German lines on the Aisne front after a heavy bombardment. The war office reports that the German positions were penetrated and that 100 prisoners were taken.

A German attack on the Verdun front, on the right bank of the Meuse, was repulsed.

British Air Raid

LONDON, Oct. 19.—Many bombs were dropped yesterday, with satisfactory result on the Varsenau air-drome. (Flanders) by naval aircraft," says an official announcement given today.

out here today. "All our machines returned safely."

Airmen Beaten Off

AMSTERDAM, Oct. 19.—Reports from Germany, published in Dutch newspapers, are to the effect that the attack on Frankfurt-on-the-Main last Friday by enemy aviators caused no damage. Several bombs were dropped, but they struck on vacant yards. The airmen were beaten off by gunfire.

RUSSIAN AVIATOR ARRIVES AT VLADIKAVKAZ AFTER FLIGHT OF TEN HOURS

PETROGRAD, Oct. 19.—A Russian aviator has arrived at Vladikavkaz after a flight of ten hours from Tiflis, across the Caucasus mountains.

USE OF COLD STORAGE EGGS AS ARMY RATIONS TO BE SUGGESTED

NEW YORK, Oct. 19.—The use of cold storage eggs as army rations will be suggested to the government. It was learned here today, by representatives of the butter and egg exchanges of Boston, Philadelphia, Chicago and New York and the Mercantile Exchange of New York. A committee consisting of one member of each of these markets plans to go to Washington with the further suggestion that the federal food officials fix a price which would be on the usual basis of cost plus 10 per cent.

SEC. LANE BETTER

WASHINGTON, Oct. 19.—Secretary Lane, forced to cancel his Liberty loan speaking trip yesterday because of a heavy cold, was reported much better today and probably will be at his desk in a few days.

MATRIMONIAL

Robert J. Keeler of this city and Miss Louisa R. Richardson were married on Wednesday at the home of the bride's mother, Mrs. Joseph H. Richardson in Second street, Chelmsford, the officiating clergyman being Rev. E. A. Robinson of the Central Congregational church. The bridesmaid was a sister of the bride, Miss Adeline Richardson, while the best man was Walter E. Cunningham of this city. After an extended honeymoon the couple will make their home in Dracut street, this city.

Brown—Merrick James H. Brown and Miss Ellen C. Merrick, both of Forge Village, were married Wednesday at St. Catherine's church by the pastor, Rev. Charles P. Heaney. The best man was a brother of the groom, John P. Brown, while the bridesmaid was a sister of the bride, Miss Mary Merrick. At the close of the ceremony a wedding dinner was served at the home of the bride's parents.

St. Peter—Wilkes Miss Helen Wilkes and Mr. Frank St. Peter were united in marriage Tuesday evening at seven o'clock at the parochial residence of Notre Dame de Lourdes church by Rev. F. Lamotte, O.M.I. They were attended by Mr. and Mrs. William St. Peter and were the recipients of numerous wedding gifts. After November 10th, Mr. and Mrs. St. Peter will be at home to their friends at 1220 Middlesex street.

NEW RULE FOR ARMY PROMOTIONS

WASHINGTON, Oct. 19.—The historic seniority rule for army promotions was formally set aside today as governing promotions in the national army and national guard. Officers of either the regulars, the guard or the national army are held to be equally eligible for temporary appointment or promotion, which must be "based solely on demonstrated fitness without regard to seniority."

The new regulations make officers interchangeable within their own arms and grades in the service. Stress is laid upon the desirability of promoting men within the unit in which a vacancy occurs where this is advisable. In naming second lieutenants, commanders may select non-commissioned officers or officers of the reserve corps as they deem best.

BIRTH CERTIFICATE SHOWS HENRY W. JONES WITHIN THE DRAFT AGE

BOSTON, Oct. 19.—What purported to be a certified copy of his birth certificate, obtained from his old home in England, showing he was within the draft age, was introduced by the government today at a hearing in the case of Henry W. Jones, a telegraph operator at Attleboro, charged with failure to register as required by the president's proclamation. Jones was released in \$500 bond for a further hearing on Nov. 2.

The local draft board reported that Jones presented an affidavit signed by his father, setting forth that he was over 31 years of age. The matter was reported to federal authorities who wrote to England for verification. According to the copy received here Jones was born May 2, 1880, which would make him under 30.

WITCH BRAND FLOUR Special\$1.75 Bag

FIND REMEDY FOR POISON GAS

NEW YORK, Oct. 19.—Sir Berkeley George Andrew Moynihan, England's senior consulting surgeon on the battle front and a specialist on abdominal operations, arrived at an Atlantic port yesterday and will go therefrom to Chicago to attend the Clinical congress which will open on Monday. He also will assist the United States Army Medical Corps in its war work. Sir Berkeley said the war had produced wounds almost unique and that surgical genius had been taxed for remedies. He will read at the Chicago meeting papers giving his experience with abdominal wounds and their treatment. He is inspector of the British army hospitals in France and has been devoting some attention to the new poison gas introduced by the Germans.

Sir Berkeley said the new gas is colorless, with a mustard-like odor, and that it rapidly produces open wounds and poisons the blood. It is penetrating and is discoverable only by the odor. The medical and chemical experts of the allies have found a remedy for the gas.

England greeted enthusiastically the decision of the government to make reprisals for Germany's air raids. Sir Berkeley said, but he is inclined to minimize the effect of German air activity, which he suspects claims fewer victims than the London bombs in a year. He spoke hopefully of an early termination of the war, basing his optimism on the ability and activity of Gen. Haig, a close personal friend, and the new American army.

FIRE FORCES DANISH SHIP INTO PORT

ST. THOMAS, VIRGIN ISLANDS, Oct. 19.—The British ship *Danish*, a steamship, from a port of the United States for Montevideo, put in here today with her cargo afloat.

FORMER KING OF GREECE IN SERIOUS CONDITION

PARIS, Oct. 19.—A Zurich despatch to the *Matin* says the old wound of former King Constantine of Greece has reopened and that an operation was performed at the Sauerbruch clinic in Zurich yesterday. His condition is said to be grave.

Two operations were performed on Constantine in 1915, the first not having resulted in healing of the wound, and for a time his life was despaired of. Reports were current at the time that he had been stabbed, but they were denied and it was said he was suffering from pleurisy.

TWO RUSSIAN INFANTRY REGIMENTS CAPTURED

BERLIN, Oct. 19.—via London.—Two Russian infantry regiments totaling 5000 men were captured on Moon Island, in the Gulf of Riga, it is announced officially. The island is now completely in possession of the Germans.

MEXICO OUR FRIEND, SAYS OBREGON

NEW YORK, Oct. 19.—Mexico is no harbor for Germans who are plotting against the United States, Gen. Alvaro Obregon vehemently asserted yesterday. Until May 1 last he was secretary for war in Carranza's cabinet. Gen. Obregon, now at the Hotel Astor, where he will remain a week, denounces any and all stories emanating from Mexico which bespeak that country's hostility to the United States.

"All talk about submarine bases, wireless outfits or a widespread German propaganda in Mexico is pure fiction," Gen. Obregon said. "Our country is too busy rehabilitating its fallen fortunes and working out its own destiny to permit any such plots to find hatching ground there. The people generally are friendly to the United States."

"Several newspapers published in my country have sought to spread or create the impression that it would be to Mexico's interest to cast its lot with Germany and betray about the downfall of the United States. But the government has been quick to put a quelling on such publications, which never met with popular favor."

Gen. Obregon said Villa, the revolutionist, is now in the Durango mountains, closely pressed by the army of Gen. Alvarado, and that his capture is imminent.

Asked what would be the fate of Villa when captured, the general raised the stump of his right arm, shot away by a bullet from a Villa gun, and vehemently exclaimed:

"He will pay with his life for all the outrages he has committed."

Conditions in Mexico are fast becoming normal, Gen. Obregon said. Already new capital is being interested and new enterprises are starting up every day. He said many manufacturers and promoters of mining interests are returning to their old fields and that it is only a question of time when the revolution will have become a memory.

Gen. Obregon denied there was any break between himself and Carranza. He said he had served long and faithfully and that now it was imperative he should withdraw from public life and devote his time to his farming interests in Sonora.

He will go to West Point tomorrow. This trip will complete a tour of the army posts he has made in his transcontinental trip. He arrived in lower California three weeks ago.

Many dinners have been arranged in honor of the Mexican soldier since his arrival here yesterday. Until he departs for Washington, he says, he expects to give himself up to the gaieties that New York alone can provide. The theatres, he said, appear most alluring. He already is deeply impressed by the beauty of the New York women, although he contends that Mexico is still famed for its own women.

Gen. Obregon is accompanied here by Baldomero A. Almada, general purchasing agent of the Mexican provisional government, with headquarters at Los Angeles.

ALLIES TO MAKE PRES. WILSON LEADER

WASHINGTON, Oct. 19.—In advance of definite news concerning the prospective inter-allied war conference in Paris there is a well defined movement under way here in extensive diplomatic circles to emphasize the necessity of President Wilson becoming the recognized leader in all future matters of general policy with respect to the war.

The general idea seems to be for the entire nations to maintain leadership on all matters of a military nature, but to regard the United States as the logical leader on matters pertaining to war aims and basic principles involved in the struggle of democracy.

It is pointed out that distinct and far reaching advantages to the common cause would accrue as a logical consequence. Among them are the following:

1. The more or less contradictory statements of entente statesmen as to war aims would be crystallized into a well defined formula already made clear by President Wilson.

2. Immediate and important beneficial effects would flow to Russia, now torn between rival factions quarreling over interpretation of war aims.

3. The German government's contention before its own people that their enemies were waging a "war of conquest" would fall to the ground.

4. Efforts of the United States and the entente to weaken the allegiance of Germany's allies to the Prussian military cause would be greatly facilitated.

5. It is stated here that recognized leadership of President Wilson would be a distinct benefit to Russia at the present critical moment. It is an open secret that President Wilson's policy toward Russia had much to do with saving the situation.

Russia apparently places absolute faith in the principles for which President Wilson is fighting and is ready to fight on to the end for the consummation of these policies. It is therefore regarded as of the utmost importance to Russia to have it understood that the president is at the helm practically, as well as theoretically, in guiding the war aims of the nations against German autocracy.

It is also explained that the United States, not being at war with Austria-Hungary, Turkey or Bulgaria, is in a position to assist toward winning these already wavering nations away from the German war cause. The importance of this phase of the international situation is fully recognized.

On matters of military policy the United States will necessarily continue to occupy the role of assisting the entente allies not only in the matter of men and munitions and ships, but in questions concerning all manner of supplies and food, but it is probable that a distinction will be drawn between the military and political aspects of the situation from now on.

At the Paris U-Boat Drive

Rome despatches today announce that the parliamentary missions of England, France and Italy have met at Montecitorio, Italy, preparatory to the general interparliamentary conference.

It is stated here that recognized leadership of President Wilson would be a distinct benefit to Russia at the present critical moment. It is an open secret that President Wilson's policy toward Russia had much to do with saving the situation.

Russia apparently places absolute faith in the principles for which President Wilson is fighting and is ready to fight on to the end for the consummation of these policies. It is therefore regarded as of the utmost importance to Russia to have it understood that the president is at the helm practically, as well as theoretically, in guiding the war aims of the nations against German autocracy.

It is also explained that the United States, not being at war with Austria-Hungary, Turkey or Bulgaria, is in a position to assist toward winning these already wavering nations away from the German war cause. The importance of this phase of the international situation is fully recognized.

On matters of military policy the United States will necessarily continue to occupy the role of assisting the entente allies not only in the matter of men and munitions and ships, but in questions concerning all manner of supplies and food, but it is probable that a distinction will be drawn between the military and political aspects of the situation from now on.

At the Paris U-Boat Drive

Rome despatches today announce that the parliamentary missions of England, France and Italy have met at Montecitorio, Italy, preparatory to the general interparliamentary conference.

STRIKE OF 7000 CALLED OFF

EAST LIVERPOOL, O., Oct. 18.—Edward Menge, president of the National Brotherhood of Operative Pottery, today called off the strike of some 7000 workmen in the general ware potteries in the United States and Canada. The workmen, it was stated, would return to the potteries next Monday, an agreement having been reached on the wage demands made sometime ago.

KAISER'S JOURNEY STEP TOWARD PEACE

ZURICH, Switzerland, Oct. 18.—"The journey of Emperor William and Foreign Secretary von Kuehlmann should be regarded as in a certain sense a preliminary step toward peace," says the Neueste Nachrichten of Munich. "The emperor's conversations at Sofia and Constantinople certainly mean the examination of every possibility on that direction, although it would be a mistake to conclude that the decision might embody concessions in the nature of a program of annexations by the enemy. The peace by conciliation which we desire has nothing in common with that of Lloyd George and Asquith."

SWEDEN TO SEND STATISTICS

WASHINGTON, Oct. 18.—Axel R. Nordvall and Dr. Hjalmar Lundbohm, Swedish commissioners now in Washington endeavoring to arrange for shipment of foodstuffs and other goods to Sweden, have requested the Swedish foreign office to send by cable the statistics asked for by the United States war trade board regarding consumption, production, export and import. The information desired is contained in the mail pouches seized by British authorities and now at the British embassy here. It was said today it was uncertain when the pouches would be released. Efforts of Swedish officials here to communicate in code with their government have been unsuccessful, the message apparently being held up somewhere enroute. State department officials today disclaimed knowledge of the holding up of Swedish code messages. The Swedish commissioners have decided to use plain language for their messages instead of code and expect to receive in that way the statistics wanted by the United States. Credentials for Dr. Lundbohm also will be cabled to him.

INTERRED GERMAN CREW ESCAPES NEAR MADRID

FERROL, Spain, Oct. 14.—The commander and sixteen sailors of submarine UB-23, who were interned with German refugees from the Kamerun, near Aloala de Henares, northeast of Madrid, have escaped. The second officer in command of the submarine and the six remaining sailors, have been placed under close guard. The UB-23 put into Coruna, Spain, in a damaged condition on July 30, and later was dismantled and interned in conformity with King Alfonso's decree of June 30, under which submarines of all belligerent powers were forbidden to navigate within Spanish territorial waters or to enter Spanish ports. On October 8 it was announced from Madrid that a German submarine that had been interned at Cadix had escaped. The Spanish government, it was stated later, had instituted a court-martial to deal with the affair and had taken measures to punish Spanish naval officers in immediate charge of the interned vessel.

GUILTY OF SECOND KILLING
NEW YORK, Oct. 18.—Henry Devine, a saloonkeeper, who shot and killed Timothy Kerrigan, a bartender, July 4, pleaded guilty to manslaughter in the second degree when arraigned yesterday before Judge McIntyre in part 3, central sessions on an indictment charging murder in the first degree. The plea was accepted and sentence will be imposed today. When the bar Judge McIntyre recognized him as a man he helped to convict of murder 2½ years ago, when he was an assistant district attorney. Devine was sentenced for life and served 2½ years of the sentence, being released on parole about two years ago.

TWO WOMEN OVERCOME AT LIBERTY LOAN MEETING IN NEW YORK

NEW YORK, Oct. 18.—Several women were overcome when they were jostled in the crowd attending a Liberty loan meeting on the steps of the United States sub-treasury building here today. They were removed to the offices of J. P. Morgan & Co. across the street, where they were attended by hospital doctors.

BUT YOUR HONOR - THERE WAS NO TAXI DRIVER AROUND!

"GUILTY!"

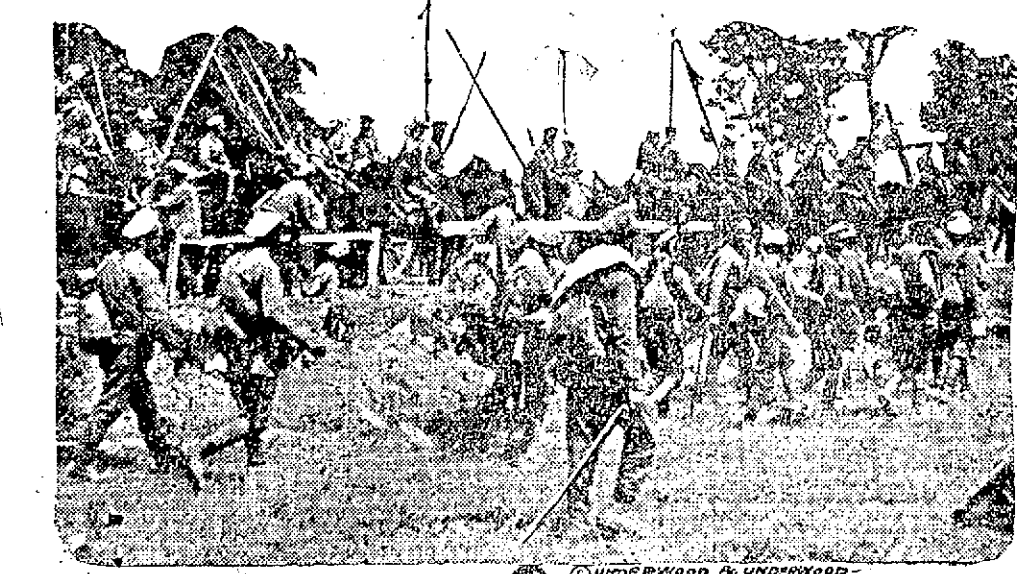

OVER THE ALPS LIES AUSTRIA

So far as natural obstacles are concerned, the most spectacular fighting of the war has been that of the Italians along the Austrian front. Here in the Alps General Cadorna's heroes have pressed forward or upward over such terrain as this, dragging their artillery and baggage with them. The photograph shows a field gun being hoisted up a mountainside by a small derrick. From shelf to shelf it is lifted step by step, soon to thunder against the Austrian defenses. Some of the soldiers have ridden on the gun half way up the cliff, and can be seen scrambling across to the rope ladder to climb up and help lift the piece of artillery.

OIL GENIUS GIVES U. S. GREAT WAR FUEL PLOT TO WRECK U. S. TRANSPORT FRUSTRATED

SAN FRANCISCO, Oct. 18.—One of the great contributions towards winning the war has just been made by a hitherto obscure chemist of San Francisco, whose process for refining gasoline from crude oil, just discovered and offered to the government without compensation, is said to increase by twelve times the amount of gas recovered from the crude. The chemist is Frederick Kormann, who has just returned from Washington, where Secretary of the Interior Lane accepted his process for the government after careful tests had checked up his claims. Together with his wife, who has learned chemistry by his side that she might help him with his experiments, Kormann has perfected his formula since the United States entered the war. He has also been working upon gasoline substitute, a chemical treatment of water which forms a water gas. He is offering that as well to the government. "This process simply means the perfection of a method of making a larger volume of efficient motor spirit, which may be used in every way that gasoline now is used—for transportation, for airplane work, for all of the innumerable purposes to which gasoline is put," said Kormann. "There will be extracted by this process from every barrel of crude oil or 42 gallons, fifty-two per cent. of gasoline. It will utilize the waste now useless for gasoline not only with the California oil where the large kerosene content is not available for motor fuel. "The process converts this waste back into motor spirit, processed and treated chemically, so that the entire barrel of crude oil yields gasoline, kerosene and a gasoline with a great deal more efficiency than the present process. The process can be operated much more cheaply than the present method, and the ordinary plant now used can easily be made adaptable to the new method. "Under the present method of treatment the average of California crude oil does not exceed 6 per cent. of gasoline. In fact that is a very large maximum estimate of the amount produced. On California crudes the process will increase the output twelve times. Really the majority of California crude oil carries not more than 2 or 3 per cent. of gasoline by the ordinary distillation process. "Now the waste so far as the output of gasoline is concerned is in the distillates, the kerosenes and stove

TURN OF THE TIDE IN RUSSIA'S RE-TREAT—AND PERHAPS IN THE WAR

This picture shows the epoch-making scene of one of the crises of the great war. It portrays the juncture of Cossack reinforcements with the Russian army retreating in disorder in Galicia. By regiments the Russians had thrown away their arms and were fleeing with only their blankets and such rations as they had. The Cossack divisions saved the day for democracy, reformed the Russian army and again set its face against the Germans, who have since made no headway on this front. are caused by faulty eating and drinking. They are not to be taken lightly, however, on that account. While of no more immediate effect than the inconvenience of pain and the temporary loss of working efficiency, headache symptoms give warning that if the faulty habits in diet are not corrected, there will surely come the day when the balance of health will show an overdrawn account and ultimate bankruptcy. Hardening of the arteries, liver and kidney impairments, premature old age, are the consequences for this neglect which ultimately claims life itself to even up the score. Eye trouble is another fruitful cause for headaches. Heart and kidneys may be responsible in other cases, as may be nervous disorders of various kinds of constitutional diseases. To determine which of these causes underlies the headache, requires skill of the trained physician. Particular warning must be sounded against the indiscriminate use of so-called "headache remedies." Not only do these remedies usually fail to reach the real cause of the headache, but they frequently lead to the formation of dangerous drug habits and not uncommonly do they become the cause for serious injury to health, and death from heart failure.

My! How Simple!

Every experienced housekeeper readily concedes and desires the advantages of having ONE range that operates successfully with ALL fuels—coal, gas, or wood—all with the same oven. But many could not understand how this remarkable combination could be built in a manner so simple and safe as to be quickly understood and easily operated by anyone in every-day use. How well this has been accomplished in the Round Oak 3-Fuel Combination Range, is evidenced by the praise and commendation it has received from the hundreds who have visited our store during this demonstration; and more particularly by the number who have arranged to have them installed immediately. Here is a proved, successful range that not only anticipates all seasons by burning all fuels, coal, gas, and wood—but that saves space in the kitchen, and that costs considerably less than the two good and complete ranges it represents. You should know of the added convenience, comfort, and economy its use would assure. Make it a point to stop in tomorrow and see the lady from the Round Oak Factory at Dowagiac, Michigan, actually operating it—first with gas, then with coal, and both together. She welcomes the opportunity of showing you its distinctive advantages.

Special Inducements to those who choose Round Oak 3-Fuel Combination Ranges during demonstration

LIBERTY LOAN SANCTIFIES AMERICA'S WEALTH

Written for the Lowell Sun by
HERBERT QUICK.

Former Staff Writer Who is Serving His Country as a Member of the Federal Farm Loan Board

Money used to save liberty to the world becomes sacred. The Liberty loan is money devoted to that great cause. Constitutional liberty was born in England, and was transplanted in America by our forefathers. Our history and England's are the same down to 140 years ago. The abstracts of title to our liberties run back to Wyandott, John Ball, Jack Straw, Wat Tyler, King Alfred, John Pryn, John Hampden, Oliver Cromwell, John Milton, Robert Bruce, William Wallace and to Magna Carta and the petition of right.

The defeat of the Spanish Armada, the victories of the parliamentary armies, the parliamentary triumphs of Pitt, Fox, Burke and Barre are as much our victories as those of the people of the British Islands. The democracy built up in the British Isles is our democracy. Our titles to our liberties, the validity of our government is on trial in the trenches today.

A hundred and forty years ago through France's aid we formed our own separate government for the administration of our share of this liberty. Since that time we have been engaged in the great task of developing it, and to the best of our imperfect ability perfecting it. It is a long look from Magna Carta to the constitution.

STORE OPEN TONIGHT

Our Friday Night Three-Hour Specials are now money savers. Read our advertisement on another page in this paper and see how much you can save tonight from 6:30 to 9:30 at the Merrimack Clothing Company, across from City Hall.

ASTHMA SUFFERERS

I will send you a \$1.00 bottle of my Guaranteed Remedy for Asthma, on trial. Send no money. Pay after taking, if satisfied. Remedy gives quick relief. Has cured many after everything else failed. It is sold near every express office. Address: George D. Hoover, Mfg. Pharmacist, Dept. 364, Des Moines, Iowa.

al conventions of Illinois, Massachusetts and North Dakota, to the initiative, referendum and recall in California, but the latter rest on the former. So the ship-money struggles of the British kings and the new tariff board in Washington seem remote from each other, but the one is descended as directly from the other as are the laws of Kansas from the British constitution.

For 146 years we have been getting much money in America. We have had the greatest opportunity ever vouchsafed any people to amass riches. We have had freedom, democracy, and a virgin continent at just the time when commerce has been spreading over all the earth by steam and electricity.

We have gained the reputation of being money-grubbers. We have been suspected of being devoted to greed rather than patriotism. For three years we drew to ourselves a stream of wealth greater than any people ever received before. The rest of the

HERBERT QUICK

world was being drained dry, starved thin, and bled white; but we waxed richer and richer. This has been called filthy lucre, undeserved affluence.

And now arises the supreme opportunity of all our history. We suddenly find ourselves in the position of trustees to all this wealth, and in no sense its owners. Destiny has been very good to America; Fate has made us the richest people on earth, the hugest reservoir of industrial power the planet ever bore. The rest of the world and some of us have thought that destiny meant to let us get away with all this plunder; but it is not so. God knew better all the time. It belongs to liberty, and not to us. Britain, the mother of our liberty, and France its godmother have been sending it to us for three years, to be held in trust for their supreme hour, and for the extreme hour of democracy itself.

It must go back! To keep it would give us a picnic victory, but it would kill the nation's soul. We are vouchsafed the privilege of proving that our hero is not Alibi but Hero. The Liberty loan means the sanctification of America's wealth. To the great chancery of the God of battles we shall go with hands full, and come out with hands clean. Thank God for that!

GRAND OPENING OF THE NEW TALBOT STORE

The appreciative element of Lowell people—an almost innate quality—was rewarded yesterday afternoon and evening by one of the city's firms whose years of experience with Lowell character have stabilized its confidence in the people of the city.

The Talbot Clothing Company has lived—for that is the word—in Lowell since 1881. It has grown with the city and knows its intricacies and peculiarities of character just as one knows the intimate qualities of a bosom friend. Talbot's is an old resident and enjoys all the respect and confidence which such a circumstance demands.

Yesterday was the occasion taken to repay in part the good feeling which the city has bestowed upon the firm. Last July, there came a period in the career of Talbot's which may well be termed a renaissance. There was a rebirth of the spirit of enterprise and there developed as a result a new store. Yesterday, the new-born was introduced to the public.

Thousands of Lowell people have passed the store daily for the past few months and they were reasonably sure of what the renovated building looked like. But upon visiting it yesterday they were given a pleasant surprise. Talbot's looks good from the outside but it's better within. Visitors yesterday walked about the isolated display windows—each one seemingly detached from everything else but, nevertheless, forming a symphony of color and unity which seemed the work of a master hand. They walked and admired and walked again. The windows had been decorated by T. Jefferson Coombs, manager of windows, and it seemed that Mr. Coombs had been able to send the theme of the architects and decorators of the mechanical structures and had in harmony with them added the interior touches of color and setting. Night came on and the effect was heightened. Soft blue light, best display and brought out the purest tones of the various garments and furnishings. This lighting method is almost unduplicated.

Then one entered the store. Strains of soft music, brilliant yet not harsh lights, and pervading flowers with the one feel that even the spirit of com-

soothing chrysanthemum predominated, were the initial greetings received. There were many in the store—crowds—but there seemed to be abundant room for all. There was a crowd but no crowding.

Then one was escorted by Charles R. Talbot, founder and owner of the store, to the various departments where the department managers explained the novelties of their respective sections of the store. Or if Mr. Talbot was busy, Warren R. Stone, president of the company, or Cumer Talbot, vice president, undertook the pleasant duty. One first met Charles D. Slattery, manager of the clothing department, who explained in his inimitable manner the triple mirrors, modern equipment for displaying clothing, and the fixtures finished in quarter oak. He introduced you to his assistants, Martin L. Kirkeby, Arthur Wellbrenner, Oliver Beauregard and James Sheehan, all experts in the clothing line.

And then the children with him or for any other reason was especially interested in the children's department. Mr. Slattery brought them to Thomas A. Belmont, manager, and the latter or his assistants elucidated the features of the youngsters' department, a section which has effect of the renovation, one met Oliver Dessauins, Grant Miller and the other members of the force, who showed the new cases for displaying goods, the invisible storage space in rear of the counters and the many other novelties of the department.

And then the hat department—universally admitted the most exacting portion of any clothing store—was visited, and the same improved fixtures and equipment noticeable in the other departments were on hand here. James R. Smith is the director and his success, immediate upon his entering the firm, has continued unabated.

Other members of the store force to welcome the visitors were Edward Lupien, George Sheehan and Geo. Greenlaw. After one had inspected the store and experienced the wonder attendant thereupon, the next step was to listen to selections from the capable money for quiet under the direction of Ed. Handley, or to take in the sweet voice of John J. Dalton's voice or listen to selections by Broderick's orchestra. A stage had been erected in the rear of the store and faced directly the entrance.

The patriotic element was visible everywhere but probably predominant in the elevated office at one side of the building where a large Old Glory impended. This formed a fitting touch to the whole scheme. And then in the windows tastefully dressed appeals for subscriptions to the Liberty loan made one feel that even the spirit of com-

merce cannot obliterate that of patriotism.

And then there were flowers—all kinds, and potted plants to add a touch of beauty.

Although the weather was not of the best, thousands of people visited the store and congratulated the officers and clerks on the success of the occasion. A bit of merchandise was sold. In the afternoon, tea was served and in the evening line beside Mr. Talbot were Mrs. Warren R. Stone of Brookline, Mass., assisted by Miss A. Jeanette Goodell and Miss Margaret Currier of Lowell, Mrs. Dorothy Talbot Allen and Miss Eleanor Hunt of Brookline.

In the evening many out-of-town people, prominent in the clothing business, attended, and traveling men who happened to be in town or nearby dropped in and said it was the best yet. And traveling men ought to know. A pleasant feature of the evening was the visit of the employees of the Continental clothing store of Boston, which is under the same management as Talbot's. There is nothing like the Talbot store in the East. In the west the idea originated, but its full development was left to the Lowell firm. No other store in the country with the same amount of frontage has even approached the local firm. It is unique.

MANSFIELD'S NAME FIRST ON BALLOT

BOSTON, Oct. 19.—The name of Frederick W. Mansfield, democratic candidate for governor, will be placed on the official ballot ahead of that of Gov. Samuel W. McCall, the republican nominee, under a ruling of the full bench of the supreme court today. The ruling was on a petition for a writ of mandamus filed by Mr. Mansfield against Secretary of State Albert F. Langtry, who has charge of the printing of the ballots.

LOWELL MAN HONORED BY STATE ASSOCIATION

At the annual convention of the Massachusetts Police association held in Taunton Wednesday and yesterday, Patrolman Edward F. Flanagan of this city was re-elected a member of the executive board by the largest vote received by any member of the board.

The news of Mr. Flanagan's election and the flattering vote accorded him was welcomed by his fellow officers in Lowell, for they all appreciate the faithful and efficient work accomplished by him along the legislative

EDWARD T. FLANAGAN

line during the last 14 years. He made himself familiar with all legislation having to do with the police and he used logical arguments to good advantage. Mr. Flanagan is justly proud of the vote which he received, especially in view of the fact that he did not collect any votes. It was an out and out appreciation of his ability as an executive officer.

Deputy Chief James Cash of Taunton was elected president of the association and other officers elected were as follows:

Deputy Chief Thomas McMurray of Worcester, vice president; Capt. James M. Keane of Cambridge, secretary; Charles W. Allen of Somerville, treasurer; James E. Maher of Malden, sergeant-at-arms; Chief William P. Dinneen of North Adams, Michael McDermott of Fall River, John H. Shaughnessy of Newton, Benjamin P. Wright of Lynn, Edwin C. Holbrook of Springfield, James A. Philbrick of Metropolitan Park police, Edward F. Flanagan of Lowell, Albert I. White of New Bedford, William J. Armitage of Weymouth, executive committee.

The legislative committee, includes Capt. Henry T. Ryan of Haverhill, Michael A. Barry of Lawrence, John W. Roberts of Cambridge, William E. Hackett of Pittsburg, Fred A. Wentworth of Everett, William B. O'Connor of Chelsea, George S. Randall of the Metropolitan Park police, Michael P. Sheehan of Worcester, Michael J. O'Driscoll of Springfield, Joseph A. Sanders of New Bedford, Bernard H. Flaherty of Pittsburg.

Before yesterday's session the delegates were given an automobile ride around Taunton and to the State farm at Bridgewater and the plant of the Mt. Hope Finishing company in North Dighton. A buffet luncheon was served at Elks hall on their return.

LOWELL REPRESENTED AT WAR CONFERENCE
Special to The Sun
STATE HOUSE, Boston, Oct. 19.—Lowell was well represented at the war conference of the New England governors which was held yesterday in the senate chamber of the state house. James Crowley Reilly, president of the Lowell board of trade, was among those who entered the councils to urge that

the manufacturers of Lowell and other large manufacturing centres of New England receive adequate supply of coal to keep the wheels of industry moving and the people at work.

Fred Horne of the Fibre Coal company; Herbert J. Ball, efficiency engineer of the Lowell Textile school, and Louis S. Smith, also of Lowell, were present at the conference, voting affirmatively for the resolution drawn up by a committee headed by Senator Henry Cabot Lodge of Massachusetts.

The resolution pays a tribute to the efforts of the United States fuel administrator and the priority authorities, from the highest to the lowest, to "do all in their power to give to New England, as soon as possible, the necessary and most urgent relief in regard to coal demanded by present conditions."

"New England normally carries two-thirds of its soft coal by water and one-third by rail," said James J. Storow of Boston, New England fuel administrator, in addressing the conference. "Even if the coal situation is not improved, it will soon be cut down at least 25 per cent by winter storms and cold weather."

The capacity of the coal carrying fleet, he said, likewise be cut down at least 25 per cent by winter weather. New England's coal problem is quite a much one of transportation as of securing the coal. New England goes into January with six millions of tons short, an indication pointing out that this not only cannot be made up but will inevitably rapidly grow worse owing to lack of transportation facilities."

One of the most interesting addresses of the conference was delivered by George E. Crawford of Bridgeport, Conn., president of the chamber of commerce of that city. He said that the people of New England had only begun to suffer. We don't know what real suffering is yet. In Paris coal has sold as high as \$12 a ton. Since the outbreak of the war, he said, thousands of women pick up bark chips along the parkways for use as firewood and hardly an elevator is running in London or Paris. Only once a week is allowed to hotel guests in Paris. All this is done, he explained, for the purpose of conserving coal which otherwise might be used to generate power.
